## Message from the CFO

The FY 2017-18 revised operating budget reflects operating plans and financial projections as of October 31, 2017. The University develops a revised budget each fiscal year to adjust to the following changes that occur during the year after the original budget is adopted in June:

1. The university's original budget is developed before the end of the previous fiscal year and uses ***budgeted*** net assets as its starting point. The revised budget uses ***actual*** net assets as its starting point. In most years, this change in net assets is offset by an increase to non-recurring expenditure budgets.
2. State appropriations are adjusted in September, requiring minor adjustments in most years.
3. Other adjustments may be needed if there are material changes to operating plans, organizational structure, revenue projections, or fixed costs.

Revised revenue budgets total \$2.370 billion, a 3.2% increase over the original budget. Revised expense budgets total \$2.405 billion, an 8.2% increase. These revisions include all current funds: unrestricted educational and general (E&G) funds, restricted E&G funds, and auxiliary funds. Most of the 8.2% increase are adjustments to projected grant and contract revenues which are recorded in restricted E&G funds.

Unrestricted E&G funds finance the university's core operations and are the primary focus of this budget proposal. Adjustments totaling \$13.2 million (0.9%) have been added to our unrestricted E&G revenue budgets

since July 1, 2017. Most of this increase comes from state appropriations provided to offset increased costs for employee retirement plan contributions. This kind of adjustment is normally included in the original June budget proposal, but the state was not ready to finalize these amounts until later this year.

Budgets for recurring unrestricted E&G expenditures and transfers increased by \$9.8 million (0.7%) due primarily to the state-funded increase in employee retirement plan contributions discussed above. Total recurring and non-recurring expenditures and transfers are up \$21.7 million (1.5%), reflecting carry-overs of unspent non-recurring funds from FY 2016-17. Campuses and institutes are using these one-time funds to upgrade technology in classrooms, fund energy efficiency projects, and address critical maintenance needs; prudent one-time investments that increase capacity and improve long-term effectiveness and efficiency.

Each campus and institute has implemented the salary plans described in the FY 2017-2018 Proposed Budget Document approved by the Board of Trustees last June.

Revenue and expenditure data for each operating unit is provided in this budget document. Also included is information on athletics and auxiliary budgets. A separate publication containing detailed supporting schedules is available in electronic format.

Respectfully,

*David L. Miller*

## Overview

The University of Tennessee FY 2017-18 revised budget revenues total \$2.370 billion: \$1.429 billion in unrestricted educational and general (E&G) funds, \$684.1 million in restricted E&G funds and \$257.0 million in auxiliary funds. This is a 3.2% increase from the FY 2017-18 original budget.

A change of this magnitude is typical for the annual revised budget and reflects no material changes to plans or operations for FY 2017-18. The adjustments ensure that the university's revised expenditure and transfer budgets for FY 2017-18 remain within available resources.

Amounts may not add due to rounding.

Unrestricted education and general funds (unrestricted E&G) support the core operations of the university: instruction, research, public service, academic support, student services, institutional support, facilities operations and maintenance, and scholarships and fellowships. They are funded primarily through tuition and student fees, state appropriations, and other sources including grants and contracts, federal and local appropriations, sales and services, and investment income.

Restricted funds must be used in accordance with purposes established by an external party; primarily grants, contracts, gifts and endowments. These funds are the major revenue sources for research, scholarships, and fellowships.

Auxiliaries are self-supporting enterprises which furnish services to students, faculty, and staff such as housing, bookstores, food services and UTK athletics. They complement the core operations of each campus and are a vital component in student life and campus culture.

## Unrestricted E&G Revenues

### Unrestricted E&G Revenue Summary

Tuition & Fees	\$ 690,740,078	\$ 692,507,872	\$ 1,767,794	0.3 %

FY 2017-18 revised budget unrestricted E&G revenues increased slightly from the original budget. State appropriation budgets increased 1.7%, primarily as a result of \$9.2 million added to fund increases state retirement plan contributions. These kinds of adjustments are normally reflected in the July 1 original budget, but the state provided its final numbers later than normal this year. Tuition and fee revenue budgets were adjusted upward 0.3% based on actual enrollments. Other revenues are up 1.3% and are discussed more fully below.

Trends in state appropriations and tuition and fees are critical to the core operations of the university. Their percentage share of total unrestricted E&G revenues has increased slightly over recent years from 85% in FY 2011-12 compared to 88% in FY 2017-18. In FY 2011-12, appropriations exceeded tuition and fees by nearly \$90.2 million. In FY 2017-18, tuition and fees are expected to exceed appropriations by \$119.5 million.

# FY2017-18 REVISED BUDGET

<b>Total Tuition and Fees</b>	<b>\$690,740,078</b>	<b>\$692,507,872</b>	<b>\$1,767,794</b>	<b>0.3%</b>

Tuition and fee budgets increased only 0.3% from original budget, reflecting minor refinements to projected enrollments and revised expectations for various student fees, such as course and lab fees. The primary source of tuition and fee revenues are maintenance fees, commonly referred to as in-state tuition. The maintenance fee is paid by all students, including out-of-state students. Non-resident tuition is a differential paid only by out-of-state students, not the full amount paid by out-of-state students. The term “out-of-state tuition” typically refers to the maintenance fee plus non-resident tuition.

Programs and services fees are mandatory fees paid by all students and include fees for student activities, health services, debt service, capital improvements, student counseling, and other programs. Extension enrollment fees are for non-credit personal and professional development courses. Examples of other student fees include technology fees, facilities fees, library fees, differential tuition, lab fees, and course fees.

Unrestricted state appropriations increased \$9,358,103 from the original budget, \$9.2 million of which is an offset to increases state retirement plan contributions. These kinds of adjustments are normally reflected in the July 1 original budget, but the state provided its final numbers later than normal this year.

## Other Unrestricted Revenues

Grants & Contracts	\$45,146,556	\$45,428,740	\$282,184	0.6%

<b>Total Other Revenues</b>	<b>\$161,720,927</b>	<b>\$163,749,691</b>	<b>\$2,028,764</b>	<b>1.3%</b>

There are minor changes in budgeted revenues from other sources adding up to \$2,028,764. Most of the increases are from operations that provide fee-based services to the public (this does not include auxiliary enterprises, which typically provide services to faculty, staff, and students). Examples include medical clinics, 4-H camps, theaters, child development centers, training programs, sales of agricultural products, and sports camps. The largest increase is \$1.3 million from Health Science Center dental clinics, the Flow Cytometry Lab, the Plough Center, and other labs.

Budgeted revenues from miscellaneous sources increased 0.7%. These include revenue sources such as interest earnings, conference revenues, federal appropriations (Smith-Lever, Hatch), local appropriations, UT-Battelle management fees, trademark licensing revenues, unrestricted gifts, and unrestricted endowment earnings.

Grant and contract revenue budgets are up 0.6%. These revenues are the portion of payments from grant and contract sponsors allocated to cover general facilities and administration costs incurred to support grant and contract programs.

Budgeted expenditures increased \$120.7 million. These are primarily non-recurring funds and do not reflect changes in recurring plans and operations. Most of the increase is offset by budgeted transfers from non-recurring renewal and replacement fund balances. The large increase in research is typical since a good portion of these funds come from non-recurring facilities and administration recoveries generated in previous years by research grants and contracts. Budgets for public service, academic support, and institutional support also have significant increases for non-recurring expenditures.

These increases were allocated through campus and institute budgeting procedures to non-recurring projects and programs such as facility maintenance, equipment replacements, faculty start-up packages, bridge funding for research operations, lab upgrades, faculty incentives, campus improvements, energy conservation projects, and information technology infrastructure. Unused non-recurring funds will be carried forward to FY 2018-19 for use on similar non-recurring projects and improvements in the future.

## Recurring Unrestricted E&G Expenditures

The relatively large amount of non-recurring funds in mid-year revised expense budgets can distort comparisons to July 1 original expense budgets. The following tables avoid this problem by showing only recurring budgets. These are funds allocated to recurring operations and exclude non-recurring budgets allocated to one-time projects.

The table below shows changes in functional area budgets, including reallocations among functional areas. Overall, there is a minor 0.8% increase of \$10.7 million in total unrestricted E&G expenditures. Most of this is for the state-funded cost increase in the employer share of retirement contributions that has been discussed in previous sections.

The other material change is a large transfer of recurring funds budgeted in instruction to the research functional area. UT Knoxville shifted \$33.0 million in recurring salaries from instruction to research to more accurately reflect faculty research efforts. The changes are in accordance with generally accepted accounting practices for higher education.

## **Recurring Unrestricted E&G Expenditures (continued)**

This table shows recurring expenditure budgets by natural classifications. None of these adjustments reflect material changes in strategy, operations, or financial conditions other than the \$9.2 million increase in budgets for staff benefits. Most of this is for the state-funded cost increase in the employer share of retirement contributions that has been discussed in previous sections.

## Auxiliary Enterprises

Auxiliary enterprises complement core campus operations by furnishing services to students, faculty, and staff. Each auxiliary enterprise is self-funded through sales, fees, and private gifts. These stand-alone operations include housing, food services, bookstores, parking, and other miscellaneous operations. It also includes UT Knoxville athletics since it is a self-supporting operation. (The athletic programs at Chattanooga and Martin are included in unrestricted E&G funds.)

These budgets are virtually unchanged compared to July 1. Revised budgets for unrestricted auxiliary revenues are \$256.7 million, an increase of \$14,525 over original budget. This is offset by a \$68,998 net increase in budgeted expenditures and transfers.

## **Unrestricted Net Assets**

The university maintains sufficient levels of unrestricted net assets to comply with state regulations on working capital, properly account for revolving funds related to unique operations and fund allocation mechanisms, and meet contractual obligations and operational plans for the next year. University fiscal policy requires current fund operating budgets to provide year-end net asset fund balances sufficient to ensure adequate financial resources for the next fiscal year.

**Working capital** is set aside to provide sufficient liquidity to fund accounts receivable, inventories, and petty cash. These set asides are required by state regulations and are considered to be non-expendable during the fiscal year.

**Revolving funds** are set aside for unique functions. Some are operating fund balances tied to revenue-generating units that are expected to operate as independent business operations (e.g., service centers, motor pools, conference centers, medical clinics). Others are used to allocate university-wide costs or revenues among campuses and institutes in order to meet certain accounting requirements or support specialized internal cost-distribution models. Examples include funds related to unemployment compensation, unpaid wages & salaries, COBRA adjustments, and workers compensation liabilities.

**Encumbrances** are funds carried over to fund commitments for purchases of goods and services that were not received before the close of the fiscal year. These funds are budgeted in the appropriate expenditure accounts as the goods and services are received. They are typically fully expended during the fiscal year.

**Reappropriations** are funds carried forward from the previous fiscal year for specific programs and initiatives. The most common example is a project that was planned for the previous fiscal year but delayed until the next fiscal year. Most reappropriations are fully expended during the current year, but it is common to see some of these funds carried forward to future years if plans change or projects are completed below budget.

# FY2017-18 REVISED BUDGET

## Unrestricted Net Assets (continued)

**Unallocated** net asset fund balances are needed to adjust to minor fluctuations in revenues and expenditures that occur each year. It is university practice to limit these fund balances to avoid building excessive levels of unallocated current funds. The target range for unrestricted educational and general (E&G) funds is 2% to 5% of total expenditures and transfers. The auxiliary fund target range is 3% to 5% of auxiliary expenditures and transfers.

The revised budget projects a June 30 unrestricted E&G unallocated fund balance of \$46.3 million, or 3.22% of expenditures and transfers. The unrestricted auxiliary enterprises unallocated balance is \$9.9 million, 3.84% of expenditures and transfers. The total unallocated balance projected for June 30 is \$56.2million, which is 3.33% of expenditures and transfers.
