Message from the CFO

Message from the CFO

The FY2014 proposed operating budget allocates available funding to the University's current operations for the fiscal year beginning July 1, 2013 and ending June 30, 2014. It is the result of input from hundreds of dedicated faculty, staff, students and citizens involved in setting priorities for the University's campuses, colleges, and institutes across the state of Tennessee.

FY 2014 appropriations will increase by over \$38 million, a significant improvement over FY 2013 appropriations (8.5%), but still far lower than FY 2008. At current growth rates, inflation-adjusted state appropriations may not return to FY 2008 levels until FY 2020. While this presents a long-term challenge for UT, the university welcomes the renewed commitment to higher education demonstrated by the Governor and the General Assembly.

The new appropriations provide partial funding for a 1.5% salary pool, insurance premium increases, and fixed-cost increases needed to maintain current operations. Some units received funds for modest enhancements such as programs to increase enrollments in UT Knoxville's College of Engineering, pediatric physician scientists at the UT Health Science Center, and the Institute for Public Service's Law Enforcement Innovation Center.

Increased state support will help keep tuition and fee increases at their lowest levels since FY 2009. Appropriations now provide less than 25% of overall funding, so even a generous increase is too small to cover all fixed-cost increases. The appropriations increase for FY 2014 amounts to only 2% of overall revenues. UT's academic units will use approximately \$32.4 million in new fee revenues to help cover the portion of their salary increases that is not funded by the state as well as faculty and staff needed to catch up with past enrollment growth, cost increases required to support current operations, and strategic investments in instruction and student support that help students stay in school and graduate on time.

UT tuition and fees will remain competitively priced compared to similar institutions. Expenditures for institutional scholarships and fellowships grew by over 253% from FY 2002 to FY 2012; UT will continue to allocate additional funding here to keep the net cost of student fees as low as possible.

The proposed budget includes general salary increases for the third year in a row. This will allow UT to continue to make modest but steady progress in rewarding exceptional performance, addressing salary compression, and moving overall compensation closer to market levels needed to attract and retain the kind of talent UT must have to effectively serve its students and the citizens of Tennessee. Every unit will provide across-the-board increases of \$600 or 1.5%, whichever is greater, and supplemental salary pools consistent with its own multi-year compensation plan and available funding. This is the third year in a row where minimum increases will have provided larger-than-average salary increases for UT's lowest paid employees.

While the focus on students is paramount on each campus, UT goes well beyond the classroom. Extension has a presence in every county of the state, serving farmers, families, youth and community leaders, conducting 113,500 group meetings and demonstrations and over 40,000 visits to farms, homes and workplaces in FY 2012 alone. AgResearch focuses on research vital to the bottom line of Tennessee farmers and agribusiness, supporting Tennessee's overall economy. The Institute for Public Service promotes good government and strengthens economic vitality through training and technical assistance for Tennessee state and local government and industry and law enforcement professionals nationwide.

Revenue and expenditure data for each operating unit is provided in this budget document. Also included is information on athletics and auxiliary budgets. A separate publication containing detailed supporting schedules is available in printed or electronic format.

Respectfully,

Charles M. Peccolo
Treasurer and Interim Chief Financial Officer

Overview

The University of Tennessee FY 2014 proposed budget revenues total \$1.99 billion: \$1.178 billion in unrestricted educational and general (E&G), \$622.4 million in restricted funds and \$195.0 million in auxiliary funds. That represents a \$78.3 million (4.1%) increase from the FY 2013 probable budget.

Unrestricted E&G revenues total \$1.178 billion, a \$67.1 million (6.0%) increase over the FY 2013 probable budget. A slight increase in restricted E&G revenues is offset by a small drop in auxiliary revenues.

TOTAL REVENUES

Revenues (Millions)	FY2013 Probable	FY2014 Proposed	Change Amt.	Change %
Unrestricted E&G	\$ 1,111.3	\$ 1,178.4	\$ 67.1	6.0%
Restricted E&G	611.3	622.4	11.1	0.2%
Auxiliaries	194.8	195.0	0.2	0.1%
Total	\$ 1,917.4	\$ 1,995.8	\$ 78.4	4.1%

Auxiliaries include unrestricted and restricted funds

Restricted funds must be used in accordance with purposes established by an external party; primarily grants, contracts, gift funds and endowments. Auxiliaries are self-supporting enterprises which furnish services to students, faculty, and staff such as housing, bookstores, food service and UTK Athletics.

Unrestricted E&G Revenues

Unrestricted education and general funds (unrestricted E&G) support the core operations of the university: instruction, research, public service, academic support, student services, institutional support, facilities operations and maintenance, and scholarships and fellowships. They are funded primarily through tuition and student fees, state appropriations, and other sources including grants and contracts, federal and local appropriations, sales and services, investment income, and endowment distributions.

Unrestricted E&G Revenues (Continued)

The following table shows the change in unrestricted E&G revenues.

Unrestricted E&G Revenues Summary (in millions)

Revenues	FY 2013 Probable	FY 2014 Proposed	Change Amount	Change %
Tuition & Fees	\$ 532.9	\$ 565.3	\$ 32.4	6.1%

Total E&G Revenues	\$ 1,111.3	\$ 1,178.4	\$ 67.1	6.0%

FY 2014 unrestricted E&G revenues are \$67.1 million (6.0%) higher than FY 2013 probable budget, due to increases in tuition & fees and state appropriations. Most of the increases in tuition & fees and state appropriations will fund salary adjustments for faculty and staff in FY 2014 and investments in academic programs. Other uses include institutional scholarships, faculty promotions, start-up funding, campus infrastructure improvements, and fixed cost increases such as increases in health insurance premiums, utility costs; contractual service increases; and inflationary costs for campus facilities and library acquisitions.

Unrestricted E&G revenues are categorized into five distinct areas, with state appropriations and tuition & fees making up 87.9% (\$1.04 billion). The graph below compares each of these sources and displays trends over the past five years. State appropriations in FY 2010 and FY 2011 included large amounts of non-recurring funds related to the federal stimulus (ARRA).

State Appropriations

FY 2014 appropriations will increase by more than \$38 million, a significant improvement over FY 2013 but still far lower than 2008 appropriations. The increases provide partial funding for a 1.5% across-the-board salary increase, funding formula productivity gains, and growth in staff benefits costs. Also some specific funding was received for UT Knoxville College of Engineering, UTHSC pediatric physicians and the Institute for Public Service's Law Enforcement Innovation Center. This makes FY 2014 the second year since FY 2008 to see a net gain in base appropriations.

Tuition and Fees

Tuition and fee revenues increase \$32.4 million (6.1%), providing funds for faculty and staff salary adjustments, institutional scholarships, academic support, campus infrastructure, and fixed cost increases. Increases are within THEC's recommended range. Details can be found in the Tuition and Fees section beginning on page 50.

Unrestricted E&G Expenditures

The FY 2014 budget for unrestricted E&G expenditures and transfers is \$1,182.0 million, an increase of \$39.6 million (3.5%) from FY 2013.

Unrestricted E&G Expenditures by Functional Category *(in millions)*

Budgeted expenditures are down \$22.8 million (1.9%). Instruction budgets increase \$8.4 million (1.7%); institution support is up \$1.3 million; operations and maintenance of plant is up 9.8 million and scholarships and fellowships are up \$2.4 million (3.3%), and all other expense categories decline. The declines are due to non-recurring funds budgeted as expense in FY 2013. Much of these non-recurring funds will be expended during FY 2013, but some will carry forward into the FY 2014 revised budget. Base budgets for recurring expenditures, which do not include non-recurring funds, are up \$56.3 million (5.0%) in FY 2014. More details on the change in base recurring expense budgets can be found on the next page.

FY2014 PROPOSED BUDGET

Unrestricted E&G Expenditures (Continued)

The relatively large amount of non-recurring funds in FY 2013 probable expense budgets can make comparisons to FY 2014 proposed budgets difficult. The following table shows only base budgets. Base budgets include funds for recurring operations, but do not include non-recurring budgets allocated to one-time projects.

Unrestricted E&G Expenditures (Continued)

The chart below shows expenditures by natural classification for five years. Natural classification categories include salaries, benefits, operating expense, and equipment. Operating expense and equipment are combined.

Unrestricted Expenditures by Natural Classification (in millions)

The largest increases from FY 2013 to FY 2014 are in salaries and benefits, reflecting the FY 2014 compensation plan, which is covered in more detail later. Operating and equipment expenses drop in FY 2014 due to unusual levels of non-recurring funds budgeted in FY 2013. Some of these operating and equipment funds are likely to be carried forward in the FY 2014 revised budget.

FY2014 PROPOSED BUDGET

Auxiliary Enterprises

Auxiliary enterprise budgets show little change from FY 2013 to FY 2014. Auxiliary enterprises furnish services to the students, faculty, and staff. Each is a business that is self funded through sales, fees, and private gifts. These stand alone operations include Housing, Food Services, Bookstores, Parking, and other miscellaneous operations. It also includes UTK Athletics since it is a self-supporting operation. Total FY 2014 unrestricted auxiliary revenues are \$194.4 million. The charts below reveal the relative size of each auxiliary enterprise and the change in revenue and expense from FY 2013 probable to FY 2014 proposed budgets.

FY2014 PROPOSED BUDGET

FY 2014 Compensation Plan

FY 2014 will be the third year in a row in which faculty and staff will receive a general salary increase. A comprehensive compensation market assessment conducted for UT found that salaries for many faculty and staff were not competitive. Each campus and institute has developed long range plans to improve compensation. Their FY 2014 compensation plans are one important step in a multi-year effort to bring UT compensation to competitive levels.

The FY 2014 compensation plans have two major components: (1) a 1.5% across-the-board increase consistent with the plan for all state employees and (2) supplemental increases to address merit, market and compression considerations consistent with each campus and institute's multi-year compensation plan. The across-the-board increase includes a \$600 minimum increase for full-time employees, pro-rated for part-time staff, to provide additional assistance to employees making less than \$40,000 per year.

The total cost of the plan is \$31.2 million. It adds \$22.9 million to unrestricted E&G salary and benefits expenses (\$9.9 million for a 1.5% across-the-board increase and \$13.0 million for market and merit increases). Restricted E&G costs paid through grants, contracts, gifts and endowments will be \$6.5 million. Auxiliary enterprises will spend \$1.8 million and recover the expense through their self-funding business models.

Unrestricted Net Assets

The University of Tennessee's practice is to maintain 2-5 percent of unrestricted Educational and General (E&G) expenditures and 3-5 percent of unrestricted auxiliary enterprise funds in its unallocated fund balance to function as a "rainy day" fund. The fund is needed in case of a downturn in enrollment, a sharp decline in state appropriations, or other situations that cause expenditures to exceed available revenues. This provides short-term funding support while necessary expenditure adjustments are made to bring the budget back into balance.

The FY 2013 Probable Budget projects a June 30, 2013 unrestricted E&G unallocated fund balance of \$42.2 million, or 3.69 percent of expenditures. The unrestricted auxiliary enterprises unallocated balance is \$5.4 million, or 2.78 percent of expenditures, slightly below the target range for auxiliary funds. The total 2014 Proposed Budget unallocated balance projected at June 30, 2014, is \$48.0 million, which is 3.47 percent of expenditures.

Recommendation

The FY 2014 Educational and General (E&G) and Auxiliary Enterprises proposed budgets are balanced and within available resources. The Revised Budget complies with all applicable policies and guidelines. The following action by the Board of Trustees is recommended:

1. The FY 2014 proposed operating budget is approved with the understanding that if the General Assembly or the Department of Finance and Administration further alters the FY 2014 appropriations or if changes in estimated resources require, the budget shall be modified accordingly so expenditures will not exceed available resources.
2. The Board of Trustees expressly authorizes the campus, institute, and unit administrations, in response to budget reductions or a budgetary shortfall, to implement mandatory furloughs without pay, reduction of time worked, across-the-board salary reductions, and similar salary-related measures during FY 2014, subject to approval by the Executive and Compensation Committee, the President, and the Treasurer and Interim Chief Financial Officer in consultation with the General Counsel and Human Resources.
3. The proposed fee and tuition schedules are adopted for FY 2013-14.
4. The proposed FY 2014 salary and wage compensation plan and the FY 2014 Compensation Guidelines are approved.
5. Any additional general salary increases that exceed the FY 2014 salary and wage plan may only be granted upon approval by the Board of Trustees.
6. Any remaining balance of Net Assets may be considered as a reserve for contingencies to be used for:
 - a) Employing additional staff where enrollments and reorganization requirements warrant;
 - b) Modifying departmental operating budgets where changing conditions during the year require funding adjustments;
 - c) Funding to make salary adjustments for personnel as may be necessary during the year in keeping with state and university salary guidelines;
 - d) Improving physical facilities for academic and research departments as opportunities arise;
 - e) Mandated cost increases; and
 - f) State impoundment of funds or appropriations rescission during the budget year.

All such changes shall be reported to the Board in a Revised Budget for the Board's approval.

OVERVIEW

The FY 2014 recommended tuition¹ and fee increases continue the effort to provide students a quality education while keeping the cost to students at a reasonable level. Revenues generated from the increases are used to fund:

- The portion of the 1.5% across-the-board salary increase that is not funded by state appropriations (formula units are required to pay 45% of the costs of the increase through tuition increases; the increase is fully funded for non-formula units)
- Market and merit salary adjustments to continue addressing compensation gaps identified in the recent compensation study
- Academic reinvestment in support of Knoxville's Top 25 implementation plan
- Academic promotions and new full-time faculty positions needed to catch up with recent enrollment growth and improve student success
- Scholarships and fellowships
- Faculty start-up commitments
- Operating increases including increases in utility costs; contractual service increases; and inflationary costs for campus facilities and library acquisitions
- Staff positions needed for campus support services

Anticipated new revenues from tuition and fee increases reported in this document do not include adjustments for related increases to scholarships and fellowships and anticipated enrollment changes.

RECOMMENDATION

The recommended tuition and fee increases and adjustments presented in the following pages include adjustments in tuition and in selected specialized campus fees students pay. The recommendation is based on considerable discussion with campus leadership and an analysis of expenditures funded at varying fee levels. The administration recommends approval of the proposed tuition and fee increases and adjustments. All other required tuition and fees are recommended for continuation at their current amounts.

¹ For the purposes of this document, tuition refers to both in-state maintenance fees and out-of-state tuition.

PROPOSED USES OF NEW REVENUES

UT CHATTANOOGA

- Tuition – A 6.0% increase generates \$3.4 million in additional revenues. \$320,000 of the increase is used to fund the portion of the salary and wage increase that is not funded by state appropriations (formula units are required to cover 45% of the cost of the increase) and the market salary adjustments. \$1.7 million is allocated for faculty promotions, Occupational Therapy Doctorate Program Director, faculty hires for upper level courses and entry level courses due to enrollment growth and adjunct faculty replacement. The remaining revenues provide funding for increased operating costs and campus support services.
- Professional MBA Program (Online) - This is a new program. Fee revenues support faculty and staff time, technical support, program marketing costs, books, and materials. Fees for Professional MBA students are often paid by their employers. Proposed fees are as follows:

PROGRAM (Online)	CURRENT FEE	PROPOSED FEE	CHANGE	EFFECTIVE DATE
Professional MBA (In-state)	\$ 0	\$ 25,200	NEW	January, 2014
Professional MBA (Out-of-state)	\$ 0	\$ 26,784	NEW	January, 2014

UT KNOXVILLE

- Tuition – A 6.0% increase to in-state maintenance fees. Only the maintenance fee portion of out-of-state tuition is increased, resulting in a 1.8% increase for out-of-state undergraduates and a 2.0% increase for out-of-state graduate students.

The increases generate \$16.1 million in additional revenues. \$6.7 million is used for institutionally funded scholarships and graduate student fee waivers. \$6.2 million is allocated towards campus support services including \$4.8 million for Top 25 academic reinvestment plans and \$1.4 million tuition for summer school investment. The remaining funds are allocated to faculty startup commitments, career path funding, and contractual service increases.

- College of Law – A 6% increase to in-state maintenance fees. Only the maintenance fee portion of out-of-state tuition is increased, resulting in a 2.7% increase to total out-of-state tuition. The fee increase generates \$415,000 annually.
- Executive MBA Program - The Executive MBA programs are self-funded and their fee revenues support faculty and staff time, technical support, program marketing costs, books, materials, and travel cost for international experiences. Increases in these programs generate \$623,500.

UT MARTIN

- Tuition – A 6.0% increase generates \$2.9 million in additional revenues. \$823,000 is used to fund salary and wage increases. These increases include \$273,000 for the unfunded portion of the state 1.5% increase; \$450,000 for the compensation plan as recommended by the SIBSON study; and \$100,000 for other adjustments. \$750,000 is used for scholarships and fee waivers. \$498,000 is used for academic promotions, faculty and staff related to instruction, and the Parsons and Ripley Centers. \$258,000 is used to offset funding reductions due to the elimination of UTK athletics revenues, decrease in indirect cost recoveries, and decreases in

non-salary base state appropriations. The remainder of the increase is used for library inflation, contractual service increases, and other operating expenses.

- UT Online - Martin – The in-state course fee portion increases 6.0% per credit hour (PCH) for both undergraduate and graduate students. The online support fee remains unchanged at \$56. The new rates are as follows:

		COURSE FEE	SUPPORT FEE	TOTAL PCH RATE
Undergraduate	In-State	\$264	\$56	\$320
	Out-of-State	\$289	\$56	\$345
Graduate	In-State	\$451	\$56	\$507
	Out-of-State	\$497	\$56	\$553

UT SPACE INSTITUTE

- Tuition - A 6.0% increase to in-state maintenance fees only. Only the maintenance fee portion of out-of-state tuition is increased, resulting in a 2.0% increase for out-of-state students. The increase generates \$101,760 in additional revenues. These funds are allocated toward salary increases as a supplement to the 1.5% improvement from state appropriations.

UT HEALTH SCIENCE CENTER

The proposed 5% increase in tuition generates \$2.9 million in new fee revenues. \$1,875,000 will be used to increase salaries and wages beyond the 1.5% salary improvement from state appropriations. \$167,000 is allocated for scholarships and GRA fee waivers. In addition \$916,500 will be used to fund new faculty positions in Medicine, Nursing & Pharmacy. Detail by program is as follows:

- Allied Health Sciences – A general 5.0% increase generates \$310,546 in additional fee revenue. The new fee revenue will support a 1.5% salary improvement supplement fund. In addition, a new Physician's Assistant Program will be starting during the fiscal year that will provide future increased revenues.
- Nursing – A new Bachelors of Nursing program is being established during this fiscal year which from approved applicants should generate around \$576,000 in additional fee revenue. - Dentistry – A 5.0% increase generates \$615,133. The new fee revenues are used to support a 1.5% salary improvement supplement fund.
- Pharmacy – A 2.5% increase generates \$274,695. The new fee revenues will be used to support new Pharmacy Faculty. In addition the new fee revenues will provide support for a 1.5% salary improvement supplement fund.
- Graduate Health Sciences – A 5.0% tuition increase generates \$208,472. The new fee revenues provide support for graduate research assistant tuition waivers and contribute to the 1.5% salary improvement supplement fund.

UT COLLEGE OF VETERINARY MEDICINE

- Tuition – A 6% increase generates \$620,610 in new revenues. \$ 668,206 is used for salary increases. The remaining funds are allocated to operating expense increases.
