Message from the CFO

Message from the CFO

The FY2012 proposed operating budget allocates available funding to the University's current operations for the fiscal year beginning July 1, 2011 and ending June 30, 2012. It is the result of input from hundreds of dedicated faculty, staff, students, and citizens involved in setting priorities for the University's campuses, colleges, and institutes across the state of Tennessee.

Budgeted revenues are \$1.861 billion, down 2.7% from FY2011. This includes revenues for programs funded by gifts, grants, contracts and auxiliary enterprises. Revenues for UT's core operations (unrestricted E&G funds) are budgeted at \$1.046 billion, down 7.3% from FY2011. Much of this drop is due to the loss of non-recurring stimulus (ARRA) and maintenance-of-effort (MOE) funds used to upgrade technology in classrooms, fund energy efficiency projects, address critical maintenance needs, and invest in program improvements.

Any budget reflects a balance between organizational aspirations and financial realities, but it is hard to think of a year where the contrasts are as apparent as FY2012. The temporary stimulus funding provided by the State in FY2010 and FY2011 is gone, reducing appropriations 25% (\$138 million), but the University is moving forward. UT Knoxville is implementing plans to become a Top 25 public research university. UT Chattanooga is investing resources through its Quality Enhancement Plan to improve learning outcomes. The UT Health Science Center will play a major role in a \$10 million grant for the Memphis Research Consortium. UT Martin is adding faculty for its on-line Management degree and new vet tech program.

Compensation is our highest priority in FY2012. The faculty and staff who have brought UT through one of the most difficult financial times in recent history have gone nearly four years without a raise. We applaud the Governor's decision to fund a 1.6% salary increase and are adding funds to make this a 2% raise for UT employees. Each campus and institute has plans

for increases beyond the 2% customized to meet its specific needs and priorities. These include merit pay, equity adjustments, additional across-the-board increases, and non-recurring bonuses. The combined salary plans will cost \$37.7 million; \$7.6 million funded through additional appropriations, the remainder through tuition, fees, grants, contracts, and cost reductions.

The Complete College Tennessee Act restructured Tennessee's higher education funding formula to create greater incentives for graduation, retention and performance. FY2012 is the first year of a gradual three-year implementation period. The state reduced higher education base appropriations 2%, but UT's base reduction was only 1.76%. HOPE scholarship funds are now available for summer school, supporting UT strategies to more fully utilize classroom space and help students graduate sooner.

Tuition and fees are up \$53.1 million over FY2011. Temporary stimulus funding provided resources to invest in program improvements and efficiencies, but these are not enough to offset a dramatic drop in appropriations, fixed cost increases, fund badly needed improvements in compensation, and continue investments to improve academic programs. Even with these increases, UT programs remain competitively priced.

The University is grateful for the continuing support from the Governor and General Assembly. Stabilization funds from the state provided UT the opportunity to gradually and thoughtfully reposition operations over two years. The efforts of UT's dedicated faculty and staff have brought the University through a challenging period and prepared it to continue to proudly serve its students and the citizens of Tennessee.

Respectfully,

Charles M. Peccolo Treasurer & Chief Investment Officer/ Interim Chief Financial Officer

Overview

The University of Tennessee FY 2012 Proposed Budget revenues total \$1.861 billion: \$1.243 billion in unrestricted E&G and auxiliary operating funds and \$617.7 million in restricted funds. That represents a \$51.6 million, or 2.7 percent, decrease from the FY 2011 Probable Budget.

Unrestricted E&G revenues total \$1.046 billion, a \$82.7 million, or 7.3 percent, decrease over the FY 2011 Probable Budget.

The FY 2011 Probable Budget reflects the current fiscal year's year-end estimates at April 30. Actual data presented in this document along side of budget figures are for comparison purposes only. While accurate, they are not presented in accordance with financial statement principles prescribed by the Governmental Accounting Standards Board.

Unrestricted E&G Revenues

Unrestricted Education and General Funds

Unrestricted Education and General Funds (Unrestricted E&G) support the core operations of the university: instruction, research, public service, academic support, facilities operations and maintenance, and scholarships and fellowships. They are funded primarily through tuition and student fees, state appropriations, and other sources including grants and contracts, federal and local appropriations, sales and services, investment income, and endowment distributions.

The following table shows the change in unrestricted E&G revenues.

Unrestricted E&G Revenues Summary

| REVENUES | FY 2011 PROBABLE | FY 2012 PROPOSED | CHANGE |

| Tuition & Fees | \$ 435.3 | \$ 488.4 | \$ 53.1 12.2% |

| Total E&G | \$ 1,128.4 | \$ 1,045.7 | \$ -82.7 -7.3% |

Revenues are rounded to millions and may not add due to the rounding

FY2012 unrestricted E&G revenues are \$82.7 million (7.3%) lower than FY2011, due primarily to a \$138.1 million drop in state appropriations. This unprecedented drop in state support signals the end of nearly \$215 million of non-recurring appropriations UT received during FY2010 and FY2011 through Tennessee's implementation of the 2009 American Recovery and Reinvestment Act. It is offset in part by increases in tuition and student fees which total \$53.1 million. Other E&G revenues are relatively stable.

Detail of the most prominent changes from the FY 2011 Probable Budget are as follows:

Recurring appropriation changes (\$5.7 million increase or 1.4% of FY 2011 Base appropriations)

- \$7.6 million salary improvement supports an across the board increase of 1.6%
- \$4.8 million insurance improvement due to higher than expected participation and premium increase
- (\$7.0) million decrease in operational support
- (\$ 300,000) decrease due to the new funding formula

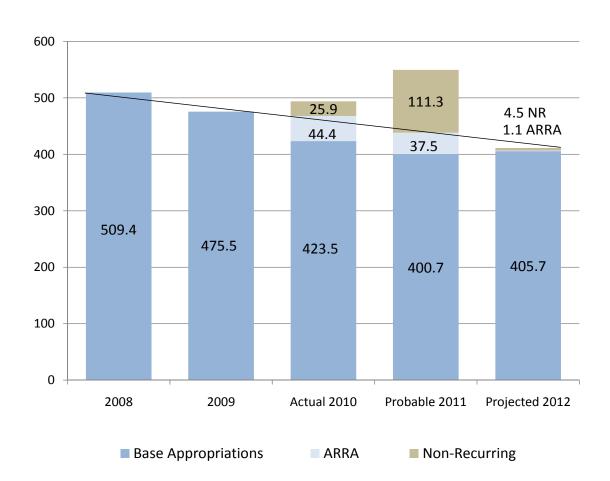

Non-Recurring appropriation changes (\$143.2 million decrease)

- (\$106.8) million decrease in MOE and other one-time state appropriations
- (\$36.4) million decrease in ARRA funds

Unrestricted E&G Revenues (Continued)

The chart below shows the trend of base state appropriations over the last 5 year period. FY 2012 base appropriations decreased \$103.7 or 20.3 percent since FY 2008. All of the ARRA stimulus funds will have been spent by September 30, 2011.

State Appropriations—Base vs. Non-Recurring (in millions)

Tuition and Fees

Tuition and fees revenue totals \$488.4 million, a \$53.1 million increase over the FY 2011 Probable Budget of \$435.3 million. This will help offset reductions in appropriations, fund investments in academic facilities and programs, offset fixed cost increases, and provide a badly needed increase in faculty and staff salaries.

Other Revenues

The \$2.3 million increase in other revenues includes the following changes:

The \$594,881 increase in **Grants & Contracts** is primarily due to the UTK increase of \$655,000 from F&A recoveries; UTHSC COMU \$821,000 increase in the Erlanger Health System contract; Ag Experimental Research increase of \$325,000 in F&A recoveries. Other units either had no change or show a decrease in F&A recoveries. The \$1,482,765 increase in **Sales & Services** includes the UTK \$1.0 million increase in the Statewide Van Pool Program; UT Experiment Station \$500,000 increase from the Little River Environmental Unit which will begin operations in FY 2012; and UT Extension \$452,000 increase for fee based programs. The \$239,031 increase in **Other Sources** includes the UTK \$290,000 increase in additional conference revenue.

Unrestricted E&G revenues are categorized into six distinct areas, with state appropriations and tuition and fees making up 86 percent, or \$899.7 million. The graph below shows the comparative revenue sources and the trends of those sources over the past five years.

Unrestricted E&G Revenues (in millions of dollars)

Unrestricted E&G Expenditures

The Proposed FY 2012 budget for unrestricted E&G expenditures and transfers is \$1,049.6 million, a \$119.5 million, or 10.2 percent decrease from the Probable FY 2011 budget. The largest decreases come in Research and Operation & Maintenance of Plant. The FY2011 budgets for these functions include large amounts of non-recurring funding, some of which may carry forward to FY2012. The smallest decreases come in Instruction, Student Services, and Scholarships and Fellowships.

<u>Unrestricted E&G Expenditures (Continued)</u>

The chart below shows expenditures by natural classification for five years. Natural classification categories include salaries, benefits, operating expense, and equipment. Operating expense and equipment are combined.

Unrestricted Expenditures by Natural Classification (in millions)

Operating expenses decrease \$130 million, a 28.3% reduction from FY 2011 Probable Budget. FY 2011 was unusually high due to the spending of ARRA and MOE funds.

FY 2012 salary and benefits include the costs of the following salary increases:

- Increasing the University's minimum starting pay rate to \$8.50 per hour.
- A 2% across-the-board increase.
- Additional increases based on each campus and institute's own compensation plan.

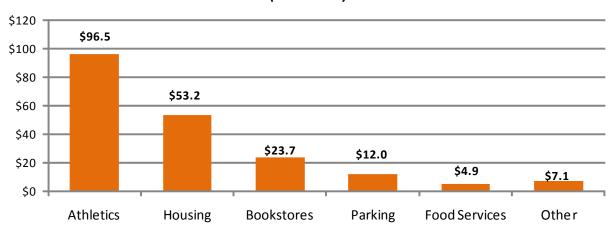

The state provided partial funding for a general 1.6% across-the-board salary increase. UT added funds to make this a 2% raise for UT employees. Each campus and institute has plans for increases beyond the 2% customized to meet its specific needs and priorities. These include merit pay, equity adjustments, additional across-the-board increases, and non-recurring bonuses. The combined salary plans will cost \$37.7 million; \$7.6 million funded through additional appropriations, the remainder through tuition, fees, grants, contracts, and cost reductions. The resulting plans are summarized below:

| CAMPUS / INSTITUTE | SALARY INCREASE PLAN |
|---------------------|--------------------------------------|
| UTK, UTIA, IPS, UWA | 2% ATB + 3% merit pool |
| UTHSC | 3% ATB + 2% merit pool |
| UTC, UTM | 3% ATB + 1% non-recurring merit pool |

Auxiliary Enterprises

Auxiliary Enterprises furnish services to the students, faculty, and staff. Each is a business that is self funded through sales, fees, and private gifts. These stand alone operations include UTK Athletics, Housing, Food Services, Bookstores, Parking, and Other miscellaneous operations. Total Auxiliary FY 2012 revenues are \$197.4 million. The charts below reveal the relative importance of each auxiliary enterprise and the change in revenue and expense from FY 2011 Probable to 2012 Proposed Budgets.

| Ending Net Assets | \$ | 19.5 | \$ | 19.5 | | 0 | 0 |

The FY 2012 Proposed Budget increases revenues and expenses by \$6.6 million. UTK Athletics increases \$3.5 million. The \$1.8 million net increase in housing reflects \$2.4 million in rental increases for UTC, UTK, and UTM which is offset by UTHSC's \$551,760 decrease due to the closing of Goodman residence hall. UTK Bookstores budgeted a \$9.0 million increase. Part of these increases are due to the FY 2012 salary plan, which is projected to increase auxiliary salary and benefit expenses \$1.4 million.

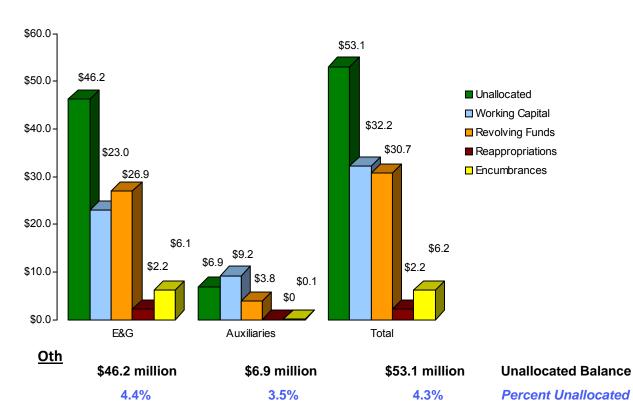

Unrestricted Net Assets

The University of Tennessee's practice is to maintain 2-5 percent of unrestricted Educational and General (E&G) expenditures and 3-5 percent of unrestricted auxiliary enterprise funds in its unallocated fund balance to function as a "rainy day" fund. The fund is needed in case of a downturn in enrollment, a sharp decline in state appropriations, or other situations that cause expenditures to exceed available revenues. This provides short-term funding support while necessary expenditure adjustments are made to bring the budget back into balance.

With the FY 2012 Proposed Budget, unrestricted E&G unallocated fund balance projected at June 30, 2012, is \$46.2 million, or 4.4 percent of expenditures, which is within the target range. The unrestricted auxiliary enterprises

unallocated balance is \$6.9 million, or 3.5 percent of expenditures, which is also within the target range. The total unallocated balance projected at June 30, 2012, is \$53.1 million, which is 4.3 percent of expenditures.

FY 2012 Proposed Budget Unrestricted Net Assets (in millions)

Encumbrances are funds carried over from the previous fiscal year for purchases and commitments that were not received before the close of the fiscal year. These funds are budgeted in the appropriate expenditure accounts as the items or services are received. Reappropriations are funds reserved for allocation to programs and initiatives in FY 2012 or in subsequent fiscal years. E&G and Auxiliary schedules for Unrestricted Net Assets by campus and unit may be found on pages 20 and 21.

FY 2012 Proposed Budget

Recommendation

The FY 2012 Educational and General (E&G) and Auxiliary Enterprises proposed budgets are balanced and within available resources. The Proposed Budget complies with all applicable policies and guidelines. The following action by the Board of Trustees is recommended:

- The FY 2012 operating budget is approved with the understanding that if the General Assembly or the Department of Finance and Administration further alters the FY 2012 appropriations or if changes in estimated resources require, the budget shall be modified accordingly so expenditures will not exceed available resources.
- 2. The Board of Trustees expressly authorizes the campus, institute, and unit administrations, in response to current and anticipated future budget reductions, to implement mandatory furloughs without pay, reduction of time worked, across-the-board salary reductions, and similar salary-related measures during FY 2012, subject to approval by the Executive and Compensation Committee, the President, and the Treasurer, Chief Investment Officer and Interim Chief Financial Officer in consultation with the General Counsel and Human Resources.
- 3. The proposed fee and tuition schedules are adopted for FY 2011-12
- 4. The proposed FY 2012 salary and wage compensation plan along with the FY 2012 Compensation Guidelines are approved.
- 5. Any additional general salary increases that exceed the plan may only be granted upon approval by the Board of Trustees in accordance with language contained in the FY 2012 Compensation Guidelines.
- 6. Any remaining balance of Net Assets may be considered as a reserve for contingencies to be used for:
 - a. Employing additional staff where enrollments and reorganization requirements warrant;
 - b. Modifying departmental operating budgets where changing conditions during the year require funding adjustments;
 - c. Funding to make salary adjustments for personnel as may be necessary during the year in keeping with state and university salary guidelines;
 - d. Improving physical facilities for academic and research departments as opportunities arise;
 - e. Mandated cost increases; and
 - f. State impoundment of funds or appropriations rescission during the budget year.

All such changes shall be reported to the Board in a Revised Budget for the Board's approval.

THE UNIVERSITY OF TENNESSEE FY 2012 TUITION AND FEE RECOMMENDATIONS

OVERVIEW

The FY 2012 recommended tuition¹ and fee increases continue the effort to provide students a quality education while keeping the cost to students at a reasonable level. Revenues generated from the increases are used to fund:

- Salary increases as a supplement to the 1.6% state appropriation improvement; increase the minimum starting pay rate to \$8.50 an hour for regular and part-time staff
- An offset to state appropriation reductions for primarily academic programs
- Academic reinvestments in support of Knoxville's Top 25 implementation plan; Chattanooga's Quality Enhancement Plan (QEP) and annual strategic plan
- Academic promotions, faculty retention, graduate student health insurance increases, and new full-time and part-time faculty positions added due to enrollment growth
- Scholarships and fellowships
- Faculty start-up commitments and faculty research incentives
- Operating increases including increases in utility costs; contractual service increases; and inflationary costs for campus facilities and library acquisitions, and instructional technology
- Staff positions needed for campus support services

Anticipated new revenues from tuition and fee increases reported in this document do not include adjustments for related increases to scholarships and fellowships and anticipated enrollment changes.

RECOMMENDATION

The recommended tuition and fee increases and adjustments presented in the following pages include adjustments in tuition and in selected specialized campus fees students pay. The recommendation is based on considerable discussion with campus leadership and an analysis of expenditures funded at varying fee levels. The administration recommends approval of the proposed tuition and fee increases and adjustments. All other required tuition and fees are recommended for continuation at their current amounts.

For the purposes of this document, tuition refers to both in-state maintenance fees and out-of-state tuition.

The remaining revenues provide funding for increased utility costs; UC Foundation rollovers and promotions; faculty positions added due to enrollment growth; personnel for institutional and campus support services; funding for the Quality Enhancement Plan (QEP) and the Annual Strategic Plan; campus facility maintenance and operations; and instructional technology.

UT KNOXVILLE

- <u>Tuition</u> A 12.0% increase generates \$20.9 million in additional revenues. \$8.8 million is used to increase salaries and wages beyond the 1.6% improvement from state appropriations. \$5.6 million is allocated towards academic reinvestment and supporting the Top 25 implementation plans. \$3.4 million is allocated to offset state appropriation reductions. - Allied Health Sciences A general 15.0% increase and a 4.8% increase for advanced degrees in the audiology/speech pathology program generates \$872,100 in additional fee revenue. \$155,000 is used to offset state appropriation reductions. The remaining funds support a 3.4% salary improvement supplement fund, dentistry faculty salaries and benefits, and academic common market fee remissions.

- Nursing A 15.0% increase for graduate students generates \$612,000. The new funds provide \$154,000 to offset state appropriation reductions.
