#### Message from the CFO

The FY 2 017 revised operating budget reflects operating plans and financial projections as of October 31, 2016. The University develops a revised budget each fiscal y ear to adjust to the following changes that occur during the y ear after th e original budget is adopted in June:

- The university's original budget is developed before the end of the previous fiscal year and uses *budgeted* net assets as its starting point. The revised budget uses *actual* net assets as its starting point. In most years, this change in net assets is offset by an increase to non-recurring expenditure budgets.
- 2. State appropriations are adjusted in September, requiring m inor adjustments in most years.
- 3. Other adjustments may be needed if there are m aterial changes to operating plans, organizational structure, revenue projections, or fixed costs.

Revised total revenues are \$2.208 billion, a 0.2% increase over the original budget. Revised expenses total \$2.240 billion, a 4.7% increase. These revisions include all cu rrent funds: unrestricted educational and general (E&G) funds, restricted E&G funds, and auxiliary funds.

Unrestricted E&G funds finance th e University's core operations. The revised unrestricted E&G revenue budget is virtually unchanged. It is common to see only m inor revenue adjustments between origin al and revised budgets. Budgets for recurring unrestricted E&G expenditures and transfers also showed very little change. Total recurring and non-recurring expenditures and transfers are up \$9.8 million (.7%), reflecting carry-overs of unspent non-recurring funds from FY 2016. Campuses and institutes are using these one-tim e funds to upgrade technology in classroo ms, fund energy efficiency projects, and address critical maintenance needs; prudent one-tim e investments that in crease capacity and improve long-term effectiveness and efficiency.

Each campus and institute have implemented the salary plans described in the F Y 2016-2017 Proposed Budget Docu ment approved by the Board of Trustees last June. The university has been able to provide general salary increases in five of the last s ix fiscal years, a welcome change after four straight years of no salary in creases. UT Martin implemented the first phase of its innovative "Soar in Four" tuition model, designed to encourage and enable m ore students to graduate in four year s. It will be f ully implemented by FY 2019-20.

Revenue and expenditure data for each operating unit is provided in this budget document. Also included is information on athletics and auxiliary budgets. A separa te publication containing detailed supporting schedules is available in electronic format.

Respectfully,

David L. Miller

#### **Overview**

The University of Tennessee FY 2017 revised budget revenues total \$2.208 billion: \$1.358 billion in unrestricted educational and general (E&G) funds, \$604.0 million in restricted E&G funds and \$246.2 million in auxiliary funds. Th is is a 0.2% increase from the FY 2017 original budget.

A change of this magnitude is typical for the annual revised budget and reflects no material changes to plans or operations for FY 2017. The adjustm ents ensure that the university's revised expenditure and transfer budgets for FY 2017 rem ain within available resources.

Amounts may not add due to rounding.

Unrestricted education and gene ral funds (Unrestricted E &G) support the core operations of the university: instruction, research, public service, academ ic support, student services, institutional support, facilities operations and maintenance, and scholarships and fellowships. They are funde d primarily through tuition and student fees, state appropriations , and other sources including grants and contracts, federal a nd local appropriations, sales and services, and investment income.

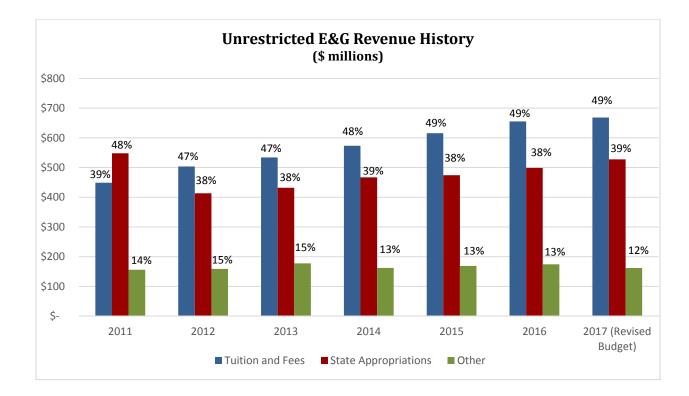

Restricted funds must be used in accordance with purposes established by an external party; primarily grants, contracts, gifts and endowments. These funds are the m ajor revenue sources for research, scholarships, and fellowships.

Auxiliaries are self-supporting enterprises which furnish services to students, faculty, and staff su ch as housing, bookstores, food services and UTK athletics. They complement the core operations of each campus and are a v ital component in student life and campus culture.

#### **Unrestricted E&G Revenues**

FY 2017 revised budget unrestricted E&G revenues are virtually unchanged from the original budget. Tuition and fee revenue budgets were adjusted downward 0.2% based on actual enrollments. State appropriation budgets are essentially unchanged. Other revenues are up 1.4% and are discussed more fully below. These kinds of minor adjustments to budgeted revenues are routinely reflected in the University's revised budget.

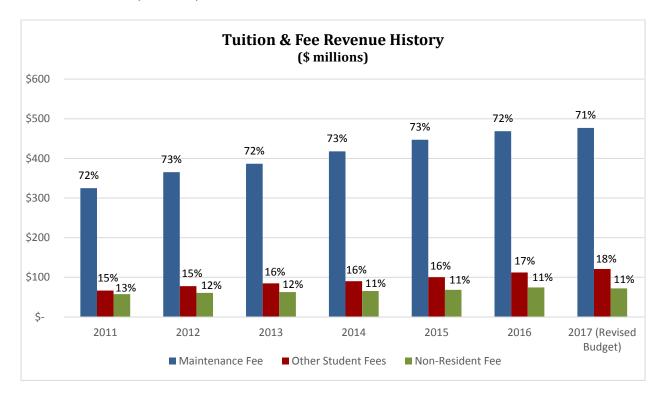

Trends in state appropri ations and tuition and fees are critical to the core op erations of the university. Their percentage share of total unrestricted E&G revenues has increased slightly over recent years from 86.5% in FY 2011 com pared to 88.1% in FY 2017. Tuition and fee revenue increased its share of total funding as the share from state appropriations declined. In FY 2011, appropriations exceeded tuition and fees by nearly \$99 million. This relationship reversed in FY 2012. In FY 2017, tuition and fees are expected to exceed appropriations by \$141 million.

#### **Tuition and Fee Revenues**

Tuition and fee budgets decreased only 0.2% from original budget, reflecting minor refinements to projected enrollments and revised expectations for various student fees, such as course and lab fees. The primary source of tuition and fee revenues are maintenance fees, commonly referred to as in-state tuition. The m aintenance fee is paid by all students, including out-of-state students. Non-resident tuition is a differential paid only by out-of-state students. It does not show all tuition and fees paid by out-of-state students. The term "out-of-state tuition" typically refers to the maintenance fee plus non-resident tuition.

Programs and services fees are m andatory fees paid by all students and include fees for student activities, health services, debt service, capital im provements, student counseling, and other programs. Extension enrollment fees are for non -credit personal and pr ofessional development courses. Examples of other student fees includ e technology fees, faciliti es fees, library fees, differential tuition, lab fees, and course fees.

FY 2017 Revised Budget	\$	525,232,949	\$	2,336,300		\$527,569,249

#### **State Appropriations**

Unrestricted state appropriations increased \$903,700 from the original budget. These are budgetneutral adjustments offset by minor increases in expenditures. The non-recurring adjustments include \$250,000 approved by the legislature for expenditures in preparation for the National Association of County Agricultural Agents Annual Meeting to be hosted by UT Extension in 2018.

#### **Other Revenues**

	FY17	FY17		
<b>Revenue Source</b>	Original	Revised	Chang	ge
Grants & Contracts	\$ 44,529,714	\$ 45,380,370	\$ 850,656	1.9 %

Total Other Revenues	\$ 159,541,083	\$ 161,818,012	\$ 2,276,929	1.4 %

There is little change in budgeted revenues from other sources. Grant and contract revenues are up 1.9%. These revenues are the portion of payments from grant and contract sponsors allocated to cover general facilities and administration costs incurred to support grant and contract programs.

Sales and service revenue budgets were adjusted up by 2.8%. These are sales from operations that generally provide services to the public (this doesnot include auxiliary enterprises, which typically provide services to faculty, staff, and students). Exam ples include medical clinics, 4-H camps, theaters, child development centers, training programs, sales of agricultural products, and sports camps.

The revised budget for other sources is virtually unchanged. These include revenue sources such as interest earnings, co nference revenues, federal appropriations (Sm ith-Lever, Hatch), local appropriations, UT-Battelle management fees, trademark licensing revenues, unrestricted gifts, and unrestricted endowment earnings.

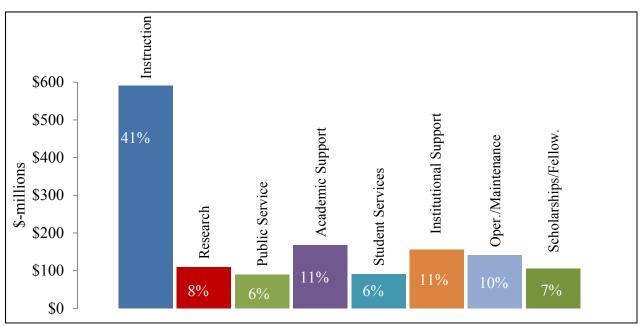

#### **Unrestricted E&G Expenditures**

Budgeted expenditures increased \$98.9 million. These are primarily non-recurring funds and do not reflect changes in recurring plans and opera tions. Most of the increase is funded by non-recurring funds transfers. The large increase in research is typical since a good portion of these funds come from non-recurring facilities and administration recoveries generated in previous years by research grants and contracts. Budgets for public service, academic support, and institutional support also have significant increases for non-recurring expenditures.

The increase was allocated through campus and institute budgeting procedures to over 1,651 nonrecurring projects and programs such as facility maintenance, equipment replacements, faculty start-up packages, bridge funding for research operations, lab upgrades, faculty incentives, campus improvements, energy conservation projects, and information technology infrastructure. Unused non-recurring funds will be carried forward to FY 2018 for use on similar non-recurring projects and improvements in the future.

#### **Recurring Unrestricted E&G Expenditures**

The relatively large amount of non-recurring funds in FY 2017 revised expense budgets can make comparisons to FY 2017 proposed budgets misleading. The tables below show only recurring base budgets. These include funds for recurring operations and exclude non-recurring budgets allocated to one-time projects in FY 2017. There are a few minor mid-year adjustments resulting in a 0.05% drop in overall re curring expenditures and transfer budgets. The first table below shows minor reallocations among functional area budgets. The second table shows that 0.3% of total funding was reallocated from non-personnel budgets to salaries and benefits. N one of these adjustments reflect material changes in strategy, operations, or financial conditions.

#### **Auxiliary Enterprises**

Auxiliary enterprises complement core cam pus operations by furnishing services to students, faculty, and staff. Each auxiliar y enterprise is self-funded through sa les, fees, and private gifts. These stand-alone operations include housing, food services, bookstores, parking, and other miscellaneous operations. It also includes UTK athletics since it is a self-supporting operation. (The athletic programs at Chattanooga and Martin are included in unrestricted E&G funds.)

Revised budget auxiliary revenues are \$246.0 million, an increase of \$13,858 over original budget. This is offset by a \$174,858 net increase in budgeted expenditures and transfers.

#### **Unrestricted Net Assets**

The University's practice is to m aintain 2-5 percent of unrestricted educational and general (E&G) e xpenditures and 3-5 percent of unrestricted auxiliary enterprise funds in its unallocated fund balance as a "rainy day" fund. It is needed incase of a downturn in enrollment, sharp decline in appropriations, or other situations that cause expenditures to exceed available revenues to pr ovide short-term funding while adjustments are made to bring the budget back into balance.

Encumbrances are funds car ried over from the previous fiscal year for purchases and commitments that were not received before the close of the fiscal year. These fund s are budgeted in the appropriate expenditure accounts as the items or services are received. Reappropriations are funds

reserved from FY 2016 for alloca tion to specific program s and initiatives in FY 2017 or in subsequent fiscal years.

The FY 2017 revised budget projects a June 30, 2017 unrestricted E&G unallocated fund balance of \$45.4 million, or 3.32% of expenditures and transfers. The unrestricted auxiliary enterprises unallocated balance is \$10.4 million, 4.22% of expenditures and transfers. The total unallocated balance projected for June 30, 2016 is \$55.8 million, which is 3.46% of expenditures and transfers.
