Message From the Chief Financial Officer

The FY 2018-19 proposed operating budget allocates available funding to the university's current operations for the fiscal year beginning July 1, 2018 and ending June 30, 2019. It is the result of input from hundreds of dedicated faculty, staff, students and citizens involved in setting priorities for the university's campuses, colleges, and institutes across the state of Tennessee.

Ensuring student access and affordability is a partnership between the university and the state. During recent years, reliable state funding combined with efficiency efforts and prudent fiscal management by the university, have resulted in the lowest tuition increases in the history of the UT System. FY 2018-19 will be the fourth year in a row of tuition historically low increases. Resident undergraduate tuition will not increase at UT Knoxville and UT Chattanooga. UT Martin will implement a modest 3% tuition increase. There will be few increases to other student fees.

Recurring unrestricted state funding will increase by \$28.7 million. This includes state formula funds generated by productivity gains made by UT's three "formula units" (Chattanooga, Knoxville, and Martin), funding for a 2.5% salary pool, \$2.5 million to offset the cost of health insurance premium increases, and other adjustments. During a time when state funding for public higher education is uncertain in many states, Tennessee has made good on its commitment to make higher education a top priority.

The increases in state funding and growth in other revenue sources, including tuition and fees, will support \$54.5 million in new recurring unrestricted educational and general (E&G) expenditures. Most of these funds will be used to fund the 2.5% salary pool, institutionally funded scholarships, operating inflation, and fixed-cost increases. The remainder will be used to fund modest improvements and enhancements in student services and academic programs, new faculty and staff positions, faculty promotions and start ups, safety and security, strategic enrollment plans, campus improvements, and facilities and equipment.

University administration proposes a 2.5% salary increase pool to reward performance and adjust for salary market factors. The total cost of the salary plan is estimated at \$28.4 million. \$22.1 million will be funded from unrestricted E&G revenues using \$15.8 million in state funds earmarked for the salary pool, state formula unit performance funding, student tuition and fees, and other unrestricted revenues. Approximately \$5.1 million will be funded by restricted grants, contracts, gifts, and endowments. The remaining \$1.2 million is for employees of auxiliary enterprises, which will use fees and athletics revenues to fund the salary increases.

The state will provide \$59.6 million in capital appropriations: \$47.5 million for six capital maintenance projects, \$8.1 million for the College of Veterinary Medicine Teaching and Learning Center, and \$4 million in pre-planning funds for the UT Institute of Agriculture Energy and Environmental Science building. (Details on capital funding are presented in a separate document.)

Revenue and expenditure data for each operating unit are provided in this budget document. Also included are detailed schedules on tuition and fees. A separate publication containing detailed supporting schedules is available in printed or electronic format.

Respectfully,

David L. Miller

David L. Miller Chief Financial Officer

Overview

The University of Tennessee (UT) FY 2018-19 proposed budget current fund operating revenues total \$2.4 billion: \$1.5 billion in unrestricted educational and general (E&G) funds, \$682 million in restricted E&G funds and \$265 million in auxiliary funds. This is a 2.2% increase from the FY 2017-18 probable budget.

TOTAL OPERATING REVENUE
(\$ millions)

Revenue Source	FY 2018 Probable	FY 2019 Proposed	Char	nge
Unrestricted E&G	\$ 1,431.3	\$ 1,471.2	\$39.9	2.8%
Restricted E&G	676.2	681.7	5.5	0.8%
Auxiliaries	256.9	264.6	7.7	3.0%
Total	\$ 2,364.4	\$ 2,417.5	\$53.1	2.2%

Amounts may not add due to rounding.

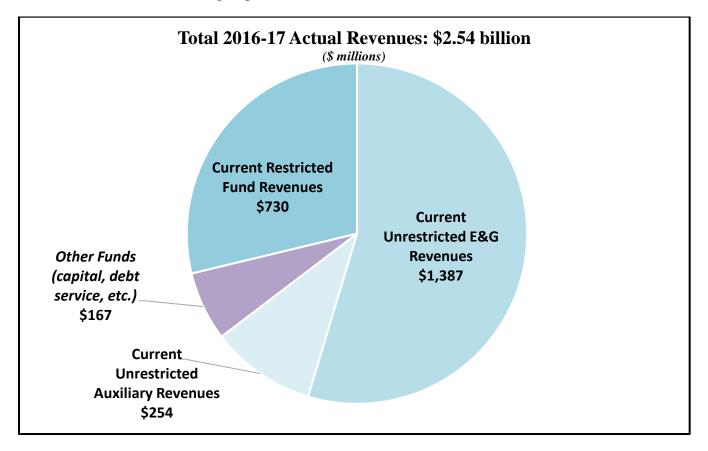

The proposed budget for current unrestricted E&G funds and current unrestricted auxiliary funds are presented by university administration for consideration and approval by the Board of Trustees. This document provides a narrative analysis and detailed schedules of these funds. It also includes detailed schedules on proposed student tuition and fees recommended for Board approval.

Unrestricted E&G funds support the core operations of the university, which include instruction, institutionally funded research, public service, academic support, student services, institutional support, facilities operations and maintenance, and institutionally funded scholarships and fellowships. They are funded primarily through student tuition and fees and state appropriations.

Auxiliaries are self-supporting enterprises which furnish services to students, faculty, and staff such as housing, bookstores, food services and UT Knoxville (UTK) athletics. Most are funded through fee models such as housing rentals, dining plan prices, and sales of books and supplies.

This document also provides information on current restricted operating funds for information purposes. These funds represent a vital component of the university's operations, in particular in the areas of research and student financial aid, but the use of these funds is directed by the granting agencies and donors who provide the revenue. At any point in time, the university is managing hundreds of grants, contracts, gift funds, and endowments, each having its own unique contractual terms and conditions. Consequently, these funds are typically unavailable to be allocated to general university operations. The information presented for these funds provides context of how the proposed current unrestricted fund operating budget fits into the university's total financial resources for FY 2018-19 current operations.

The university also manages other funds that are unrelated to current operations. These include funds for renewal and replacement, capital construction and maintenance, debt service, and permanent endowments. Information on these funds are not presented in this document. The university's annual audited financial statements provide detailed information on the sources, uses, and net balances of these fund groups.

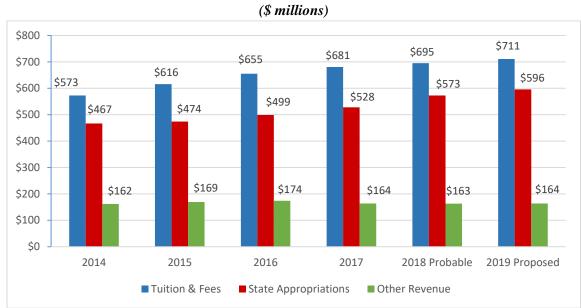

Unrestricted E&G Revenues

Uni estricteu E&G Kevenue Summary				
	FY 2017-18	FY 2018-19		
Revenue Source	Probable	Proposed	Chang	e
Tuition & Fees	\$ 695,058,937	\$ 711,215,155	\$ 16,156,218	2.3%
State Appropriations	573,008,552	595,792,552	22,784,000	4.0%
Other Revenues	163,244,395	164,158,418	914,023	0.6%
Total E&G Revenues	\$ 1,431,311,884	\$ 1,471,166,125	\$ 39,854,241	2.8%

Unrestricted E&G Revenue Summary

Unrestricted E&G revenues are up \$39.9 million with the largest increase coming from state appropriations (\$22.8 million) followed by tuition and fees (\$16.2 million). This continues the trend in recent years during which state funding growth, combined with efficiency efforts, has resulted in the lowest tuition increases since the UT System was established.

Unrestricted E&G Revenue History

Trends in state appropriations and tuition and fees are critical to the core operations of the university. Their percentage share of total unrestricted E&G revenues has increased slightly over recent years from a typical range of 85% to 86% over the past decade to 88.8% in FY 2018-19. Tuition and fee revenue increased its share of total funding dramatically from FY 2007-08 to FY 2011-12 as state appropriations dropped by more than \$125 million. An improving economy and commitment to funding higher education on the part of state leaders reversed this trend in recent years.

	FY2017-18	FY2018-19		
Fee Type	Probable	Proposed	Change	
Maintenance Fees	\$ 491,501,545	\$ 501,812,146	\$ 10,310,601	2.1 %
Non-Resident Tuition	70,794,696	72,414,553	1,619,857	2.3 %
Program and Service Fees	72,150,348	73,844,290	1,693,942	2.3 %
Other Student Fees	52,958,463	55,156,792	2,198,329	4.2 %
Extension Enrollment Fees	7,653,885	7,987,374	333,489	4.4 %
Total Tuition and Fees	\$ 695,058,937	\$ 711,215,155	\$ 16,156,218	2.3%

Tuition and Fee Revenues

Tuition and fees at UT campuses remain competitively priced relative to peer institutions and the value of a UT degree is widely recognized. All UT campuses are routinely featured in "best-buy" lists including The Princeton Review, Kiplinger's Personal Finance, U.S. News & World Report, and the Washington Monthly's list of "Best Bang for the Buck Southern Colleges" among others. In recent years, both UT Knoxville and UT Chattanooga made U.S. News & World Report's list of best campuses for veterans and UT Martin was recognized as a "2018 Military Friendly School" by Victory Media.

The primary source of tuition and fee revenues are maintenance fees, commonly referred to as instate tuition. This can cause some confusion since the maintenance fee is paid by all students, including out-of-state students. Non-resident tuition is a differential paid in addition to the maintenance fee by out-of-state students (the term "out-of-state tuition" is actually the maintenance fee plus non-resident tuition). Program and service fees are mandatory fees paid by all students and include fees for student activities, health services, debt service, capital improvements, student counseling, and other programs. Extension enrollment fees are for noncredit personal and professional development courses. Examples of other student fees include technology fees, facilities fees, library fees, differential fees, lab fees, and course fees.

Budgeted tuition and fee revenues increase \$16.2 million. Just over one-third of this increase (\$5,719,612) is expected to result from the proposed tuition and fee changes for fall 2018. The remaining \$10,436,606 is related to projected enrollment changes and adjustments to recurring revenue budgets to reflect stronger than projected enrollment growth in past years. A management discussion of the projected increase in tuition and fee revenues resulting from proposed tuition and fee changes and their intended uses can be found later in this document in Section C (**FY 2018-19 Proposed Tuition and Fees**).

		Non-	
Adjustments	Recurring	Recurring	Total

FY 2018-19 Proposed Budget	\$ 594,719,552	\$ 1,073,000	\$ 595,792,552

Unrestricted State Appropriations

Unrestricted state appropriations increase \$22.8 million. Appropriations for recurring operations will increase by over \$28.7 million. Most of this (\$24.2 million) is funding for a 2.5% salary pool and performance gains at UT's three "formula units" (UT Chattanooga, UT Knoxville, and UT Martin). The revenue generated by formula unit performance gains are calculated through the Tennessee Higher Education Commission (THEC) funding formula based on improvements in student success metrics and external funding. UT campuses routinely lead the state in these productivity improvements. UT also received \$2.5 million to offset the employer share of premium increases in the state's health insurance program.

The state is providing recurring funds for the UT Institute of Agriculture (UTIA) Genomics Center for the Advancement of Agriculture to conduct cutting edge research and produce graduates with unique skillsets in the growing field of livestock genetics. The center is expected to benefit Tennessee farmers and agribusinesses improve livestock fertility, soundness, pest and disease resistance, feed efficiency, and longevity.

Non recurring appropriations decrease by \$6 million in one-time startup funds for a new doctoral program in data analytics at UTK's Bredesen Center and other non-recurring items which are included in the FY 2017-18 budget.

The UT Health Science Center (UTHSC) will receive \$2 million in non-recurring funds for its Center of Excellence in Addiction Medicine as part of the Governor's "Tennessee Together Opioid Initiative." The Center provides clinical treatment services including cognitive behavioral therapy, medication-assisted treatment, motivational enhancement therapy, and 12-step program facilitation across all demographics. The Center also trains physicians to offer alternative forms

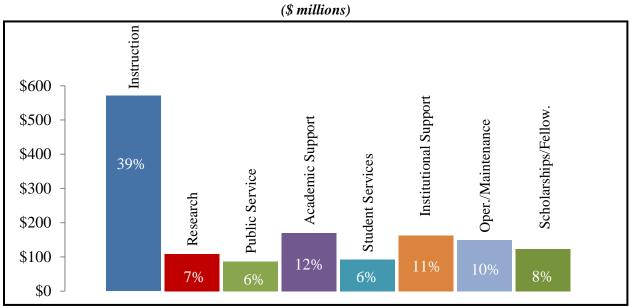

of pain therapy to avoid over-prescription of opioids. This funding was added to the state's appropriations bill near the end of the legislative session, which was too late to include in the proposed budget document schedules. It will be added to the mid-year revised budget that will be submitted to the Board of Trustees at its spring 2019 meeting.

Other Revenues

Other Revenues					
Revenue Source	Probable	Proposed	Chang	je –	
Grants and Contracts	43,982,356	43,237,280	(745,076)	(1.7) %	
Sales & Services	62,847,073	63,329,502	482,429	0.8 %	
Miscellaneous	56,414,966	57,591,636	1,176,670	2.1 %	
Total Other Revenues	\$ 163,244,395	\$ 164,158,418	\$ 914,023	0.6 %	

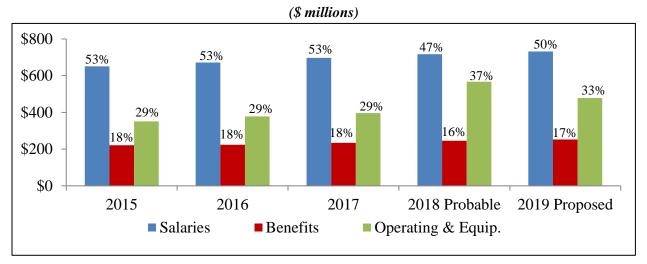

The \$914,023 increase in other revenues is immaterial in relation to the total revenue increase of \$39.9 million. The revenues shown above include sales from operations that generally provide services to the public (this does not include auxiliary enterprises, which typically provide services to faculty, staff, and students). Examples include medical clinics, 4-H camps, theaters, child development centers, training programs, sales of agricultural products, and sports camps. Grant and contract revenues are the portion of payments from grant and contract sponsors allocated to cover general facilities and administration costs incurred to support grant and contract programs. Miscellaneous revenues include revenue sources such as interest earnings, conference revenues, federal appropriations (Smith-Lever, Hatch), local appropriations, UT-Battelle management fees, trademark licensing revenues, unrestricted gifts, and unrestricted endowment earnings. There are no significant changes expected to these revenue streams and their related operations.

Unrestricted E&G Expenditures

Unrestricted E&G Expenditures by Function

Unrestricted E&G expenditures are budgeted at \$1.46 billion among the eight functional areas shown in the chart above. Instruction accounts for the lion's share. Unrestricted E&G budgets for research, scholarships and fellowships show only general funds allocated to these functions. Most of their funding comes from restricted grants, contracts, gifts, and endowments rather than state appropriations or tuition and fees. Institutional support and operation & maintenance of physical plant support all university operations, including those funded through restricted and auxiliary funds. The chart below shows that personnel costs account for around 67% of expenditures.

Unrestricted E&G Expenditures by Natural Classification

	FY 2017-18	FY 2018-19		
Functional Category	Probable	Proposed	Change	e
Instruction	\$ 584,471,742	\$ 570,658,457	\$ (13,813,285)	(2.4) %

Public Service	93,982,307	86,506,110	(7,476,197)	(8.0) %
Academic Support	178,119,863	169,917,388	(8,202,475)	(4.6) %
Student Services	95,208,568	91,907,823	(-3,330,745)	(3.5) %
Institutional Support	165,401,404	163,417,869	(1,983,535)	(1.2) %
Operation & Maint.of Plant	149,556,862	148,986,294	(570,568)	(.4) %
Scholarships and Fellowships	112,427,064	122,709,656	10,282,592	9.1 %
Total E&G Expenditures	\$ 1,529,629,879	\$1,462,760,595	\$ (66,869,284)	(4.4) %
Transfers	\$ (89,439,679)	\$ 8,742,431	\$ 98,182,110	109.8%
Expenditures & Transfers	\$ 1,440,190,200	\$1,471,503,026	\$ 33,744,527	2.2 %

Unrestricted E&G Expenditures by Functional Category

The large declines in budgeted expenditures shown above can be easily misinterpreted. They do not reflect changes in ongoing plans, priorities, and operations. It is common practice to base proposed expenditure budgets, which are developed before year-end carry forward amounts are known, to plans for recurring operations. Campuses and institutes typically determine how carry forward funds will be allocated in September and October, after the Controller's Office completes the year-end closing process and final carry forward balances are known. These allocations are made through mid-year non-recurring budget adjustments which are included in the revised budget document presented to the Board at its winter or spring meeting.

The FY 2017-18 probable budget includes \$114.3 million in non-recurring funds that were added to the budget mid-year after actual enrollments and the amount of funds carried over from FY 2016-17 were known. These funds were allocated to departments for one-time projects such as facility maintenance, equipment replacements, faculty startup packages, bridge funding for research operations, lab upgrades, faculty incentives, campus improvements, energy conservation projects, and information technology infrastructure. These budgets set authorized spending levels to guide the decisions of deans, directors, and department heads. They are not projections of actual expenditures, rather a management tool that ensures that expenditures are directed to campus/institute priorities and within available levels of funding. Unused non-recurring funds will be carried forward to FY 2018-19 for use on similar non-recurring projects and reflected in the FY 2018-19 revised budget.

An analysis of the change in recurring expenditure budgets follows. It is a better reflection of plans and priorities for core operations in FY 2018-19.

<u>Recurring Unrestricted E&G Expenditures</u>

Recurring Expenditures by Functional Category

Recurring Expenditures by Natural Classification

	FY 2017-18	FY 2018-19		
Natural Classification	Probable	Proposed	Chang	e
Academic Salaries	\$ 355,340,318	\$ 362,692,446	\$ 7,352,128	2.1 %
Non-Academic Salaries	350,751,891	359,376,812	8,624,921	2.5 %
Student Employees	8,531,029	8,561,574	30,545	0.4 %
Total Salaries	\$ 714,623,238	\$ 730,630,832	\$ 16,007,594	2.2%
Staff Benefits	245,133,874	252,706,041	7,572,167	3.1 %
Total Salaries & Benefits	\$ 959,757,112	\$ 983,336,873	\$ 23,579,761	2.5%
Operating & Equipment	447,526,523	478,445,282	30,918,759	6.9 %
Total Expenditures	\$ 1,407,283,635	\$1,461,782,155	\$ 54,498,520	3.9 %

The tables above show only funds for recurring operations and exclude non-recurring budgets. Recurring expenditure budgets are up \$54.5 million (3.9%). Over half of the increase will be used for a 2.5% salary pool for faculty and staff salary increases (\$22.1 million), health insurance premium increases (\$2.5 million), and institutionally-funded student financial aid (\$4.8 million). Roughly \$9.2 million is needed to keep up with operating inflation and fund fixed-cost increases such as contract escalations.

The remaining \$16 million will be used for improvements and enhancements such as new faculty and staff positions, faculty promotions and startups, enhanced student services and academic programs, strategic enrollment plans, campus improvements, and

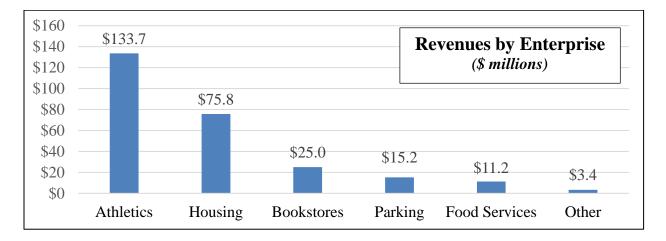

facilities and equipment. Many of these improvements are needed to maintain program accreditation, respond to market pressures from competitor institutions, meet student demand for specific programs/services, ensure campus safety and security, and comply with a continuously evolving regulatory environment.

Auxiliary Enterprises

Auxiliaries are self-supporting enterprises which furnish services to students, faculty, and staff such as housing, bookstores, food services and UTK athletics. (The athletic programs at Chattanooga and Martin are included in unrestricted E&G funds.) Most are funded through fee models such as housing rentals, dining plan prices, parking permits, and sales of books and supplies. UTK athletics has a variety of funding sources including ticket sales and television revenues. Typical expenditures include staff salaries and benefits, general operating, and utilities. A large percentage of auxiliary annual operating revenues are transferred to other fund groups to fund capital expenditures and debt service required for construction, maintenance, and replacement of facilities and capital equipment.

Most of the growth in revenues is for housing, primarily at UTC (\$4.1 million) and UTK (\$2.2 million). This will fund debt service and operating expenditures for UTC's new West Campus residence hall, facility improvements and replacement at UTK, and part of the 2.5% salary pool.

Revenues, Expenditures, and Transfers	FY 2017-18 Probable	FY 2018-19 Proposed	Change			
Revenues	\$ 256,626,973	\$ 264,379,683	\$ 7,752,710	3.0 %		
Expenditures	193,258,426	198,430,261	5,171,835	2.7 %		
Transfers	63,423,020	65,929,422	2,506,402	4.0 %		
Total Expenditures and Transfers	\$ 256,681,446	\$ 264,359,683	\$ 7,678,237	3.0 %		

FY 2018-19 Salary Plan

University administration proposes a 2.5% pool for general salary increases in FY 2018-19 to reward exceptional performance and adjust for salary market factors. The total cost of the salary plan is estimated at \$28.4 million. Of this, \$22.1 million will be funded from unrestricted E&G revenues, which include \$15.8 million in state funds earmarked for the salary pool. The remainder of the \$22.1 million will come from state formula unit performance funding, student tuition and fees, and other unrestricted revenues. Approximately \$5.1 million will be funded by restricted E&G funds from grants, contracts, gifts, and endowments. The remaining \$1.2 million is for employees of auxiliary enterprises such as housing, food services, parking, bookstores, and UTK athletics. These self-supporting business units will use fees and athletics revenues to fund the salary increases.

Unrestricted Current Fund Net Assets

The university maintains sufficient levels of current fund unrestricted net assets to comply with state regulations on working capital, properly account for revolving funds related to unique operations and cost allocation mechanisms, and meet contractual obligations and operational plans for the next year. University fiscal policy requires current fund operating budgets to provide year-end net asset fund balances sufficient to ensure adequate financial resources for the next fiscal year.

Working capital is set aside to provide sufficient liquidity to fund accounts receivable, inventories, and petty cash. These set asides are required by state regulations and are considered to be non-expendable during the fiscal year.

Revolving funds are set aside for unique functions. Some are operating fund balances tied to revenue-generating units that are expected to operate as independent business operations (e.g., service centers, motor pools, conference centers, medical clinics). Others are used to allocate university-wide costs or revenues among campuses and institutes in order to meet certain accounting requirements or support specialized internal cost-distribution models. Examples include funds related to unemployment compensation, unpaid wages & salaries, COBRA adjustments, and workers compensation liabilities.

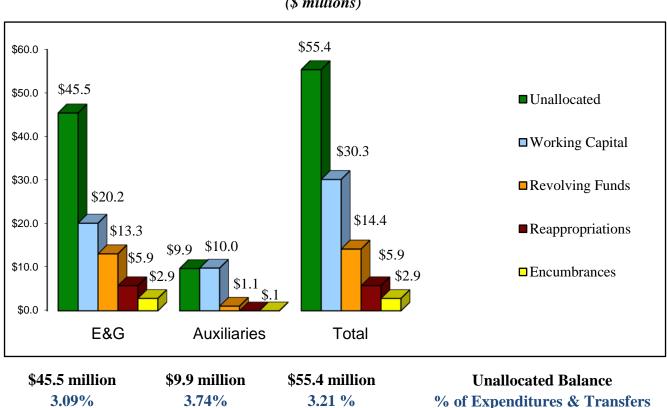

Encumbrances are funds carried over to fund commitments for purchases of goods and services that were not received before the close of the fiscal year. These funds are budgeted in the appropriate expenditure accounts as the goods and services are received. They are typically fully expended during the fiscal year.

Reappropriations are funds carried forward from the previous fiscal year for specific programs and initiatives. The most common example is a project that was planned for the previous fiscal year but delayed until the next fiscal year. Most reappropriations are fully expended during the current year, but occasionally some of these funds may be carried forward to future years if plans change or projects are completed below budget.

Unallocated net asset fund balances are needed to adjust to minor fluctuations in revenues and expenditures that occur each year and to respond to unforeseen financial developments. It is university practice to limit these fund balances to avoid building excessive levels of unallocated current funds. The target range for unrestricted educational and general (E&G) funds is 2% to 5% of total expenditures and transfers. The auxiliary fund target range is 3% to 5% of auxiliary expenditures and transfers.

Unrestricted Current Fund Net Assets (continued)

The proposed budget projects a June 30, 2019 unrestricted E&G unallocated fund balance of \$45.5 million, or 3.09% of expenditures and transfers. The unrestricted auxiliary enterprises unallocated balance is \$9.9 million, 3.74% of expenditures and transfers. The total unallocated balance projected for June 30, 2019 is \$55.4million, which is 3.21% of expenditures and transfers. (The figures below do not include renewal and replacement funds, which are unrestricted carry overs held over multiple years for long-term commitments, plans, and contingencies. These funds totaled \$554 million at the beginning of FY 2017-18.)

THE UNIVERSITY OF TENNESSEE FY 2018-19 PROPOSED TUITION AND FEES

This section presents anticipated tuition¹ and fee revenue growth that will result from the proposed fee adjustments recommended to the Board of Trustees for FY 2018-19. It is provided to inform Board members in their consideration of the university's fee proposal. It includes revenue projections for specific fee changes at each campus, a discussion on how the additional revenues are planned to be used, and detailed schedules of tuition and fee levels proposed for each campus. This section does not address revenue changes related to enrollment changes and other factors that will occur if tuition and fee levels remain unchanged.

Sections	Page
Recommendations	C-2
Proposed Uses of New Fee Revenues	C-5
Tuition and Fee Schedules:	
Chattanooga	C-10
Knoxville	C-12
Martin	C-17
Veterinary Medicine	C-20
Health Science Center	C-21
Student Program and Service Fees (SPSF)	C-24
Fees for Disabled and Elderly Persons	C-25

¹For the purposes of this document, tuition refers to both maintenance fees and out-of-state tuition.

Recommendations

The tuition and fee changes proposed for FY 2018-19 follow a recent trend of unusually low increases. Instate undergraduate tuition will not increase at UT Chattanooga and UT Knoxville, and will be within the Tennessee Higher Education Commission (THEC) range of 3% at UT Martin. This is an unprecedented fourth consecutive year of increases of 3% or less.

The tuition and fee changes recommended for Board approval are projected to generate additional unrestricted educational and general (E&G) revenues of \$5,719,612. The increase from tuition is \$3,743,712, while the remaining increase of \$1,975,900 comes from other student fees. (This does not include revenues of \$2,439,439 expected to result from increases to auxiliary rates for housing, dining, parking, and other miscellaneous fees approved by the chancellors.)

Nearly a third of these revenues will be allocated to student financial aid, leaving almost \$4.5 million to fund E&G operations. Over half of these funds will be used for new faculty and staff positions, promotions, and faculty start-up expenditures.

Campus/Institute	New Revenue
Knoxville	\$1,465,800

MAINTENANCE FEES AND TUITION Recommended Percent Change

*In-state students pay only for the maintenance fee, which is commonly referred to as 'in-state tuition'. Out-of-state students pay the maintenance fee plus out-of-state tuition. The combined amount of these two fees is commonly referred to as 'out-of-state tuition'.

OTHER FEES FY 2018-19 Recommended Rate Increases

PROPOSED USES OF NEW REVENUES

UT CHATTANOOGA

- <u>Maintenance Fee and Out-of-State Tuition</u> There is no increase for the maintenance fee for undergraduate and graduate students. There is no increase for undergraduate out-of-state tuition. Graduate out-of-state tuition is reduced by 50% (-\$8,054) from \$16,118 to \$8,064, while Graduate out-of-state tuition (International) is reduced 0.3% from \$16,118 to \$16,064. Graduate Revenue is expected to remain neutral based on an anticipated full-time equivalent (FTE) student increase.
- <u>Online Professional MBA Program</u> The Online Professional MBA Program will decrease 20.2% (-\$5,856) from \$28,944 to \$23,088. The decrease is due to the elimination of the Online MBA Program fee. The revenues for this decrease represents an amount of -\$400,000.
- <u>Graduate College of Business Program Fee</u> This new program fee is an annualized amount of \$900 and will generate \$275,000 in revenue. The revenue will be used to fund marketing efforts to produce additional enrollment, manage lead applications, enhance career services and fund key staff positions.
- <u>Mosaic Program Fee</u> This fee will increase 40% (\$2,000) annually from \$5,000 to \$7,000 and will generate \$106,000 in new revenue. This revenue will be used in support of the Mosaic Program within the Disability Resource Center. The Mosaic Program is a multifaceted and comprehensive program that supports college students who have an Autism Spectrum Disorder. This fee will increase the ability for this self-sustaining program to continue growing and achieving great successes both inside and outside the classroom; as well as, become accurately benchmarked among peer programs in regards to costs.

UT KNOXVILLE

- <u>Maintenance Fee and Out-of-State Tuition</u> Knoxville proposes no increase to the maintenance fee or out-of-state tuition for undergraduate, graduate, or professional students.
- <u>Masters in Science in Industrial and Systems Engineering</u> This program fee increase covers operating costs for the full-time, off campus masters cohort. The fee covers university tuition, engineering fees, faculty time, other instructors, the program director, student assistants, meals, books, and miscellaneous supplies. The current rate was established in 2011 and has not increased. However, tuition, fees and overall program costs have increased during that time. The increase in the program fee will generate \$30,000 in additional revenue.

FY 2018-19 PROPOSED BUDGET

- <u>Master of Science in Industrial and Systems Engineering Health Systems</u> This new program fee covers operating cost for full-time, off campus master's program. The courses are delivered one day a week on-site at a TN Hospital Association facility. Students register for specific courses in the program which are taught only for the cohort students. The fee covers university tuition, engineering fees, faculty time, instructors, the program director, student assistants, snacks, books, travel and supplies. This fee will generate \$300,000 in new revenue.
- <u>Social Work Program Fees</u> Social work is requesting program fees for their Doctor of Social Work (DSW) and Master of Science in Social Work (MSSW) programs. For the DSW Program, this requested fee will provide additional financial support for the operational needs of the DSW program. The program requires additional funding to support the DSW program materials and activities such as DSW orientation, graduation reception, and intensive week: refreshments, lunches, rental space, parking, marketing resources, and student travel. The fee request for the MSSW Program will provide financial support for a non-tenure track faculty of practice and will cover salary and benefits. This faculty of practice track would help alleviate the need for a high number adjunct faculty and will increase the quality of teaching provided to students. These fees will generate \$235,800 in new revenue.
- <u>Masters of Science in Supply Chain Management (MSSCM) Online</u> This program fee will primarily be used (but not limited to) to pay faculty costs, online program management services (marketing recruiting, instructional design, student services, technology integration) and provide additional support for student success through enhanced career planning and development, advising and career management. The fee covers the cost of the university In-State Maintenance Fee, Out-of-State Tuition, Library Fee and Online Program Fee. (Note: MSSCM-Online program is currently awaiting approval from the Board of Trustees & THEC with a start date of Fall Semester 2019. All other proposed fee changes will be effective in the 2018 Fall Semester.) This fee will generate \$803,250 in new revenue in FY 2019-20.
- <u>Student Program and Service Fees (SPSF)</u> An increase in Student Program and Service Fees will generate an increase of \$900,000 in revenues. Projected FY19 operating expenses covered by the SPSF exceed projected revenues by \$1,700,000. Upon review of the reserve balances and focusing on easing the burden placed on students, \$800,000 will be covered by drawing on reserves and the remaining \$900,000 will be covered by revenues produced by the fee increase. \$650,000 of this increase will be used for costs associated with opening the new Student Union and \$250,000 will be used for an anticipated 2.5% raise pool.
 - <u>Student Program Fee (\$550,000)</u> This portion of the SPSF is used for expenses relating to student services, activities, and programs organized or operated under the auspices of the Chief Student Affairs Officer (e.g. operating expenses and equipment; wages, salaries, and benefits) including student organized programming.

• <u>Capital Fee (\$350,000)</u> - This portion of the SPSF is used for acquisition, construction, installation, maintenance, or enhancement of any University property or facilities primarily used for non-instructional purposes, including the satisfaction of indebtedness. It is also used for the purpose of equipment to support student services, activities and programs organized or operated under the auspices of the Chief Student Affairs Officer.

UT MARTIN

- <u>Maintenance Fee</u> The net result of a 3.0 % increase in the maintenance fee is a revenue increase of \$1,000,700. There is an increase in out-of-state tuition to maintain the out-of-state/in-state ratio of 75%. The out-of-state increase will generate \$116,000 in revenue. The SOAR in Four model phase in will continue with an increase from less than 60 credit hours to less than 90 credit hours resulting in an additional \$536,700 in revenue. The increases will be used to support a robust scholarship program that started in FY18, faculty and staff promotions and new hires, and increases in fixed costs.
- <u>UT Online Martin</u>
 - <u>Undergraduate</u> The course fee per credit hour (PCH) increases 3.0%, in addition to the implementation of the 'SOAR in Four' rate for all students with less than 90 credit hours. The 14.4% increase will bring the online course fee up to the on campus maintenance fee for 'SOAR in Four'. This results in a revenue increase of \$908,730. The revenue increase will be used to support faculty and staff promotions and new hires and academic scholarships.
 - <u>Graduate</u> The course fee per credit hour (PCH) increases 3.0%. This results in a revenue increase of \$32,300. The revenue increase will be used to support faculty and staff promotions.
- <u>UTM Centers</u> The 3.0% maintenance increase and the 'SOAR in Four' phase in from 60 credit hours to 90 credit hours will result in an increase of \$119,322 for the Centers. The Centers will use the funding for the 2.5% salary pool, fixed cost increases, and new hires.
- <u>Student Activity Fee</u> will increase \$32 annually and generate \$153,600 in additional revenue. The Student Government Association (SGA) approved the fee increase from \$156 to \$188 annually to enhance programming from general and multicultural perspective.

In addition a new \$10 annual Green Fee was created at the request of the Student Government Association (SGA) to create a Center for Sustainability. The \$48,000 generated will be used to facilitate student recruitment, determine long term economic efficiency, and create institutional assessment metrics.

UT SPACE INSTITUTE (UTSI)

• <u>Maintenance Fee and Out-of-State Tuition</u> – UTSI proposes no increase to the maintenance fee for undergraduate and graduate students. Also, there is no increase for out-of-state tuition

UT HEALTH SCIENCE CENTER (UTHSC)

(UTHSC 2018-19 tuition & fee rates were approved at the previous Board meeting. The following is presented for information purposes)

- <u>Maintenance Fee</u>– There is a general 1% to 2% proposed maintenance fee increase this year for Graduate Programs, but no increase for Undergraduate Programs. The only exception is for the College of Graduate Health Sciences which will have no increase for Graduate Programs. There will also be an increase in Out-of-State Tuition ranging from 0.7% to 2.0% for Graduate Programs, except for the College of Graduate Health Sciences which will not have an increase. There will also be no increase for Undergraduate Programs. Tuition increases will provide \$895,500 in new revenues. First, UTHSC will allocate \$395,500 to help fund new faculty positions in Dentistry, Nursing, Medicine, & Health Professions. Finally, we will allocate \$500,000 for Faculty Market Salary Adjustments in various colleges. Detail by program is as follows:
 - Medicine Revenue increases will come from tuition increases that will generate \$428,900 in new revenues. The new revenues will be used to help fund new faculty in the College of Medicine and faculty market salary adjustments.
 - Health Professions Revenue increases will come from tuition increases which will generate \$96,200 in new revenues. The new revenues will be used to help fund new faculty in the College of Health Professions.
 - Dentistry Revenue increases will come from tuition increases in the Dentistry Program that will generate \$202,200 in new revenues. These new revenues will be used to help fund new faculty in Dentistry and faculty market salary adjustments.
 - Nursing Revenue increases will come from tuition increases in the Nursing programs that will generate \$30,600 in new revenues. These new revenues will be used to fund new Nursing Faculty.
 - Pharmacy Revenue increases will come from tuition increases for the College of Pharmacy which will generate \$137,600 in new revenues. These new revenues will be used fund new Pharmacy Faculty and faculty market salary adjustments.
- Student Program and Service Fees (SPSF) An increase in Student Program and Service Fees will generate an increase of \$320,000 in revenues.

FY 2018-19 PROPOSED BUDGET

• Counseling Fee (\$320,000) – This portion of the Student Program and Service Fee is charged per credit hour and is used to help fund Counselors that help students with any needs they may have related to their time at UTHSC.

UT COLLEGE OF VETERINARY MEDICINE

• <u>Maintenance Fee and Out-of-state Tuition</u> – There is a 2.0 % increase in the maintenance fee and a 2.0% decrease in out-of-state tuition which generates a net revenue gain of \$134,460. These new revenues will be used for a faculty promotion, utilities and partial funding for a new Orthopedic Surgery faculty position.

In-state students pay only for the maintenance fee, which is commonly referred to as 'in-state tuition'. Out-of-state students pay the maintenance fee plus out-of-state tuition. The combined amount of these two fees is commonly referred to as 'out-of-state tuition'.

This schedule does not reflect the rates for the Flexible Schedule J.D. Program. Students enrolled in this program pay tuition by the credit hour rather than at a flat rate. Specifically, Flexible Schedule students would pay the prevailing per-credit-hour rate equal to that paid by full-time students if full-time students paid on a per-credit-hour-basis (based on 32 credit hours per year). For the current academic year, this amount is \$512 per credit hour (excluding fees).

* Student programs and services fees detail are on page C-24

In-state students pay only for the maintenance fee, which is commonly referred to as 'in-state tuition'. Out-of-state students pay the maintenance fee plus out-of-state tuition. The combined amount of these two fees is commonly referred to as 'out-of-state tuition'.

The 'Soar in Four' tuition model was instituted in FY2016-17. The intent of the initiative is to encourage students to enroll in 15 or more credit hours per semester in order to graduate in four years. Although it encourages students to enroll for more hours each term, the 'Soar in Four' rate will be assessed to students registered for 12 or more credit hours in a term. (Proof of credit hours must be received and accepted by the fifth day of the term.) For FY 2016-17and FY 2017-18, the rate applied to students who earned less than 60 credit hours. For FY 2018-19, it will apply to students who have earned less than 90 credit hours. By FY 2019-20, the 'Soar in Four' rate will be applicable to all students.

Student Programs and Services Fees (SPSF) detail are on page C-24.

The purpose of the Student Programs and Services Fee (SPSF) is to advance the University's educational mission by funding non-instructional services, activities, programs, and facilities that promote student satisfaction and retention or promote the intellectual, physical, emotional, social, cultural, or leadership development of students. The Board of Trustees retains ultimate control of the SPSF and sets the amount of the SPSF at each campus annually upon the recommendation of the Board's Finance and Administration Committee.
