Overview

The FY 2008 University of Tennessee Revised Budget totals \$1.613 billion: \$1.172 billion in unrestricted operating funds and \$440.9 million in restricted funds. The Revised Budget represents a 1.4 percent increase over the FY 2008 Original (Proposed) Budget.

The revised budget information presented in the following pages reflects revisions made through October 31, 2007 by each campus and institute to the original budget. The budget document also provides comparative actual revenues and expenditures for unrestricted and restricted funds.

Unrestricted educational and general (E&G) operating funds increased 1.7 percent, which largely reflects updated state appropriations allocations based on information received from the Department of Finance and Administration after the budget was approved by the Board of Trustees in June 2007. These adjustments are expected given the timing differences between the budget approval in June and the reconciliation of the appropriations bill, which occurs later in the year.

State Appropriations schedules by campus and institute are provided on pages 16 and 17. Supporting budget schedules for the campuses and institutes may be found beginning on page 18.

Actual revenue and expenditure data presented in this document along side of budget figures are for comparison purposes only. While accurate, they are not presented in accordance with financial statement principles prescribed by the Governmental Accounting Standards Board.

FY 2008 Revised Budget

The FY 2008 Revised Budget includes unrestricted E&G revenues totaling \$1.016 billion, an increase of \$17.5 million over the FY 2008 Original Budget and \$48.8 million more than FY 2007 Actual. State appropriations continue as the largest single source of unrestricted E&G funding, accounting for 50.2 percent of total unrestricted revenues.

The ten-year comparisons illustrate, as shown below, the significant change between state appropriations and student fees as a funding source for unrestricted and restricted funds and for unrestricted E&G funds only.

FY 2008 Revised Budget

State Appropriations

State appropriations total \$509.7 million, an overall increase of \$7.5 million over the Original Budget's estimated revenues. The changes are summarized in the adjacent table.

Access and Diversity

Prior to FY 2008, the University received \$3.0 million in appropriations for diversity programs associated with the 1984 Geier Stipulation of Settlement. These funds are included in the Tennessee Higher Education (THEC) funding formula calculations and recommendations annually. Beginning in FY 2002, the University also received funds in support of diversity initiatives under the Geier Consent Decree. Funding for the Consent Decree initiatives during the six-year span beginning in FY 2002 ranged from \$702,000 to \$2.7 million. A total of \$11.7 million was spent during that time on diversity programs.

Beginning FY 2008, post-Geier access and diversity initiatives were established for the Tennessee Board of Regents and the University of Tennessee, combining all previous funding into a single appropriation and bringing focus to three distinct access and diversity strategies: student scholarships and fellowships, student recruitment and retention, and faculty and staff recruitment and retention. For FY 2008, the University is receiving \$6.4 million towards these continuing initiatives.

FY 2008 Revised Budget

Tuition and Fees

Tuition and fees revenues total \$335.3 million, a \$4.7 million increase over the FY 2008 Original Budget of \$330.6 million. Estimated Tuition and Fee revenues are refined in the Revised Budget based on Fall 2007 enrollments and Actual FY 2006-07 data. Primary adjustments include:

\$2,011,309 increase at UT Knoxville. \$700,000 of the increase reflects an enrollment increase of 65 first-time freshmen over the original 4,200 budgeted. Out-of-state enrollment saw a slight increase resulting in a budget increase of \$750,000. The remaining adjustment of \$561,309 is primarily from an anticipated increase in distance education fees revenue.

\$2,613,533 increase at UT Chattanooga. \$1.7 million of the increase reflects an enrollment increase of 635 students. Athletics and technology fee revenue increased \$219,780 due to enrollment increases and adjustments based on actual previous year data. Current estimates resulted in an increase in expected revenue from the new student health fee, \$443,202; and the new green fee, \$175,000. New lab fees for academic departments increased the budget \$96,981 and a reduction of \$24,000 was recorded for the elimination of transcript fees. Other minor adjustments to reflect current estimates total \$2,570.

\$113,000 increase at UT Martin to reflect an undergraduate enrollment increase of 400 students offset by a decrease in graduate enrollment of 117 students and a decrease in out-of-state enrollment of 48 students. The opening of two off-site centers at Parsons and Ripley and growth at other sites resulted in a 32% increase in off-site campus undergraduate student credit hours. Dual credit students increased 30% and on-line undergraduate enrollment increased 17%. On campus undergraduate enrollment was almost static showing a 2% increase.

Other Revenues

The \$5,336,058 increase in other revenue sources reflects a change in accounting for UT Extension 4-H Centers and adjustments based on current estimates as follows:

\$2,772,544 in **Sales and Services** is primarily due to the reclassification of UT Extension's 4-H Centers revenue from restricted gift accounts to unrestricted E&G Sales & Services as part of an audit recommendation. This transition, completed in the summer and fall of 2007, accounts for \$2,350,000 of the increase. In addition, UT Chattanooga increased Athletics ticket and concession income \$106,750 and the Health Science Center increased the anticipated income from clinic activities \$202,431.

\$212,922 in **Grants and Contracts** for facilities and administrative cost recovery.

\$2,350,592 in **Interest Income and Other Sources**, which includes **Federal Appropriations, Local Appropriations, Endowment Income, Gifts, and Miscellaneous Other Income**. Interest Income increases \$1,000,000 to reflect current estimates. The \$1,350,592 increase in Other Sources is primarily due to increases in Federal Appropriations for the Institute of Agriculture. Agricultural Experiment Station's HATCH allocation increases \$416,481. The \$1,000,240 increase in UT Extension's Federal Appropriations is due to a \$599,786 increase in federal retirement funds and \$400,454 in one-time funds, which will be used to support the FY 2008-2009 statewide UT/TSU Extension conference.

FY 2008 Revised Budget

Unrestricted E&G revenues are categorized into six distinct areas, with state appropriations and tuition and fees making up 83%, or \$845 million. The graph below shows the comparative revenue sources and the trends of those sources over the past four years.

Unrestricted E&G Revenues (in millions)

While state appropriations has increased 37% over the past nine years, it only accounts for a 6% increase when adjusted for inflation. The graph below illustrates this trend.

Auxiliaries

The FY 2008 Revised Budget includes \$156.2 million in unrestricted auxiliary enterprise operations, an increase of \$235,164, or 0.2 percent, over the FY 2008 Original Budget. The increase in Auxiliary revenues, expenditures, and transfers reflects current estimates, which remain basically unchanged from the budget approved in June 2007. A schedule of auxiliary revenues, expenditures, and transfers is available on page 27.

Expenditures—cont'd

The \$33.4 million increase in E&G expenditures and transfers includes the following significant changes:

\$7.5 million in adjustments for salaries, benefits, access and diversity, and operating costs funded from state appropriations.

\$4.7 million distribution of additional student fee revenue to support academic programs and student services.

\$14.6 million distribution of new and carryover research funds at UT Knoxville, UT Chattanooga, Institute of Agriculture, and the Health Science Center, including \$10.8 for faculty startup at UT Knoxville and \$2.1 million at the Agricultural Experiment Station primarily for the Biofuels initiative.

\$2.4 million increase in Public Service expenditures due to the accounting change for the UT Extension 4-H Centers.

\$4.2 million increase in Institutional Support reflecting the distribution of new revenues and carryover funds for the following:

\$2.5 million at the Health Science Center primarily due to the budgeting of carryover funds for the Strategic Investment Fund. This fund supports new initiatives that are aligned with the Health Science Center's strategic plan.

\$1.7 million for System Administration in support of University priorities including enterprise systems, capital campaign, and research and economic development.

Senior-Level Housing

University policy FI 630, Housing for Senior-Level Administrators, requires Board of Trustees approval before any renovation, major maintenance, or grounds project for University-owned or leased housing begins and before any furnishings or fixtures are purchased for the public areas.

The FY 2008 Revised Budget recommends on-going operations and maintenance funds for the residences owned by the University (Knoxville and Memphis), and the leased residence in Chattanooga. Changes made between the Original and Revised Budget are as follows:

Chattanooga

The revised budget for FY 2008 remains unchanged from the original budget.

Health Science Center

The revised budget for FY 2008 remains unchanged from the original budget.

Knoxville

The FY 2008 revised budget reflects a small change for the across-the-board salary increase for personnel effective July 1, 2007. The salary budget was also increased for a change in the house coordinator position; the maintenance and repairs budget was reduced to cover this increased cost. Both of these items were presented to the Board of Trustees at its November 2007 meeting and approved.

Unrestricted Net Assets

The University of Tennessee's practice is to maintain 2-5% of unrestricted Educational and General (E&G) expenditures and 3-5% of unrestricted auxiliary enterprise funds in its Unallocated Fund Balance to function as a "rainy day" fund. The fund is needed in case of a downturn in enrollment, a sharp decline in state appropriations, or other situations that cause expenditures to exceed available revenues. This provides short-term funding support while necessary expenditure adjustments are made to bring the budget back into balance.

The projected unrestricted E&G unallocated fund balance at October 31, 2007 is \$36.1 million, or 3.49% of projected expenditures, which is in an acceptable range. The FY 2008 Revised Budget projects a total year-end unallocated balance of \$41.0 million, which is 3.45% of estimated expenditures.

The projected unrestricted auxiliary enterprises unallocated balance is \$4.9 million or 3.2% of expenditures. The housing operation at the Health Science Center continues to operate in a negative cash flow position, but E&G funds are being used to provide additional support until an analysis of the facility is completed, which will provide recommendations to resolve the problem.

Recommendation

The FY 2008 Educational and General (E&G) and Auxiliary Enterprises revised budgets are balanced and within available resources. The Revised Budget complies with all applicable policies and guidelines. The following action by the Board of Trustees is recommended:

1. The FY 2008 Revised Budget be approved with the understanding that should the General Assembly or the Department of Finance and Administration alter the FY 2008 appropriations or should changes in estimated resources require, the budgets shall be modified accordingly so expenditures will not exceed available resources.
2. Allow any remaining balance of Current Funds be considered as a reserve for contingencies to be used for:
 - a. Employing additional staff where enrollments and reorganization requirements warrant,
 - b. Modifying departmental operating budgets where changing conditions during the year require funding adjustments,
 - c. Funding to make salary adjustments for personnel as may be necessary during the year in keeping with state and university salary guidelines, and
 - d. Improving physical facilities for academic and research departments as opportunities arise.
