Message from the CFO

The FY 2017 proposed operating budget allocates available funding to the University's current operations for the fiscal year beginning July 1, 2016 and ending June 30, 2017. It is the result of input from hundreds of dedicated faculty, staff, students and citizens involved in setting priorities for the University's campuses, colleges, and institutes across the state of Tennessee.

This will be the second year of Dr. DiPietro's program to achieve long-term financial sustainability. Each campus and institute is reallocating resources to reduce a future funding gap which was originally projected to exceed \$377 million by FY 2024-25. Efforts include voluntary retirement incentives, eliminating low priority programs, administrative efficiencies, alternative revenue sources, and innovative student recruitment programs. As a result, tuition increases have been held to the rate of inflation for the second year in a row. The maintenance fee for in-state undergraduates will go up by only 2.2%, the lowest increase since 1984.

We are grateful for the support of the Governor and General Assembly during this year's appropriations process. The state's budget includes funding to recognize the strong productivity gains made by UT's three "formula units" (Chattanooga, Knoxville, and Martin), evidence that UT's strategies to improve student success and completion are making a difference. UT's non-formula units received funds to help offset inflation, provide salary increases, and expand programs. Newly funded programs include a UT Martin higher education center in Somerville, property assessment consulting for counties by the Institute for Public Service, and a dairy specialist position in Extension.

UT will receive state funding for capital projects and capital maintenance. This includes \$63.1 million for the UTC Academic Classroom Building renovation and the Health Science Center Dentistry Faculty Practice/Research Building. The state will provide over \$29.3 million for six capital maintenance projects.

The legislative session was not without its challenges. The state moved away from its long-standing practice of providing salary pool funding for higher education similar to that budgeted for other state employees. Some UT units did not receive adequate funding for their proposed FY 2017 salary plans and will make budget reductions to offset the shortfall. The Knoxville campus was forced to eliminate all funding for its Office of Diversity & Inclusion during FY 2017. This damages a vital component in an area of growing importance and represents an unprecedented intrusion into operational decisions normally entrusted to the administration and Board of Trustees. Continued advocacy efforts are planned to develop understanding and support around these issues.

While state appropriations did not include full funding for salary increases, UT will use a combination of state funds, budget reallocations, and fee revenues to fund a 3% salary increase pool. Each campus and institute has developed plans consistent with its long-term compensation strategy.

Revenue and expenditure data for each operating unit are provided in this budget document. Also included are detailed schedules on tuition and fees. A separate publication containing detailed supporting schedules is available in printed or electronic format.

Respectfully,

James R. Maples
Interim Treasurer & Chief Financial Officer

Overview

The University of Tennessee FY 2017 proposed budget revenues total \$2.2 billion: \$1.4 billion in unrestricted educational and general (E&G) funds, \$602 million in restricted E&G funds and \$246 million in auxiliary funds. This is a 3.4% increase from the FY 2016 probable budget. The largest increases are tuition and fee revenues, state appropriations, and UTK auxiliary operations; primarily athletics and housing.

TOTAL REVENUE (\$ millions)

Revenue Source	FY2016 Probable	FY2017 Proposed	Change	
Unrestricted E&G	\$ 1,305.8	\$ 1,356.0	\$50.2	3.8%

Positions (July, 2016)	15,166
Capital Outlay	\$ 63.1M
Capital Maintenance	\$ 29.3M

Unrestricted education and general funds (Unrestricted E&G) support the core operations of the university: instruction, research, public service, academic support, student services, institutional support, facilities operations and maintenance, and scholarships and fellowships. They are funded primarily through tuition and student fees, state appropriations, and other sources including grants and contracts, federal and local appropriations, sales and services, and investment income.

Unrestricted E&G Funds	
Unrestricted E&G Revenues	\$1.356B
Tuition & Fees	\$669.8M

Restricted funds must be used in accordance with purposes established by an external party; primarily grants, contracts, gifts and endowments.

Auxiliaries are self-supporting enterprises which furnish services to students, faculty, and staff such as housing, bookstores, food services and UTK athletics.

FY2017 PROPOSED BUDGET

Unrestricted E&G Revenues

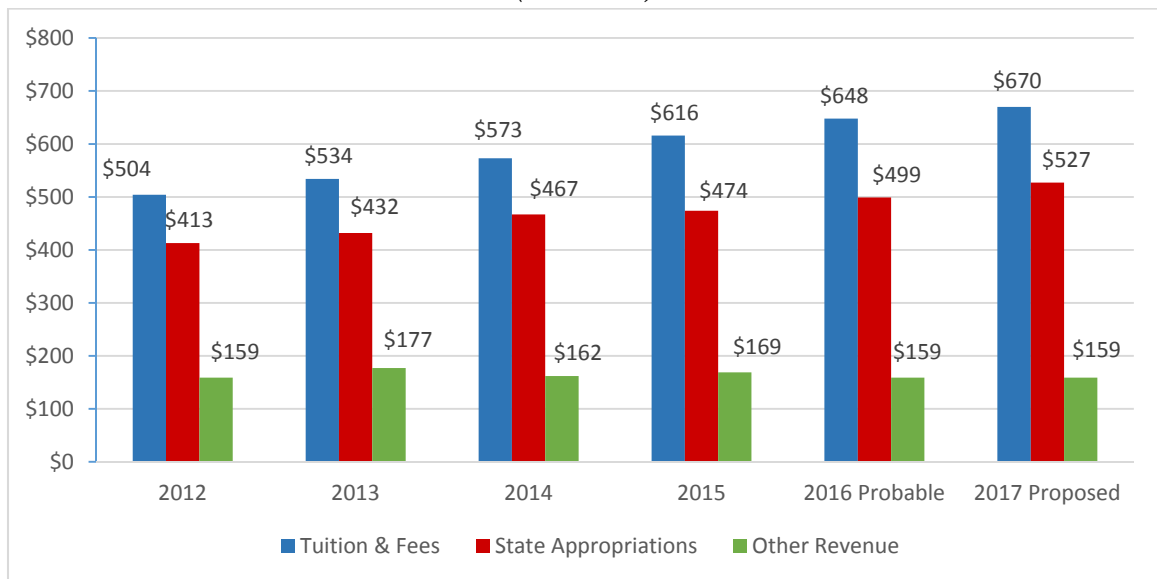

Unrestricted E&G Revenue Summary

Revenue Source	FY2016 Probable	FY 2017 Proposed	Change	
Tuition & Fees	\$ 648,037,768	\$ 669,787,108	\$ 21,749,340	3.4%
State Appropriations	498,639,749	526,665,549	28,025,800	5.6%
Other Revenues	159,112,591	159,541,083	428,492	0.3%
Total E&G Revenues	\$ 1,305,790,108	\$ 1,355,993,740	\$ 50,203,632	3.8%

Unrestricted E&G revenues are up \$50.2 million with the largest increase coming from state appropriations (\$28.0 million) followed closely by tuition and fees (\$21.7 million). This reverses a long-term trend of flat or declining state funding offset by large increases in tuition and fees. The small increase in other revenues is immaterial.

Unrestricted E&G Revenue History

(\$ millions)

Trends in state appropriations and tuition and fees are critical to the core operations of the university. Their percentage share of total unrestricted E&G revenues has increased slightly over recent years from a typical range of 85% to 86% over the past decade to 88.0% in FY 2017. Tuition and fee revenue increased its share of total funding dramatically from FY 2008 to FY 2012 as state appropriations dropped more than \$125 million. An improving economy and commitment to funding higher education on the part of state leaders halted this trend (state funding increased slightly from 38% in FY 2012 to 39% in FY 2017).

FY2017 PROPOSED BUDGET

Tuition and Fee Revenues

Fee Type	FY16 Probable	FY17 Proposed	Change	
Maintenance Fees	\$ 455,841,981	\$ 476,738,769	\$ 20,896,788	4.6 %
Non-Resident Tuition	74,656,736	71,889,065	(2,767,671)	(3.7) %
Program and Service Fees	65,022,878	67,742,905	2,720,027	4.2 %
Other Student Fees	44,979,773	45,776,587	796,814	1.8 %
Extension Enrollment Fees	7,536,400	7,639,782	103,382	1.4 %
Total Tuition and Fees	\$ 648,037,768	\$ 669,787,108	\$ 21,749,340	3.4 %

Tuition and fee budgets increase \$21.7 million. These revenues will be used to fund \$7.8 million in student financial aid; \$5.9 million to enhance student support services designed to improve retention and graduation rates; \$4.8 million for new faculty lines, startups, and promotions; \$1.8 million for staff salary adjustments; and the remainder to facilities, equipment, and campus infrastructure.

Nearly 48% (\$10.5 million) of the new revenues are expected from increased enrollments, shifting enrollment patterns into programs with higher fee structures, and the final year of phasing in the Knoxville “15 for 4” program. The rest of the revenue growth will result from the proposed tuition and fee rate adjustments described in detail later in this document. The large decrease in non-resident tuition is a budget adjustment. It does not reflect expected declines in out-of-state enrollments. Actual non-resident revenues will increase in both FY 2016 and FY 2017, but not to the degree anticipated in the FY 2016 budget.

Tuition and fees at UT campuses remain competitively priced relative to peer institutions. During the last year UT campuses were recognized as offering affordable access to quality education by publications such as Kiplinger’s Personal Finance, the Princeton Review, U.S. News & World Report, CampusDecision.com, and BestColleges.com.

The primary source of tuition and fee revenues are maintenance fees, commonly referred to as in-state tuition. This can cause some confusion since the maintenance fee is paid by all students, including out-of-state students. Non-resident tuition is a differential paid only by out-of-state students. The term “out-of-state tuition” is actually the maintenance fee plus non-resident tuition. Program and service fees are mandatory fees paid by all students and include fees for student activities, health services, debt service, capital improvements, student counseling, and other programs. Extension enrollment fees are for non-credit personal and professional development courses. Examples of other student fees include technology fees, facilities fees, library fees, differential fees, lab fees, and course fees.

FY 2017 Proposed Budget	\$ 524,745,849	\$ 1,919,700	\$ 526,665,549

Unrestricted state appropriations increase \$28 million. Most of the increase comes from outcome productivity improvements at UT's three formula units (Chattanooga, Knoxville, and Martin) and a 3.25% increase for UT's non-formula units (Health Science Center, Agriculture, Public Service, Space Institute, and System Administration). While this is a welcome increase, it represents a move away from the state's long-standing practice of providing a separate salary pool for higher education. Some units will supplement their state funds with fee revenues and budget reductions to provide 3% salary pools in FY 2017.

The state is providing funds for new programs in three units. Martin will receive \$875,000 in one-time funds and \$250,000 recurring to open and operate a new higher education center in Somerville. The center will complement Martin's existing extended campus locations in Jackson, Parsons, Ripley, and Selmer. The Institute for Public Service has \$300,000 to add two property assessor consultants to assist counties statewide. New funding of \$175,000 will enable Extension to add a dairy specialist.

The remaining changes include \$4.1 million to offset the employer share of premium increases in the state's health insurance program and two minor adjustments.

UT will also receive appropriations of \$18.7 million that are restricted to specific programs and not included above. These are down slightly from FY 2016 (\$143,807). These include funding for UT's Centers of Excellence, Governor's Chairs, the Health Science Center Mouse Genome Project, and the third year matching funds for the Health Science Center's pediatric physicians partnership with St. Jude's (year four of a five year program).

FY2017 PROPOSED BUDGET

Other Revenues

Revenue Source	FY16 Probable	FY17 Proposed	Change	
Grants & Contracts	\$ 44,650,266	\$ 44,529,714	\$ (120,552)	(0.3) %
Sales & Services	57,790,642	57,832,737	42,095	0.1 %
Miscellaneous	56,671,683	57,178,632	506,949	0.9 %
Total Other Revenues	\$ 159,112,591	\$ 159,541,083	\$ 428,492	0.3 %

There is little change in budgeted revenues from other sources. Sales and services revenues are sales from operations that generally provide services to the public (this does not include auxiliary enterprises, which typically provide services to faculty, staff, and students). Examples include medical clinics, 4-H camps, theaters, child development centers, training programs, sales of agricultural products, and sports camps. Grant and contract revenues are the portion of payments from grant and contract sponsors allocated to cover general facilities and administration costs incurred to support grant and contract programs. Miscellaneous revenues include revenue sources such as interest earnings, conference revenues, federal appropriations (Smith-Lever, Hatch), local appropriations, UT-Battelle management fees, trademark licensing revenues, unrestricted gifts, and unrestricted endowment earnings.

FY2017 PROPOSED BUDGET

Unrestricted E&G Expenditures

Unrestricted E&G Expenditures by Function
(\$ millions)

Unrestricted E&G expenditures are budgeted at \$1.35 million among the eight functional areas shown in the chart above. Instruction accounts for the lion’s share. Unrestricted E&G budgets for research do not include funds from restricted grants, contracts, gifts, and endowments. Institutional Support and Operation & Maintenance of Physical Plant support all operations, including those funded through restricted and auxiliary funds.

Unrestricted E&G Expenditures by Natural Classification
(\$ millions)

Over five years, each major expense category has grown gradually. Faculty and staff salaries and benefits typically account for around 70% of all expenditures.

FY2017 PROPOSED BUDGET

Unrestricted E&G Expenditures by Functional Category

Expenditures & Transfers	\$ 1,348,265,977	\$1,356,766,954	\$ 8,500,977	0.6 %

The declines in budgeted expenditures are misleading. The FY 2016 Probable Budget includes non-recurring funds that were added to the budget mid-year after actual enrollments and the amount of funds carried over from FY 2015 were known. The current year non-recurring budgets were allocated to one-time projects such as facility maintenance, equipment replacements, faculty start-up packages, bridge funding for research operations, lab upgrades, faculty incentives, campus improvements, energy conservation projects, and information technology infrastructure. Unused non-recurring funds will be carried forward to FY 2017 for use on similar non-recurring projects and reflected in the FY 2017 Revised Budget that will be presented to the Board at its spring 2017 meeting. An analysis of recurring expenditure budgets follows. It is a better reflection of plans and priorities for core operations in FY 2017.

FY2017 PROPOSED BUDGET

Recurring Unrestricted E&G Expenditures

The tables below show only funds for recurring operations and exclude non-recurring budgets allocated to one-time projects in FY 2016. Recurring expenditure budgets are up \$56.7 million (4.4%). Around 43% of this is for the FY 2017 salary plan described on page A-12. The largest dollar increases are in Instruction, Scholarships & Fellowships, and Institutional Support. The second table below shows salaries and benefits up 3.7% compared to 5.9% for operating and equipment.

Auxiliary Enterprises

Auxiliary enterprises furnish services to students, faculty, and staff. Each auxiliary enterprise is self-funded through sales, fees, and private gifts. These stand-alone operations include housing, food services, bookstores, parking, and other miscellaneous operations. It also includes UTK athletics since it is a self-supporting operation. (The athletic programs at Chattanooga and Martin are included in unrestricted E&G funds.)

Auxiliary Revenues by Enterprise
(\$ millions)

Revenues are up \$16.2 million (7.0%) due to significant increases in Knoxville: athletics \$9.7 million (8.2%); housing \$4.2 million (9.6%); food service \$1.6 million (30.9%); and the VolShop \$1.0 million (4.3%). Growth in athletics is driven by success in football and will fund debt service, game guarantee payouts, and replenish reserves. New housing revenue from the availability and mix of rooms and rate increases will offset growing occupancy costs and debt service. Food service commissions will fund new dining locations, including the new Student Union. VolShop revenues are up due to having full year of Nike inventory. In addition to the uses discussed above, these revenues will fund a 3% salary pool for auxiliary employees and cover operating inflation.

FY2017 PROPOSED BUDGET

FY 2017 Salary Plan

The university proposes a 3% pool for general salary increases in FY 2017. State appropriations did not include a separate pool for salary increases, but will be used to provide partial funding. These appropriations plus funds from other sources will enable UT to reward exceptional performance and move overall compensation closer to market levels. Each campus and institute has developed salary plans consistent with its long-term compensation strategy. These strategies continue to evolve as UT's Compensation Advisory Board works to guide UT's compensation philosophy, structure, and programs.

FY 2017 Campus/Institute Salary Plans

Campus/Institute	Salary Plan
UT Chattanooga	3.0% across-the-board
UT Knoxville/UTSI	3.0% market/merit
UT Martin	2.0% across-the-board; 1.0% market & 1.0% non-recurring bonus contingent on achieving enrollment targets
UT Health Science Center	3.0% across-the-board
UT Institute of Agriculture	1.5% across-the-board; 1.5% market/merit
UT Institute for Public Service	2.0% across-the-board; 1.0% market/merit
UT System Administration	1.0% across-the-board; 2.0% market/merit

The total cost of the salary plan is \$32.1 million. It adds \$24.2 million to unrestricted E&G salary and benefits expenses. Restricted E&G salary and benefits increases paid through grants, contracts, gifts and endowments will be \$6.0 million. Auxiliary enterprises will spend \$1.9 million and recover the expense through their self-funded business models. Around 45% of the funding will come from appropriations. The remainder will be funded by student fees, auxiliary revenues, grants and contracts, gifts and endowments, and budget reallocations.

FY2017 PROPOSED BUDGET

Unrestricted Net Assets

The University’s practice is to maintain 2-5 percent of unrestricted educational and general (E&G) expenditures and 3-5 percent of unrestricted auxiliary enterprise funds in its unallocated fund balance as a “rainy day” fund. It is needed in case of a downturn in enrollment, sharp decline in appropriations, or other situations that cause expenditures to exceed available revenues to provide short-term funding while adjustments are made to bring the budget back into balance.

Encumbrances are funds carried over from the previous fiscal year for purchases and commitments that were not received before the close of the fiscal year. These funds are budgeted in the appropriate expenditure accounts as the items or services are received. Reappropriations are funds reserved from FY 2016 for allocation to specific programs and initiatives in FY 2017 or in subsequent fiscal years.

The FY 2017 proposed budget projects a June 30, 2017 unrestricted E&G unallocated fund balance of \$44.2 million, or 3.25% of expenditures and transfers. The unrestricted auxiliary enterprises unallocated balance is \$11.4 million, 4.63% of expenditures and transfers. The total unallocated balance projected for June 30, 2017 is \$55.6 million, which is 3.47% of expenditures and transfers.

FY2017 PROPOSED BUDGET

RESOLUTION OF
THE UNIVERSITY OF TENNESSEE
BOARD OF TRUSTEES
June 23, 2016

**Proposed 2017 Operating Budget, Student Tuition and Fees, and Compensation
Guidelines for Additional Salary Increases During the Fiscal Year**

WHEREAS, the Bylaws require the Board of Trustees to approve an annual operating budget for the University; and

WHEREAS, the proposed FY 2017 Educational and General (E&G) budget is balanced and within available resources, as is the budget for Auxiliary Enterprises; and

WHEREAS, the proposed budget complies with all applicable policies and guidelines; and

WHEREAS, the administration needs to be able to respond quickly and effectively to a significant budget shortfall due to a state impoundment of funds or appropriation rescission; and

WHEREAS, mandatory furloughs without pay, reduction of time worked, across-the-board salary reductions, and similar salary-related measures may be required to address budget reductions or a budgetary shortfall; and

WHEREAS, the Bylaws further require the Board of Trustees to approve student tuition and fees;

NOW THEREFORE BE IT RESOLVED that:

1. The FY 2017 proposed operating budget is approved with the understanding that if the General Assembly or the Department of Finance and Administration further alters the FY 2017 appropriations or if changes in estimated resources require, the budget shall be modified accordingly so expenditures will not exceed available resources.

FY2017 PROPOSED BUDGET

2. The Board of Trustees expressly authorizes the campus, institute and unit administrations, in response to budget reductions or a budgetary shortfall, to implement mandatory furloughs without pay, reduction of time worked, across-the-board salary reductions, and similar salary-related measures during FY 2017, subject to approval by the Executive and Compensation Committee, the President, and the Treasurer and Chief Financial Officer in consultation with the General Counsel and Human Resources.
3. The proposed tuition and fee schedules are adopted for FY 2016-17.
4. The proposed FY 2017 salary and wage compensation plan and the FY 2017 Compensation Guidelines for Additional Salary Increases During the Fiscal Year are approved.
5. Any additional general salary increases that exceed the FY 2017 salary and wage plan may only be granted upon approval by the Board of Trustees.
6. Any remaining Unrestricted Current Fund balances may be considered as a reserve for contingencies to be used for:
 - a. Employing additional staff where enrollments and reorganization requirements warrant;
 - b. Modifying departmental operating budgets where changing conditions during the year require funding adjustments;
 - c. Funding to make salary adjustments for personnel as may be necessary during the year in keeping with state and university salary guidelines;
 - d. Improving physical facilities for academic and research departments as opportunities arise;
 - e. Mandated cost increases; and
 - f. State impoundment of funds or appropriations rescission during the budget year.

All such changes shall be reported to the Board in a Revised Budget for the Board's approval. Adopted by the Board of Trustees, this 23th day of June, 2016.

Recommendations

The FY 2017 recommended tuition¹ and fee increases continue the effort to provide students a quality education while keeping the cost to students at a reasonable level. This section presents anticipated tuition and fee revenue growth that will result from the proposed fee adjustments recommended to the Board of Trustees for FY 2016-17. It is provided to inform Board members in their consideration of the university's fee proposal. It includes revenue projections for specific fee changes at each campus and a discussion on how the additional revenues are planned to be used. This section does not address revenue changes related to enrollment changes and other factors that will occur if tuition and fee levels remain unchanged. More information can be found in the detailed fee proposal schedules presented to the Finance and Administration Committee at the Board's annual meeting.

Revenues generated from the increases are used to fund:

- Scholarships and tuition fee waivers
- Enhancements to student services promoting student success and completion
- UTK Top 25 reinvestments
- New faculty lines, startups, and promotions
- Facilities, equipment, and campus infrastructure
- Salary adjustments

The recommended tuition and fee increases are based on considerable discussion with campus leadership. The administration recommends approval of the proposed tuition and fee increases and adjustments. All other required tuition and fees are recommended for continuation at their current amounts.

1 - For the purposes of this document, "tuition" refers to both maintenance fees and out-of-state tuition.

In-state students pay only for the maintenance fee, which is commonly referred to as ‘in-state tuition’. Out-of-state students pay the maintenance fee plus out-of-state tuition. The combined amount of these two fees is commonly referred to as ‘out-of-state tuition’.

¹ The maintenance fee for undergraduates in the 2013-14 cohort of the “15 for 4” program will increase by 3%. This follows the “15 for 4” phase-in model approved by the Board in June 2012. The resulting rate for this cohort is \$228 lower than the students entering in or after fall 2014. FY2016-17 is the last year of that plan.

² The “Soar in Four” program restructures the maintenance fee for undergraduates with less than 60 credit hours by using a full time class load of 15 hours per semester as its basis. This will allow the University of Tennessee at Martin to provide student-proposed services that significantly enhance the students’ abilities to graduate in four years or less.

PROPOSED USES OF NEW REVENUES

UT CHATTANOOGA

- Maintenance Fee – A 2.2 % increase generates \$1.6 million in additional revenues. There is no increase for out-of-state tuition, but out-of-state students will pay their share of the maintenance fee increase. \$745,000 of the increase is used to fund a portion of a 3% across the board salary and benefit increases. \$200,000 is used to fund FLSA salary adjustments. \$300,000 is used to fund scholarships for the Gold Scholarship program. \$200,000 is used for graduate assistantship stipends. \$143,000 is used for phase 1 of the ‘Technology Refresh of Wireless Infrastructure’ program.
- International Education Fee – This new fee generates \$240,000 in support of the International Students office. In particular, the funds collected will be a resource for undergraduate and graduate students to fund a short-term, summer, semester-long, or year-long study abroad experience. This fee is modeled after similar fees that are currently assessed at UT Knoxville and UT Martin.
- Doctor of Physical Therapy Differential Fee – This new differential fee will generate \$93,000 in FY 2016-17. These funds fully support current and future enrollment increases, exceptional quality physical therapy education delivery, and elevated program costs. This increase is needed to be able to better sustain the program with equipment upgrades, quality instruction, and enhanced learning opportunities. By approving the differential fee, the Physical Therapy lab fee and additional fees for CPR, liability insurance, exercise prescription software, and online clinical training will be terminated. The revenue reported is for the first year only. The revenue will increase in the out years as the program accepts new cohorts.
- Doctorate of Occupational Therapy Differential Fee – This new differential fee will generate \$69,000 in FY 2016-17. These funds will support all graduate courses and will supplement current and future enrollment increases and elevated program costs for this degree. Occupational Therapy programs regularly require prescriptive and specific pedagogies that incur higher costs per credit hour than other disciplines offered at universities. By approving the differential fee, the Occupational Therapy lab fee and additional fees for CPR, liability insurance, HIPPA training, name badges and graduation banquets will be terminated. The revenue reported is for the first year only. The revenue will increase in the out years as the program accepts new cohorts.
- Online Professional MBA Program – The Online Professional MBA Program will increase 1.3% (\$360) from \$28,128 to \$28,488.

FY2017 PROPOSED BUDGET

UT KNOXVILLE

- Maintenance Fee – Knoxville proposes a 2.2% increase to the maintenance fee for undergraduate students with the exception of students admitted in fall 2013, spring 2014, and summer of 2014. The increase for these students is 3.0%, but the resulting maintenance fee is still lower than that for students admitted after the summer of 2014. The increase for graduate students (including UTSI) is 4.0%. There is no increase for out-of-state tuition, but out-of-state students will pay their share of the maintenance fee increase. The increase generates \$5.5 million in additional revenues. \$2.3 million is used for institutionally funded scholarships to help keep the net cost of attendance as low as possible. \$2.4 million will be used for campus support services tied to our Top 25 strategic reinvestment plans. \$500,000 is allocated towards faculty start up commitments and academic hires and promotions; \$100,000 will be used for operating expenses including contract escalations and new building costs; and \$200,000 will be used for state mandated fee waivers.

- Executive MBA Programs – The Executive MBA programs are self-funded and their fee revenues support faculty and staff time, technical support, program marketing costs, books, materials, and travel cost for international experiences. The increase in fees for the Executive MBA programs will generate \$162,000 in additional revenue. These fees are often paid by the students' employers.

- Student Program and Service Fees (SPSF) – An increase in Student Program and Service Fees will generate an increase of \$950,000 in revenues.
 - Student Program Fee (\$150,000) - This portion of the SPSF is charged per credit hour and is used for annual salary increases and other operating expenses and equipment relating to student services, activities and programs, including student organized programming. These programs are organized and operated under the auspices of the Chief Student Affairs Officer.
 - Capital Fee (\$450,000) - This portion of the SPSF is charged per credit hour and is used for the acquisition, construction, installation, maintenance, or enhancement of any University property or facilities primarily used for non-instructional purposes, including the satisfaction of indebtedness. It is also used for the purchase of equipment to support student services, activities and programs organized or operated under the auspices of the Chief Student Affairs Officer.
 - Counseling Fee (\$250,000) - This portion of the SPSF is a per credit hour charge. \$70,000 is used for annual salary increases; \$180,000 for operating cost increases and new initiatives.
 - Student Health Fee (\$100,000) - This portion of the SPSF is a flat rate charge applied at the 9th credit hour. The \$100,000 is used to fund annual salary increases.
 - Other Dedicated Student Fees – An increase in the Facilities Fee will generate \$350,000 for campus beautification, classroom upgrades, and the campus contribution to new academic building projects. This increase applies to both in-state and out-of-state students.

FY2017 PROPOSED BUDGET

UT MARTIN

- Maintenance Fee – The proposed increase in the maintenance fee results in net revenue gains of \$2.3 million. This revenue growth will be used for academic hires and promotions (\$1.2 million); institutionally funded scholarships (\$531,000); career development (\$352,000); and tutoring, academic support, and operating expense increases (\$241,000).

The fee for full-time undergraduate students who have earned 60 or more credit hours will increase by 2.2%. The hourly rate for all part-time undergraduates regardless of credit hours earned will also increase 2.2%. Graduate maintenance fees will increase 3.0%. Full-time students who have earned less than 60 credits hours will participate in the new ‘Soar in Four’ program.

This proposed tuition restructuring will allow the university to provide student-proposed services that significantly enhance students’ abilities to graduate in four years or less. The added cost of the program beyond the 2.2% inflationary modification is \$610 per year (not including future adjustments) for full-time students and for that investment, for each year that students reduce their college enrollment, they avoid a cost of \$22,058 (including average debt of \$8,735) and gain a potential average salary of \$37,140, a financial swing of \$59,198. The plan, developed with students over five months of deliberation, invests directly in services the students decided were the highest priority for their progress to graduation and success as graduates.

- Out-of-State Tuition – This fee will decrease 58.7% for domestic undergraduate and graduate students. It will remain unchanged for international students. The change to revenue is forecasted at \$0, since the decrease in the rate will be offset by an increase in enrollment.
- UT Online - Martin
 - Undergraduate – The course fee per credit hour (PCH) increases 2.1%, 2.2%, and 12.3%, respectively for In-State, Out-of-State domestic, and Out-of-state international students. (Out-of-state international is a new category of service with a rate set at 10% above Out-of-state domestic).
 - Graduate – The course fee per credit hour (PCH) increases 3.0%, 3.1%, and 13.5%, respectively for In-State, Out-of-State domestic, and out-of-state international students. (Out-of-state international is a new category of service with a rate set at 10% above out-of-state domestic).

FY2017 PROPOSED BUDGET

UT HEALTH SCIENCE CENTER

- Maintenance Fee – There is no general tuition increase proposed for this year. The only exceptions are a 5.0% increase for the a College of Graduate Health Sciences (Masters of Pharmacology program) and 2.2% for Health Professions (Knoxville based Audiology & Speech Pathology program).
- College of Graduate Health Sciences – A 5% increase for the MS Pharmacology program will generate \$13,000. These funds will be used to support research initiatives.
- College of Health Professions – A 2.2% increase for the Knoxville based Audiology & Speech Pathology program generate \$12,000. These funds will be used to support research initiatives.
- Student Program and Service Fees (SPSF) – A new Simulation Center Equipment Fee will be added to the SPSF, producing \$915,000 is used for debt service on Simulation Center equipment. This fee will produce the bulk of HSC fee revenue growth in FY 2017.

UT COLLEGE OF VETERINARY MEDICINE

- Maintenance Fee and Out-of-state Tuition – There is a 4.0 % increase in the maintenance fee and a 0.2% increase in out-of-state tuition which generates \$360,000 in additional revenues. These new revenues will be used for salary improvements, promotions, and tenure.

The 'Soar in Four' initiative is a new tuition model intended to encourage students to enroll in 15 or more credit hours per semester in order to graduate in four years. Although it encourages students to enroll for more hours each term, the 'Soar in Four' rate will be assessed to students registered for 12 or more credit hours in a term. (Proof of credit hours must be received and accepted by the fifth day of the term.) For FY 2016-17 and FY 2017-18, the rate will apply to students who have earned less than 60 credit hours. For FY 2018-19, it will apply to students who have earned less than 90 credit hours. By FY 2019-20, the 'Soar in Four' rate will be applicable to all students.

The purpose of the Student Programs and Services Fee (SPSF) is to advance the University's educational mission by funding non-instructional services, activities, programs, and facilities that promote student satisfaction and retention or promote the intellectual, physical, emotional, social, cultural, or leadership development of students. The Board of Trustees retains ultimate control of the SPSF and sets the amount of the SPSF at each campus annually upon the recommendation of the Board's Finance and Administration Committee.

University Fees are set by the Board of Trustees and are subject to change at any regular or called meeting of the Board.
