

Annual Financial Report 2021

Brief History of the University of Tennessee

The University of Tennessee is one of the nation’s oldest institutions of higher education, in operation since 1794. Two years before Tennessee achieved statehood in 1796, the legislature of the Southwest Territory—which later became Tennessee—granted a charter to Blount College, named in honor of the territorial governor, William Blount. Located in Knoxville near today’s downtown area, Blount College was nonsectarian, which was unusual for an institution of higher education at that time. The university has remained nondenominational and is believed to be the oldest such institution west of the Appalachian Divide. Blount College was all male, typical for colleges of the late 18th century, a restriction that remained in force for almost a century until the first female students were admitted in 1892.

In 1807 the state legislature changed the name of Blount College to East Tennessee College, and in 1826 the 40-acre tract known as “the Hill” became part of its campus. The name of the school changed again in 1840 to East Tennessee University. But 21 years later, the Civil War forced the university to close, and its buildings were used as a hospital for Confederate troops, then later occupied by Union soldiers.

When the war ended, East Tennessee University reopened, and in 1869 the state legislature selected the university as the state’s federal land-grant institution under the Morrill Act of 1862. To comply with the terms of the act, ETU broadened its offerings to include agricultural, engineering, and military science courses.

Ten years later, East Tennessee University was chosen by the legislature to be the state university of Tennessee, and its name was changed to the University of Tennessee. The university pledged itself to the service and interest of the entire state, and the state pledged its name and reputation to the university, promising the institution a vital role in the progress of the state.

Today, the university serves the people of Tennessee from locations across the state. The medical campus, founded in Nashville and acquired by the university in 1879, was moved to Memphis in 1911. The Martin campus, established in 1900 as a private institution, became part of the University of Tennessee in 1927. In 1969 the private University of Chattanooga merged with the public university to become its fourth primary campus.

The University of Tennessee Space Institute, a graduate education and research center near Tullahoma, was established in 1964.

Three statewide units of the university—the Institute of Agriculture, the Institute for Public Service, and the Division of Continuing Education—extend the university beyond its various campuses to serve the entire state.

The administration of the university is headquartered in Knoxville, where the offices of the president and the central staff are located. A chancellor directs each primary campus.

Traditionally, Tennessee’s governors and members of the state legislature have shown active interest in the development of the University of Tennessee by providing the support it needs to meet the increasing educational, research, and service needs of the people of Tennessee. As a result, many university programs have earned both national and global recognition.

Letter of Transmittal

The financial statements on the following pages have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The management of the University of Tennessee is responsible for the integrity and objectivity of these financial statements.

Management believes that the university's highly developed system of internal accounting controls provides reasonable assurance that assets are protected and that transactions and events are properly recorded. Establishing sound fiscal policies and procedures and communicating them clearly, carefully selecting qualified financial staff, and implementing an extensive program of internal audits and management reviews ensure that the system of internal controls is maintained.

The financial statements herein have been audited by the State of Tennessee, Comptroller of the Treasury, Division of State Audit. The auditors have issued an unmodified opinion, which is exhibited on page 3.

The statements contained in this report describe the university's overall financial condition and the financial performance for the year ended June 30, 2021. A separate publication, "Annual Financial Report 2021 Supplemental Schedules and Appendices," contains detailed supporting schedules and appendices and is available for those who wish to make a more extensive analysis of university operations. The supporting schedules and appendices are designed to enable analysis of important items summarized or consolidated in the financial statements of this report.

Independent Auditor's Report

The Honorable Bill Lee, Governor
Members of the General Assembly
Mr. Randy Boyd, President

Report on the Financial Statements

We have audited the accompanying financial statements of the University of Tennessee, which is a component unit of the State of Tennessee, and its discretely presented component units as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements, based on our audit. We did not audit the financial statements of the University of Chattanooga Foundation, Inc.; the University of Tennessee Foundation, Inc.; and the University of Tennessee Research Foundation, Inc., discretely presented component units. Those statements were audited by other auditors, whose reports have been furnished to us. Our opinion, insofar as it relates to the amounts included for the foundations, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University of Tennessee and its discretely presented component units as of June 30, 2021; and the respective changes in financial position; and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3, the financial statements of the university include investments valued at \$597,296,043.03 (15% of net position), whose fair values have been estimated by management in the absence of readily determinable fair values. Management's estimates are based on information provided by the fund managers or the general partners. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis; the schedule of the University of Tennessee's proportionate share of the net pension liability – Closed State and Higher Education Employee Pension Plan within TCRS; the schedule of the University of Tennessee's proportionate share of the net pension asset – State and Higher Education Employee Retirement Plan within TCRS; the schedule of the University of Tennessee's contributions – Closed State and Higher Education Employee Pension Plan within TCRS; the schedule of the University of Tennessee's contributions – State and Higher Education Employee Retirement Plan within TCRS; the schedule of the University of Tennessee's contributions for the Federal Retirement Plans administered by the U.S. Office of Personnel Management; the schedule of the University of Tennessee's proportionate share of the collective net/total OPEB liability – Closed State Employee Group OPEB Plan; the schedule of the University of Tennessee's contributions – Closed State Employee Group OPEB Plan; and the schedule of the University of Tennessee's proportionate share of the collective total OPEB liability – Closed Tennessee OPEB Plan be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the university's basic financial statements. The supplementary combining schedule of net position; the supplementary combining schedule of revenues, expenses, and changes in net position; and the supplementary schedule of unrestricted net position are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary combining schedule of net position; the supplementary combining schedule of revenues, expenses, and changes in net position; and the supplementary schedule of unrestricted net position are the responsibility of the university's management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary combining schedule of net position; the supplementary combining schedule of revenues, expenses, and changes in net position; and the supplementary schedule of unrestricted net position are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements as a whole. The five-year summary presented outside of the basic financial statements is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2021, on our consideration of the university's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the university's internal control over financial reporting and compliance.

Katherine J. Stickel, CPA, CGFM, Director
Division of State Audit
December 16, 2021

THE UNIVERSITY OF TENNESSEE

Management's Discussion and Analysis

Introduction

This section of the University of Tennessee's annual financial report presents a discussion and analysis of the financial performance of the university during the year ended June 30, 2021, with comparative information presented for the year ended June 30, 2020. This discussion has been prepared by management along with the financial statements and related note disclosures and should be read in conjunction with the independent auditor's report, the financial statements, and the notes to the financial statements.

The university is a component unit of the State of Tennessee and an integral part of the state's *Annual Comprehensive Financial Report (ACFR)*. The financial reporting entity for the financial statements is comprised of the university and three component units. The component units are discretely presented based on the nature and significance of their relationship to the university. The reader may refer to Note 1 for detailed information on the financial reporting entity. More detailed information about the foundations is presented in Notes 23, 24, and 25 to the financial statements. This discussion focuses on the university and does not include the foundations.

Overview of the Financial Statements

The financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB), which establishes standards for external financial reporting for public colleges and universities. The financial statements are presented on a consolidated basis to focus on the university as a whole. The full scope of the university's activities is considered to be a single business-type activity and, accordingly, is reported within a single column in the basic financial statements.

The university's financial report includes the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. Notes to the financial statements are also presented to provide additional information that is essential to a full understanding of the financial statements.

The Statement of Net Position

The statement of net position is a point-in-time financial statement. The statement of net position presents the financial position of the university at the end of the fiscal year. To aid the reader in determining the university's ability to meet immediate and future obligations, the statement includes all assets, liabilities, deferred outflows/inflows of resources, and net position of the university and segregates the assets and liabilities into current and noncurrent components. Current assets are those that are available to satisfy current liabilities, inclusive of assets that will be converted to cash within one year. Current liabilities are those that will be paid within one year. The statement of net position is prepared under the accrual basis of accounting; assets and liabilities are recognized when goods or services are provided or received, despite when cash is actually exchanged.

From the data presented, readers of the statement are able to determine the assets available to continue the operations of the university. They are also able to determine how much the university owes vendors, lenders, and others. Net position represents the difference between the university's assets and liabilities, along with the difference between deferred outflows and deferred inflows of resources, and is one indicator of the university's current financial condition.

The statement of net position also indicates the availability of net position for expenditure by the university. Net position is divided into three major categories. The first category, net investment in capital assets, represents the university's total investment in property, plant, and equipment, net of outstanding debt obligations and deferred outflows/inflows of resources related to these capital assets. To the extent debt or deferred inflows of resources has been incurred but not yet expended for capital assets, such amounts are not included. The next category is restricted net position, which is subdivided into two categories, nonexpendable and expendable. Nonexpendable restricted net position includes endowment and similar resources whose use is limited by donors or other outside sources and, as a condition of the gift, the principal is to be maintained in perpetuity. Expendable restricted net position is available for

expenditure by the university but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the resources. The final category is unrestricted net position. Unrestricted net position is available to the university for any lawful purpose of the institution.

The following table summarizes the university's assets, liabilities, deferred outflows/inflows of resources, and net position at June 30, 2021, and June 30, 2020:

Summary of Net Position		
(in thousands of dollars)		
	<u>2021</u>	<u>2020</u>
Assets:		
Current assets	\$ 644,264	\$ 567,087
Capital assets, net	2,981,646	2,908,748
Other assets	2,481,622	2,047,647
Total assets	<u>6,107,532</u>	<u>5,523,482</u>
Deferred outflows of resources:		
Deferred outflows of resources	<u>142,317</u>	<u>139,719</u>
Liabilities:		
Current liabilities	378,731	345,948
Noncurrent liabilities	1,880,771	1,706,749
Total liabilities	<u>2,259,502</u>	<u>2,052,697</u>
Deferred inflows of resources:		
Deferred inflows of resources	<u>120,607</u>	<u>137,431</u>
Net position:		
Net investment in capital assets	1,904,700	1,862,267
Restricted – nonexpendable	546,382	534,516
Restricted – expendable	705,384	498,978
Unrestricted	<u>713,274</u>	<u>577,312</u>
Total net position	<u>\$ 3,869,740</u>	<u>\$ 3,473,073</u>

Total net position increased by \$397 million, or 11.4%, during the 2021 fiscal year. Increased net position changes are the university's objective and expectation. The discussion and analysis sections that follow address the university's net increases.

The Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position presents the results of operations for the fiscal year. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received. The statement indicates whether the university's financial condition has improved or deteriorated during the fiscal year.

The statement presents the revenues received by the university, both operating and nonoperating; the expenses paid by the university, operating and nonoperating; and any other revenues, expenses, gains, or losses received or spent by the university.

Generally speaking, operating revenues are received for providing goods and services to the various customers and constituencies of the university. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the university. Nonoperating revenues are revenues received for which goods and services are not provided directly to the payor. Although the University of Tennessee is dependent upon state appropriations and gifts to fund educational and general operations, under GASB standards these funding sources are reported as nonoperating revenues, as is investment income. As a result, the university has historically reported an excess of operating expenses over operating revenues, resulting in an operating loss. Therefore, the "increase in net position" is more indicative of overall financial results for the year.

A summary of the university's revenues, expenses, and changes in net position for the year ended June 30, 2021, and the previous year follows:

Summary of Revenues, Expenses, and Changes in Net Position
(in thousands of dollars)

	<u>2021</u>	<u>2020</u>
Operating revenues	\$ 1,371,222	\$ 1,370,676
Operating expenses	2,322,726	2,339,965
Operating loss	(951,504)	(969,289)
Nonoperating revenues and expenses	1,219,539	978,888
Income (loss) before other revenues, expenses, gains, or losses	268,035	9,599
Other revenues, expenses, gains, or losses	128,632	195,499
Increase in net position	396,667	205,098
Net position, beginning of year	3,473,073	3,267,975
Net position at end of year	<u>\$ 3,869,740</u>	<u>\$ 3,473,073</u>

Operating Revenues

The following summarizes the operating revenues by source that were used to fund operating activities for the last two fiscal years:

Comparison of Fiscal Year 2021 to Fiscal Year 2020

Tuition and fees increased by \$3 million primarily due to increases in enrollment at the UT Knoxville and UT Chattanooga campuses.

Operating grants and contracts experienced an increase of \$9.4 million, or 1.9% following an unusual decrease in operating grants and contracts in the previous year.

Other operating revenues increased \$7.4 million, or 7.9%. Federal appropriations increased \$8 million primarily due to additional Smith-Lever Act funds being received in fiscal year 2021.

Auxiliaries experienced a decrease of \$19.3 million, or 7.9%. The biggest decreases were from the bookstore (\$3 million) and athletics (\$7.8 million). A decrease in the number of fans being allowed at athletic events resulted in a decrease in ticket sales and a decrease in athletic gear being sold during the events.

Operating Expenses

Operating expenses may be reported by nature or function. The university has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net position and has displayed the functional classification in the notes to the financial statements. The following summarizes the operating expenses by natural classifications for the last two fiscal years:

Comparison of Fiscal Year 2021 to Fiscal Year 2020

Utilities, supplies, and other services decreased \$36.5 million or 7% due to the COVID-19 pandemic. On-campus operations were limited and non-essential travel was discontinued during much of the year.

Scholarships and fellowships increased \$12.4 million, or 15%. Scholarships and fellowships paid under CARES Act awards increased approximately \$14 million from fiscal year 2020.

Nonoperating Revenues and Expenses

Certain revenue sources that the university relies on to provide funding for operations, including state and local noncapital appropriations, certain gifts and grants, and investment income, are defined by the GASB as nonoperating. Nonoperating expenses include capital financing costs and other costs related to capital assets. The following summarizes the university’s nonoperating revenues and expenses for the last two fiscal years:

Comparison of Fiscal Year 2021 to Fiscal Year 2020

Gifts, grants, and contracts increased \$39.5 million, or 13.2%. This increase is primarily from the CARES Act Higher Education Emergency Relief Fund grants. These grants were distributed to Higher Education entities for COVID-19 related expenses and payments to students in need.

Investment income increased \$198 million after favorable market conditions during the year caused an overall fair value increase. The previous year saw flat capital markets and an overall fair value decrease.

Other nonoperating expense decreased \$8 million, or 15.6%. The previous year saw losses on the disposal of two large assets. Morrill Hall was razed during fiscal year 2020, resulting in a loss on asset of \$4.2 million. An IBM Pure Application System was also surplusd in fiscal year 2020, resulting in a \$3.5 million loss on asset disposal. No large losses were recognized in fiscal year 2021.

Other Revenues

This category is composed of state appropriations for capital purposes, capital grants and gifts, additions to permanent endowments, and other revenue. These amounts were as follows for the last two fiscal years:

Comparison of Fiscal Year 2021 to Fiscal Year 2020

Capital appropriations decreased \$42.4 million due to spending decreasing dramatically from fiscal year 2020 for three large projects. The UT Health Science Center Classroom and Laboratory Building Renovations project had a decrease of approximately \$30 million, the University of Tennessee at Chattanooga’s classroom renovation for the Lupton Building and Fine Arts Center decreased \$23 million, and Ridley’s 4-H Center improvements decreased \$3.7 million. The University of Tennessee at Martin’s STEM classroom increased \$15 million from fiscal year 2020, offsetting the decreases above.

Capital grants and gifts decreased \$24.9 million. Large capital gifts from the University of Chattanooga Foundation (\$6.7 million) and the University of Tennessee Foundation (\$13 million) were received for capital projects in fiscal year 2020. Capital gifts of this size were not received in fiscal year 2021.

Capital Asset and Debt Administration

Capital Assets

The University of Tennessee had \$2,981,646,060.35 invested in capital assets, net of accumulated depreciation at June 30, 2021; and \$2,908,748,496.92 invested in capital assets, net of accumulated depreciation at June 30, 2020. Depreciation charges totaled \$148,055,856.51 and \$144,372,258.98 for the years ended June 30, 2021, and June 30, 2020, respectively.

**Schedule of Capital Assets, Net of Depreciation
(in thousands of dollars)**

	<u>2021</u>	<u>2020</u>
Land	\$ 91,788	\$ 86,773
Land improvements & infrastructure	145,348	144,935
Buildings	2,218,557	2,167,796
Works of art/historical treasures	3,826	3,826
Equipment	120,522	122,886
Software	934	708
Library holdings	100,625	97,810
Projects in progress	300,046	284,014
Total	\$ 2,981,646	\$ 2,908,748

Projects in progress increased \$16 million in fiscal year 2021. There were \$141.5 million of capital additions in fiscal year 2021, including the following larger projects: the West Campus Dining Hall and Engineering Services Facility projects in Knoxville, the STEM Classroom Building project in Martin, and the Dentistry Faculty Practice and Research Building in Memphis. Completed projects during fiscal year 2021 decreased projects in progress by \$124.9 million and increased the associated capital assets by the same amount.

At June 30, 2021, outstanding commitments under construction contracts totaled \$188,109,293.05 for various renovations and repairs of buildings and infrastructure. Future state capital outlay appropriations will fund \$138,499,803.55 of these costs.

More detailed information about the university's capital assets is presented in Note 6 to the financial statements.

Debt

The university had \$1,099,335,936.02 and \$1,070,553,019.43 in debt outstanding at June 30, 2021, and June 30, 2020, respectively. The table below summarizes these amounts by type of debt instrument.

**Outstanding Debt Schedule
(in thousands of dollars)**

	<u>2021</u>	<u>2020</u>
Bonds-current portion	\$ 39,240	\$ 38,563
Bonds-noncurrent	939,858	873,110
Unamortized bond premium	68,841	119,835
Revolving credit facility-noncurrent	51,397	39,045
Total Debt	\$ 1,099,336	\$ 1,070,553

The Tennessee State School Bond Authority (TSSBA) issued bonds with interest rates ranging from 0.17% to 5.0% due serially to 2048 on behalf of the University of Tennessee. The university is responsible for the debt service of these bonds. The current portion of the \$1,099,335,936.02 outstanding at June 30, 2021, is \$39,240,000.45.

The ratings on debt issued by the Tennessee State School Bond Authority at June 30, 2021, were as follows:

Fitch	AA+
Moody's Investor Service	Aa1
Standard & Poor's	AA+

More detailed information about the university's long-term liabilities is presented in Note 9 to the financial statements.

Economic Factors That Will Affect the Future

For fiscal year 2022, increases in tuition and fees are proposed for the UT Chattanooga and UT Martin campuses. State funding is expected to be the largest ever for fiscal year 2022. The proposed salary plan for 2021-22 will be the largest ever distributed by the university. Campuses and institutes will develop 4% salary pools to adjust faculty and staff salaries to reflect current salary market conditions and recognize employee performance. UT Southern is a new addition to the UT System as of July 1, 2021. Appropriations of \$6.23 million have been allocated for UT Southern.

Requests for Information

This financial report is designed to provide a general overview of the university's finances for all those with an interest in the university's finances. Questions concerning any of the information provided in the report or requests for additional information should be directed to Ms. Mary McDonald, Controller, 201 Andy Holt Tower, Knoxville, Tennessee, 37996-0100.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

The university is a component unit of the State of Tennessee because the state appoints the majority of the university's governing body and provides significant financial support. The university is discretely presented in Tennessee's *Annual Comprehensive Financial Report*. That report is available at <https://www.tn.gov/finance/rddoa/fa-accfin-ar.html>.

The University of Tennessee System is comprised of the University of Tennessee Knoxville, including the Space Institute at Tullahoma; the University of Tennessee at Chattanooga; the University of Tennessee at Martin; the University of Tennessee Health Science Center, including the Memphis campus, the Memorial Research Center at Knoxville, Clinical Education Centers at Chattanooga and Knoxville, and Family Practice Centers at Knoxville and Memphis; the University of Tennessee Institute of Agriculture, including the College of Agriculture at Knoxville, the Agricultural Experiment Stations, the Agricultural Extension Service, and the College of Veterinary Medicine at Knoxville; the University of Tennessee Institute for Public Service, which includes the County Technical Assistance Service, the Municipal Technical Advisory Service, and the Tennessee Language Center; and the University of Tennessee University-Wide Administration. The University of Tennessee's Knoxville, Chattanooga, Martin, and Health Science Center campuses are each accredited by the Southern Association of Colleges and Schools (SACS). The university is governed by a board of 12 members. The 12-member board is comprised of 1 ex officio member, who is the Commissioner of Agriculture for the State of Tennessee, 10 members appointed by the Governor, and 1 non-voting student member appointed by the board. The president is the chief executive officer of the university system.

The University of Chattanooga Foundation, Inc., and the University of Tennessee Foundation, Inc., are considered component units of the university. Although the university does not control the timing or amount of receipts from the foundations, the majority of resources, or income thereon that the foundations hold and invest are restricted to the activities of the university by the donors. Because these restricted resources held by the foundations can only be used by, or for the benefit of, the university, the foundations are considered component units of the university and are discretely presented in the university's financial statements. The University of Tennessee Research Foundation, Inc., is also considered a component unit of the university because the university's board of trustees approves the foundation's administrative budget and funds the foundation's administrative costs. It is also discretely presented in the university's financial statements. See notes 23, 24, and 25 for more detailed information about the component units and how to obtain their reports.

B. Basis of Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) applicable to governmental colleges and universities engaged in business-type activities as prescribed by the Governmental Accounting Standards Board (GASB).

C. Basis of Accounting

For financial statement purposes, the university is considered a special-purpose government engaged only in business-type activities. Accordingly, the financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All significant interfund transactions have been eliminated.

Amounts reported as operating revenues include 1) tuition and fees, net of scholarship discounts and allowances; 2) federal appropriations; 3) certain federal, state, local, and private grants and contracts; 4) sales and services of educational departments and other activities; 5) sales and services of auxiliary enterprises, net of scholarship

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

discounts and allowances; and 6) other sources of revenue. Operating expenses include 1) salaries and wages; 2) employee benefits; 3) utilities, supplies, and other services; 4) scholarships and fellowships; and 5) depreciation and amortization expense.

All other activity is nonoperating in nature. This activity includes: 1) state and local appropriations for operations; 2) gifts; 3) nonoperating grants and contracts; 4) investment income; and 5) interest on capital asset-related debt.

When both restricted and unrestricted resources are available for use, generally it is the institution's policy to use the restricted resources first.

D. Cash Equivalents

This classification includes instruments which are readily convertible to known amounts of cash.

E. Inventories

Inventories are valued at the lower of cost or market, based on the retail, specific identification, average cost, or first-in, first-out basis.

F. Investments

All university investments are reported at fair value.

The university holds investments in limited partnerships, limited companies, corporations, and limited liability corporations which are carried at estimated fair value provided by the management of these funds. The purpose of this alternative investment class is to increase portfolio diversification and reduce risk due to the low correlation with other asset classes. Methods for determining estimated fair values include discounted cash flows and estimates provided by general partners and fund managers. Because some of these investments are not readily marketable, the estimated fair value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market for the investments existed, and such differences could be material. The estimated fair values are reviewed and evaluated by the university.

G. Capital Assets

Capital assets, which include property, plant, equipment, works of art, historical treasures/collections, software, and library holdings, are reported in the statement of net position at historical cost or at acquisition value at date of donation, less accumulated depreciation/amortization. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets' useful lives are not capitalized.

A capitalization threshold of \$100,000 is used for buildings, land improvements, and infrastructure. Equipment and software are capitalized when the unit acquisition cost is \$5,000 or greater and the estimated useful life is one year or more. The capitalization threshold for additions and improvements to infrastructure and land improvements is also \$100,000. The capitalization threshold for additions and improvements to buildings is \$100,000 provided that amount exceeds 20% of the book value of the building.

These assets, with the exception of works of art and historical treasures/collections deemed inexhaustible and land, are depreciated/amortized using the straight-line method over the estimated useful lives, which range from 5 to 40 years.

H. Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Closed State and Higher Education Employee Pension Plan and the State and Higher Education Employee Retirement Plan in the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Closed State and Higher Education Employee Pension Plan and the State and Higher Education Employee Retirement Plan. Investments are reported at fair value.

I. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net other postemployment benefits liability, as well as deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the closed Employee Group OPEB Plan and additions to/deductions from the plan's fiduciary net position has been determined on the same basis as it is reported by the State of Tennessee Postemployment Benefits Trust. For this purpose, benefits are recognized when due and payable in accordance with the benefit terms of the Closed Employee Group OPEB Plan. Investments are reported at fair value.

J. Compensated Absences

The university's employees accrue annual leave at varying rates, depending on length of service or classification. Some employees also earn compensatory time. Generally, all permanent full-time employees and certain part-time employees are entitled to accrue and carry forward calendar year maximums of 42 days annual vacation leave, except nine-month faculty members who do not accrue annual leave. The amount of these liabilities and their related benefits are reported in the statement of net position. There is no liability for unpaid accumulated sick leave since the university's policy is to pay this only when an employee dies or is absent because of illness or injury.

K. Net Position

The institution's net position is classified as follows:

NET INVESTMENT IN CAPITAL ASSETS: This represents the institution's total investment in capital assets, net of accumulated depreciation and net of outstanding debt obligations and deferred outflows/inflows of resources related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

NONEXPENDABLE RESTRICTED NET POSITION: Nonexpendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may be expendable or added to principal.

EXPENDABLE RESTRICTED NET POSITION: Expendable restricted net position includes resources in which the university is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

UNRESTRICTED NET POSITION: Unrestricted net position represents resources derived from student tuition and fees, state appropriations, the sales and services of educational departments and other activities, and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the institution and may be used at the discretion of the institution to meet current expenses for any purpose.

L. Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the university and the amount that is paid by the student and/or third parties making payments on the student's behalf. Certain governmental grants, such as

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or nonoperating revenues in the institution's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the institution has recorded a scholarship discount and allowance.

M. Income Taxes

The university, as an integral part of the State of Tennessee, is exempt from federal income tax on income *not* considered unrelated business income. Contributions to the university are deductible by donors as provided under Section 170 of the *Internal Revenue Code*.

Note 2: DEPOSITS AND INVESTMENTS

Investment Policy

Cash Management Investment Pool - The University of Tennessee maintains a cash management investment pool that is available for use by all fund groups. State statutes and university investment policies authorize the university's cash management pool to invest in collateralized Tennessee bank or savings and loan association certificates of deposit, U.S. Treasury obligations, U.S. government agency obligations, repurchase agreements of those securities, highest quality commercial paper, and prime bankers' acceptances.

University policy also requires that commercial paper not exceed 35% of the portfolio in total and that no more than 10% of the portfolio's value be in the commercial paper of a single issuer. In addition, banker's acceptances cannot exceed 20% of the portfolio's value and no one banker's acceptances may exceed 10%. At June 30, 2021, the university's cash management investment pool consisted of \$142,991,190.00 of commercial paper, and \$1,186,582,989.20 of U.S. treasury and government agency obligations.

Investments – The university's assets subject to long-term investment (endowments and annuity and life income assets) use various external managers and funds consistent with investment objectives for those invested assets. A significant part of these assets is the university's Consolidated Investment Pool, which is a carefully crafted portfolio of broadly diversified asset classes.

Deposits – University policy and state statute require that university funds be deposited into authorized commercial banks and savings and loan associations. State statutes also require that these financial institutions pledge securities as collateral to secure university time and demand deposits. To facilitate the pledge requirement, financial institutions can elect to either participate in the State of Tennessee Collateral Pool for Public Deposits administered by the State Treasurer or pledge securities with a third party.

Cash and Cash Equivalents

In addition to petty cash and demand deposits, this classification includes instruments which are readily convertible to known amounts of cash.

At June 30, 2021, cash and cash equivalents consisted of \$137,378,140.59 in bank accounts, \$1,610,981.00 of petty cash on hand, and \$1,329,574,179.20 in the university's cash management investment pool.

The carrying amount of the university's deposits was \$137,378,140.59, and the bank balance was \$142,559,168.45.

Additionally, the university maintains custodial accounts at First Horizon Bank and BNY Mellon. In accordance with the custody agreements, \$15,197,453.35 was held in cash and \$712,251.95 was held in money market mutual funds at June 30, 2021.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Custodial Credit Risk – Deposits

The custodial credit risk for deposits is the risk that in the event of a bank failure, the university's deposits may not be recovered. As stated earlier, state statutes require that all university deposits be in a qualified depository and secured through direct collateralization or participation in the State Collateral Pool. As of June 30, 2021, all university deposits were adequately secured as required by state statute.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS

Investments

All investments are reported at fair value, including those securities with a maturity date of one year or less. Where applicable, maturities reported for pooled investment vehicles - bonds, represent a weighted average maturity of the individual bonds in the respective fund. As of June 30, 2021, the university had the following investments and maturities:

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of a debt investment. The university does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The university's debt investments as of June 30, 2021, were rated by Moody's Investors Service, Standard & Poor's, and /or Fitch Ratings and are reported below using Moody's rating scale.

The university is authorized by statute to invest funds in accordance with University of Tennessee investment policies. Funds, other than endowment and annuity and life income funds, may be invested in collateralized Tennessee bank or savings and loan association certificates of deposit, U. S. Treasury obligations, U.S. government agency obligations and repurchase agreements of those securities, highest quality commercial paper, prime bankers' acceptances, and money market mutual funds meeting certain criteria. Endowment and life income funds can be invested in equity securities and various other securities given prudent diversification. The university has no investment policy limiting its investment choice based on ratings issued by nationally recognized statistical rating agencies. As of June 30, 2021, the institution's investments were rated as follows:

Rated Debt Instruments	Fair Value	P-1*	Aaa	Aa1	Aa2	Aa3

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Custodial Credit Risk – Investments

Custodial credit risk is the risk that, in the event of a failure of the counterparty, the university will not be able to recover the value of the investment or collateral securities that are in possession of an outside party. At June 30, 2021, the university had \$7,894,096.88 of uninsured and unregistered investments held by a counterparty but not in the school's name.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the university's investment in a single issuer. Other than the restrictions placed on the cash management investment pool described in the investment policies above, the university places no limit on the amount the university may invest in any one issuer.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of a deposit or investment. The university has \$3,026,048.57 invested in foreign corporate equities at June 30, 2021.

Alternative Investments

Across its invested capital base, which includes the Consolidated Investment Pool, separate endowments, and trusts, the university has investments in one hundred eighteen limited partnerships, limited companies, trusts, corporations, and limited liability corporations (LLCs).

The estimated fair value of these assets is \$597,296,043.03 at June 30, 2021, and the book value, \$495,572,967.48.

The university believes that the carrying amount of its alternative investments is a reasonable estimate of fair value as of June 30, 2021. Because some of these investments are not readily marketable, the estimated value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market for the investments existed, and such differences could be material. These investments are made in accordance with the university's investment policy that approves the allocation of funds to various asset classes in order to ensure the proper level of diversification within the endowment pool. These investments (real estate assets, private capital investments, and hedge funds) are designed to enhance diversification and provide reductions in overall portfolio volatility. These fair values are estimated by the general partner of each limited partnership or manager of each corporate entity using various valuation techniques.

The methods and assumptions used in estimating fair value vary based upon the asset class, but uniformly all start with the latest audited financial statements for the funds. Most funds issue audited financial statements on a calendar year basis. Using those audited fair values as a beginning point, valuations are adjusted for net capital activity and marketplace considerations to ascertain the reasonableness of estimated fair values provided by the fund managers. Marketplace activity includes subsequent independent appraisals for real estate assets, subsequent rounds of capital financings that include new investors for private/venture equity, and asset confirmations from brokers and fund administrators for hedge funds.

Note 3: Fair Value Measurements

The university categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America.

The university has the following recurring fair value measurements as of June 30, 2021:

**THE UNIVERSITY OF TENNESSEE

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Debt Securities

The fair value of the Debt Securities category at June 30, 2021, was determined based on Level 1, Level 2 and Level 3 inputs. The university utilizes third-party pricing services and guidance provided by custodian(s) and trading counterparties for fair value estimates of these investments. In addition, it takes into account the nature of the securities, trading activity, and availability of comparable securities in the marketplace. The fair value of U.S. Treasury and Agency securities, as well as corporate bonds was based on Level 1 and Level 2 inputs. Commercial paper holdings were valued using Level 3 inputs.

Corporate Stock

This category is comprised of common stock and preferred stock, which are based on Level 1 inputs. This includes both domestic and international holdings.

Pooled Investment Vehicles

These investments include exchange-traded funds (ETF's), exchange-traded closed-end funds, and two categories of open-end funds, those with published values and other commingled vehicles that do not produce public, published values. Accordingly, those investments for which reliable values are available are categorized as Level 1. Assets for which no published values exist are measured at net asset value per share (or its equivalent), which is a fair value measurement provided on a recurring basis. Pooled investment vehicles implement a variety of strategies that are primarily net long or long-only and invest in a variety of markets, including the global equity markets; sovereign debt, corporate bonds, and structured credits; and finally, real estate.

Real Estate Gifts

Level 3 inputs were utilized for the fair value calculations of this investment category. It contains direct real estate holdings of \$2,773,736.00, the valuation of which is determined by periodic appraisals.

Assets Held by Others

This category consists of separately invested portfolios of \$7,894,096.88. These are managed externally for the benefit of the university, and pricing is provided by third parties.

Private Capital Investments

The fair value of the Private Capital category at June 30, 2021, was determined based on Level 3 inputs. These investments center on three primary categories, private equity which invests in private companies; private credit/debt which lends directly to companies or invests in distressed debt; and real assets which invests in inflation-hedging strategies and assets. Valuation methods such as the income method and/or multiple analysis are examples of those commonly utilized by managers to determine the fair value of these assets and are typically unobservable to the university.

The university's private capital investments have \$210,524,653.00 of unfunded commitments at June 30, 2021.

Hedge Funds

Like certain pooled investment vehicles, hedge funds are measured at net asset value per share (or its equivalent), which is provided to investors on a recurring basis. These holdings are divided into three sub-categories. The first is Long/Short Equity, a strategy that typically invests in common stock by both buying shares and selling shares short. These strategies work across the global equity markets. The second category, entitled Credit, focuses almost

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

exclusively on fixed income instruments, which can include various types of bonds, derivatives, and loans. These strategies also invest in multiple jurisdictions around the world. The final category, Diversified, is comprised of strategies that often overlap in approach and frequently employ more than one strategy within a single vehicle.

NAV Investments General Redemption Terms

The table below provides a summary of the liquidity terms and conditions of those investments with values measured using net asset value.

	Fair Value	Redemption Frequency	Redemption Notice Required
Hedge Funds, Credit	\$ 21,012,285.02	Annually	90 days – 120 days
Hedge Funds, Diversified	\$ 81,316,917.44	Quarterly – Semi-annually	60 days – 90 days
Hedge Funds, Long-short Equity	\$ 86,687,696.86	Quarterly-Annually	5 days – 90 days
Pooled Investment Vehicles	\$ 486,815,760.01	Daily – Quarterly	1 day – 45 days

As of fiscal year-end, \$18,256,809.81 of NAV investments were still within the initial lock-up period of two years, with six months remaining and another \$11,025,630.61, with eighteen months remaining. An additional \$16,017,650.00 was still within an initial lock-up period of three years, with fifteen months remaining.

Annuities and Life Income Payable

The university's liability under split interest agreements (annuities and life income payable) is also reported at fair value. The valuation of the liability is based on unobservable inputs (level 3 of the fair value hierarchy). The university has split interest agreements that allow donors to make contributions that provide for certain payments to specified beneficiaries during their lifetime. The amount payable to the donors is recorded at the present value of the estimated future payments to be made under these agreements.

Note 4: Endowment, Annuity, and Life Income Agreements

There are two categories of university assets which are subject to long-term investment: endowments and amounts held in trust under annuity and life income agreements. The investment of these funds is governed by the gift instrument and the investment policies established by the Board of Trustees.

Effective July 1, 1954, the university adopted the policy of investing endowment assets over which it had full investment discretion (and on which the donor or governing gift instrument does not require separate investment) in a Consolidated Investment Pool. This pooling of investments affords closer supervision of the investment portfolio and provides, regardless of size, the advantages of participation in a well-diversified portfolio of domestic and international equities, private equity, bonds, real estate, and hedge funds. All contributing endowments participate in the income and capital appreciation of the Pool on a per-share basis commensurate with their contributions to the Pool. New endowments purchase shares in the Pool at the end of each month at the then current fair value per share, determined by valuing the Pool at month end fair value and dividing by the number of pool units outstanding.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

If a donor has not provided specific instructions, state law permits the university to authorize for spending the net appreciation (realized and unrealized) of the investments of endowment funds. When administering its power to spend net appreciation, the university is required to consider the university's long-term and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic conditions. Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established.

The university chooses to spend only a portion of the investment income (including changes in the value of investments) each year. Under the spending plan established by the university, four and a half percent of a seven-year moving average of the fair value of endowment investments has been authorized for expenditure. In fiscal year 2016, the university began transitioning to a seven-year moving average, by adding one year's value to the moving average calculation. This transition was complete in fiscal year 2019. In addition, the board approved imposing both a maximum and minimum distribution rate on each year's calculation. Beginning in fiscal year 2016, the maximum and minimum distribution rates are 6% and 3%, respectively, of the previous calendar year's market value. The remaining amount after distributions, if any, is retained to be used in future years when the amount computed using the spending plan exceeds the investment income. At June 30, 2021, net appreciation of \$262,336,631.19 is available to be spent, of which \$257,284,591.86 is restricted for scholarships and fellowships, libraries, instructional department uses, academic support, research, and other purposes. The per unit fair value for participating endowments was \$3.8754455 at June 30, 2021. Income distributed was \$0.15409 per share in 2021, or \$50,904,298.07.

The university's Consolidated Investment Pool is invested to maximize total return rather than current income consistent with provisions of the Uniform Prudent Management of Institutional Funds Act adopted by the State of Tennessee in 2007. The total return for fiscal year 2021 and the three and five years then ended was 34.59%, 10.33%, and 9.81% respectively.

All endowments not invested as part of the Consolidated Investment Pool are separately invested to observe requirements or limitations imposed by donors. Income earned and distributed on separately invested endowments amounted to \$101,201.52 for 2021.

Annuity and life income amounts held in trust are separately invested entities requiring detailed accounting to reflect specific compliance with the terms of each trust and applicable federal regulations. The investment objectives as reflected in each agreement vary widely since they are affected by the age, income level, and needs of the beneficiaries as well as motives and objectives of the donors. Interest, dividend, rent, and royalty income realized on these funds for 2021 amounted to \$994,538.47.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 5: Accounts, Notes, and Grants Receivable

Accounts, notes, and grants receivable included the following at June 30, 2021:

Student accounts receivable	\$ 28,524,856.99
Grants receivable	96,206,784.93
Notes receivable	1,786,132.20
Pledges receivable	2,215,258.15
Due from component units	8,553,384.14
Other receivables	<u>33,991,084.42</u>
Subtotal	\$ 171,277,500.83
Less allowance for doubtful accounts	<u>(6,226,376.98)</u>
Total	<u>\$ 165,051,123.85</u>

Pledges receivable are promises of private donations that are reported as accounts receivable, and revenue, net of an estimated uncollectible allowance of \$443,051.62.

Federal Perkins Loan Program funds included the following at June 30, 2021:

Perkins loans receivable	\$ 10,498,711.74
Less allowance for doubtful accounts	<u>(5,946,454.05)</u>
Total	<u>\$ 4,552,257.69</u>

Note 7: Operating Leases

The university has entered into various operating leases for buildings and equipment. It is expected that in the normal course of business, such leases will continue to be required. Net expenses for rentals under leases were \$14,728,997.08 for the year ended June 30, 2021. All operating leases are cancelable at the lessee's option.

Note 8: Accounts Payable

Accounts payable included the following:

	<u>June 30, 2021</u>
Vendors payable	\$ 84,067,040.75
Payroll deductions payable	24,089,712.52
Due to State of Tennessee	8,148,133.86

TSSBA Debt – Bonds

Bonds, with interest rates ranging from .17% to 5.00%, were issued by the Tennessee State School Bond Authority (TSSBA). The bonds are due serially to 2048 and are secured by pledges of the facilities' revenues to which they relate and certain other revenues and fees of the university, including state appropriations. (See Note 10 for further details.) The bonded indebtedness with the Tennessee State School Bond Authority included in long-term liabilities on the statement of net position is shown net of assets held by the authority in the debt service reserve, capitalized interest, and unexpended debt proceeds. The total bonded indebtedness at June 30, 2021, was \$979,097,722.67. The unspent bond proceeds amount at June 30, 2021, was \$5,731,772.28.

The university's debt service requirements to maturity for all bonds payable at June 30, 2021, are as follows:

<u>Year ending June 30:</u>	<u>Principal</u>	<u>Interest</u>
2022	\$ 39,240,000.45	\$ 32,365,994.77
2023	47,655,228.23	29,228,356.75
2024	47,244,147.09	27,741,478.10
2025	47,640,806.97	26,227,185.61
2026	49,038,438.71	24,578,561.48
2027-2031	228,938,236.54	100,008,392.42
2032-2036	210,135,788.46	69,485,470.36

TSSBA debt-bonds	<u>\$ 979,097,722.67</u>	

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

TSSBA Debt - Revolving Credit Facility

The Tennessee State School Bond Authority (TSSBA) receives loans from the revolving credit facility to finance the costs of various capital projects during the construction phase. When projects are placed in service, TSSBA issues long-term, fixed-rate debt to finance the project over its useful payback period and repays the revolving credit facility debt. The amount issued for projects at the university was \$51,397,602.98 at June 30, 2021.

More detailed information regarding the bonds and revolving credit facility can be found in the notes to the financial statements in the financial report for the Tennessee State School Bond Authority. That report is available on the state's website at www.comptroller.tn.gov/boards/tennessee-state-school-bond-authority/investor-information/tssba-financial-reports.html.

Refunding of Debt

On February 24, 2021, the Tennessee State School Bond Authority issued the 2021 Series A Bonds (Federally Taxable) ("2021A"). The 2021A taxable bond proceeds in the amount of \$448,090,704.00 were issued to advance refund \$52,536,954.00 of the 2012 Series A bonds; \$24,788,469.00 of the 2012 Series C bonds; \$36,881,604.54 of the 2013 Series A Bonds; \$43,108,836.46 of the 2014 Series A bonds; \$53,349,402.80 of the 2014 Series B bonds; \$160,623,218.66 of the 2015 Series B bonds; and \$14,450,000.00 to pay for acquisition costs of a certain real estate parcel. The net proceeds of \$432,977,282.09 (after payment of \$663,421.91 in underwriter's fees and issuance costs) were deposited with an escrow agent to provide for all future debt service payments on the bonds.

The 2021 Series A refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$61,688,796.63. This amount is reported as a deferred outflow of resources and is being amortized through the year 2046. The 2021 Series A refunding resulted in a reduction of total debt service payments of \$77,751,022.71 over the next 26 years and an economic gain (difference between the present values of the old and new debt service payments) of \$64,686,533.48.

Note Payable

The university acquired a loan with First Horizon Bank for a total of \$7,175,620.98 as of June 30, 2021, to be paid in full on or before July 15, 2026. The university will make equal monthly payments in the amount of \$29,200, which consist of both a principal and interest portion. The interest rate on this note is subject to change from time to time based on changes in the LIBOR rate. There are no other unused lines of credit at the bank or assets pledged as collateral for this debt.

The university's estimated debt service requirements to maturity for this debt at June 30, 2021, based on the June 30, 2021 LIBOR rate, are as follows:

<u>Year ending June 30:</u>	<u>Principal</u>	<u>Interest</u>
2022	\$ 315,720.80	\$ 5,479.20
2023	344,703.35	5,696.65
2024	344,996.47	5,403.53
2025	345,289.83	5,110.17
2026	345,583.44	4,816.56
2027	<u>5,479,327.09</u>	<u>388.12</u>
	\$ 7,175,620.98	\$ 26,894.23

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 10: Pledged Revenues

The University of Tennessee has pledged certain revenues and fees, including state appropriations, to repay \$979,097,722.67 in revenue bonds issued from August 2012 to February 2021. Proceeds from the bonds provided financing for construction and renovation projects. The bonds are payable through 2048. (See Note 9 for further details.) Annual principal and interest payments on the bonds are expected to require 4.44% of available revenues. The total principal and interest remaining to be paid on the bonds is \$1,343,079,477.50. Principal and interest paid for the current year and total available revenues were \$72,059,443.25 and \$1,621,322,040.74, respectively.

Note 11: Pension Plans

A. Defined Benefit Plans

1. Tennessee Consolidated Retirement System

Closed State and Higher Education Employee Pension Plan

General Information About the Pension Plan

Plan Description

State employees and higher education employees with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014, are provided with pensions through the Closed State and Higher Education Employee Pension Plan. This plan is a component of the Public Employee Retirement Plan, an agent, multiple-employer defined benefit pension plan. The Closed State and Higher Education Employee Pension Plan stopped accepting new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, a new agent defined benefit retirement plan, the State and Higher Education Employee Retirement Plan, became effective for state employees and higher education employees hired on or after July 1, 2014.

The TCRS was created by state statute under Title 8, Chapters 34-37, *Tennessee Code Annotated*. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

Benefits Provided

Title 8, Chapters 34-37, *Tennessee Code Annotated*, establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Closed State and Higher Education Employee Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined using the following formula:

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Average of Member's Highest Compensation for 5 Consecutive Years (Up to Social Security Integration Level)	x	1.50%	x	Years of Service Credit	x	105%
--	---	-------	---	-------------------------	---	------

Plus:

Average of Member's Highest Compensation for 5 Consecutive Years (Over the Social Security Integration Level)	x	1.75%	x	Years of Service Credit	x	105%
---	---	-------	---	-------------------------	---	------

A reduced early retirement benefit is available at age 55 and vested. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for non-service-related disability eligibility. The service-related and non-service-related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to July 2 of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 0.5%. A 1% COLA is granted if the CPI change is between 0.5% and 1%. A member who leaves employment may withdraw employee contributions, plus any accumulated interest.

Contributions

Contributions for state employees and higher education employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. The university's employees are non-contributory, as are most members in the Closed State and Higher Education Employee Pension Plan. State and higher education agencies make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Closed State and Higher Education Employee Pension Plan are required to be paid. Employer contributions by the university for the year ended June 30, 2021, to the Closed State and Higher Education Employee Pension Plan were \$52,249,257, which is 20.23% of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year and the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability

At June 30, 2021, the university reported a liability of \$204,249,033 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The university's proportion of the net pension liability was based on a projection of the university's contributions during the year ended June 30, 2020, to the pension plan relative to the contributions of all participating state and higher education agencies. At the June 30, 2020, measurement date, the university's proportion was 12.467054%. The proportionate share from the prior year's measurement date of June 30, 2019, was 12.621833%.

Pension Expense

For the year ended June 30, 2021, the university recognized a pension expense of \$58,239,202.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2021, the university reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 5,891,573	\$ 1,855,521
Net difference between projected and actual earnings on pension plan investments	12,692,642	-
Changes in assumptions	-	-
Changes in proportion of net pension liability	-	2,704,394
The university's contributions subsequent to the measurement date of June 30, 2020	<u>52,249,257</u>	<u>-</u>
Total	<u>\$ 70,833,472</u>	<u>\$ 4,559,915</u>

Deferred outflows of resources, resulting from the university's employer contributions of \$52,249,257 subsequent to the measurement date will be recognized as a decrease in net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2022	\$ (6,503,449)
2023	3,843,171
2024	7,966,920
2025	8,717,658

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions

The total pension liability as of the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	Graded salary ranges from 8.72% to 3.44% based on age, including inflation, averaging 4%
Investment rate of return	7.25%, net of pension plan investment expenses, including inflation
Cost-of-living adjustment	2.25%

Mortality rates were based on customized tables based on actual experience, including a projection of mortality improvement using Scale MP-2019 (static projection to 6 years beyond the valuation date).

The actuarial assumptions used in the June 30, 2020, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2012, through June 30, 2016. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2016, actuarial experience study. This return was selected from a range of values developed using historical market returns and future capital market projections. The future capital market projections were produced using a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best estimates are combined to produce the future capital market projection by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5%. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	5.69%	31%
Developed market international equity	5.29%	14%
Emerging market international equity	6.36%	4%
Private equity and strategic lending	5.79%	20%
U.S. fixed income	2.01%	20%
Real estate	4.32%	10%
Short-term securities	0.00%	1%
		<u>100%</u>

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.25% based on a comparison of historical market returns and future capital market projections.

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all state and higher education agencies will be made at the actuarially determined contribution rate in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the university's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the university's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	<u>1% Decrease (6.25%)</u>	<u>Current Discount Rate (7.25%)</u>	<u>1% Increase (8.25%)</u>
University's proportionate share of the net pension liability (asset)	\$ 452,712,553	\$ 204,249,033	\$ (5,291,326)

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

Payable to the Pension Plan

At June 30, 2021, the university reported a payable of \$5,338,750.95 for the outstanding amount of legally required contributions to the pension plan required for the year ended June 30, 2021.

State and Higher Education Employee Retirement Plan

General Information About the Pension Plan

Plan Description

State employees and higher education employees with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014, are provided with pensions through the Closed State and Higher Education Employee Pension Plan, an agent plan within the Public Employee Retirement Plan administered by the TCRS. TCRS is a multiple-employer pension plan. The Closed State and Higher Education Pension Plan was closed effective June 30, 2014, and covers employees hired before July 1, 2014. Employees hired after June 30, 2014, are provided with pensions through a legally separate plan referred to as the State and Higher Education Employee Retirement Plan, an agent plan within the Public Employee Retirement Plan administered by the TCRS. The TCRS was created by state statute under Title 8, Chapters 34-37, *Tennessee Code Annotated*.

Benefits Provided

Title 8, Chapters 34-37, *Tennessee Code Annotated*, establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the State and Higher Education Employee Retirement Plan are eligible to retire at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and years of service credit total 90. Members are entitled to receive unreduced service retirement benefits, which are determined by a formula multiplying the member's highest five consecutive years' average compensation by 1% multiplied by the member's years of service credit. A reduced early retirement benefit is available at age 60 with 5 years of service credit or pursuant to the rule of 80 in which a member's age and years of service credit total 80. Service-related disability benefits are provided regardless of length of service. Five years of service is required for non-service-related disability eligibility. The service-related and non-service-related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost-of-living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to July 2 of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 0.5%. A 1% COLA is granted if the CPI change is between 0.5% and 1%. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Contributions

Contributions for state and higher education employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. University employees contribute 5% of their salary to the State and Higher Education Employee Retirement Plan. The higher education institutions make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the State and Higher Education Employee Retirement Plan are required to be paid. Employer contributions by the university for the year ended June 30, 2021, to the State and Higher Education Employee Retirement Plan were \$3,162,654, which is 1.80% of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year and the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Asset

At June 30, 2021, the university reported an asset of \$4,689,086 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2020, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. The university's proportion of the net pension asset was based on a projection of the university's contributions during the year ended June 30, 2020, to the pension plan relative to the contributions of all participating state and higher education agencies. At the June 30, 2020, measurement date, the university's proportion was 13.316240%. At the June 30, 2019, measurement date, the university's proportion was 12.743761%.

Pension Expense

For the year ended June 30, 2021, the university recognized a pension expense of \$2,467,288.

Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2021, the university reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 329,896	\$ 148,151
Net difference between projected and actual earnings on pension plan investments	482,543	-
Changes in assumptions	130,863	-
Changes in proportion of net pension asset	40,537	600,712
The university's contributions subsequent to the measurement date of June 30, 2020	<u>3,162,654</u>	-
Total	<u>\$ 4,146,493</u>	<u>\$ 748,863</u>

Deferred outflows of resources, resulting from the university's employer contributions of \$3,162,654 subsequent to the measurement date, will be recognized as a decrease in net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Year Ending June 30:

2022	\$ 19,445
2023	79,283
2024	112,091
2025	138,990
2026	(30,093)
Thereafter	(84,740)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions

The total pension liability as of the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	Graded salary ranges from 8.72% to 3.44% based on age, including inflation, averaging 4%
Investment rate of return	7.25%, net of pension plan investment expenses, including inflation
Cost-of-living adjustment	2.25%

Mortality rates were based on customized tables based on actual experience, including a projection of mortality improvement using Scale MP-2019 (generational projection).

The actuarial assumptions used in the June 30, 2020, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2012, through June 30, 2016. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2016 actuarial experience study. This return was selected from a range of values developed using historical market returns and future capital market projections. The future capital market projections were produced using a building-block method in which a best estimate of expected real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best estimates are combined to produce the future capital market projection by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5%. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Target Allocation
U.S. equity	5.69%	31%
Developed market international equity	5.29%	14%
Emerging market international equity	6.36%	4%
Private equity and strategic lending	5.79%	20%
U.S. fixed income	2.01%	20%
Real estate	4.32%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.25% based on a comparison of historical market returns and future capital market projections.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all state and higher education agencies will be made at the actuarially determined contribution rate in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the proportionate share of the net pension asset to changes in the discount rate

The following presents the university's proportionate share of the net pension asset calculated using the discount rate of 7.25%, as well as what the university's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1 percent point lower (6.25%) or 1 percent point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
University's proportionate share of the net pension liability (asset)	\$ 4,520,408	\$ (4,689,086)	\$ (11,642,197)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

Payable to the Pension Plan

At June 30, 2021, the university reported a payable of \$1,361,195.56 for the outstanding amount of legally required contributions to the pension plan required for the year ended June 30, 2021.

Total Defined Benefit Pension Expense

The total pension expense for the year ended June 30, 2021, for all state government defined benefit pension plans was \$60,706,490.

2. Federal Retirement Program

Plan Description

The University of Tennessee contributes to the Federal Retirement Program, a cost-sharing, multiple-employer, defined benefit pension plan administered by the Civil Service Retirement System (CSRS) for participants employed prior to January 1, 1987, and the Federal Employees Retirement System (FERS) for participants employed after December 31, 1986. U.S. Office of Personnel Management manages both systems. All regular full-time employees of the University of Tennessee Agricultural Extension Service who hold federal appointments for 51% or more of

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

their time are required to participate in either one of the two Federal Retirement Programs. For both systems, benefit provisions are established in federal statutes. Federal statutes are amended by the U.S. Congress. There were 113 employees in Federal Retirement Programs in 2020, 11 in CSRS and 102 in FERS. Both systems provide retirement, death, and disability benefits, as well as annual cost-of-living adjustments, to plan members and their beneficiaries. Benefits are based on high 3-year average salary and years of service. CSRS employees can retire with 5 years of service at age 62, at age 60 with 20 years of service, or at 55 with 30 years of service. FERS employees can retire with 10 years of service at a minimum retirement age from 55-57 depending on year of birth. For both plans, former employees who leave the job before becoming eligible for retirement can either ask that their retirement contributions be returned or wait until age requirements are met to receive monthly benefits, provided years of service requirements have been met. Benefit estimates are available at: <https://www.opm.gov/retirement-services/fers-information/computation/>.

CSRS and FERS issue publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by writing to the Office of Personnel Management, Retirement Information Office, P.O. Box 45, Boyers, PA 16017-0045, or by calling (202) 606-0500.

Funding Policy

Participating employees, with some exceptions, are required by federal statute to contribute 7.0% of covered salaries to the CSRS plan. The university is currently required to contribute 7.0%. Contributions to CSRS for the year ended June 30, 2021, were \$115,477.56 which consisted of \$60,934.92 from the university and \$54,542.64 from the employees. At June 30, 2021, the university reported a payable of \$4,809.67 for the outstanding amount of legally required contributions to the CSRS pension plan for the year ended June 30, 2021.

Federal statute requires employees participating in FERS to contribute 0.8% of their salaries to the Basic Benefit Plan. The university is required to contribute 13.2%. In addition, the university is required to contribute 1% of each participant's salary to the Thrift Savings Plan plus up to an additional 4% depending upon employees' contributions, which can range from 0 to 10% of their salaries. Contributions to FERS for the year ended June 30, 2021, were \$2,383,898.11, which consisted of \$1,788,800.53 from the university and \$595,097.58 from the employees. At June 30, 2021, the university reported a payable of \$112,369.63 for the outstanding amount of legally required contributions to the FERS pension plan required for the year ended June 30, 2021.

B. Defined Contribution Plans

1. Optional Retirement Plans (ORP)

Plan Description

The university contributes to the Optional Retirement Plan (ORP). The ORP, administered by the Tennessee Treasury Department, is a defined contribution plan. The ORP was established by state statute in Title 8, Chapter 25, Part 2, *Tennessee Code Annotated*. This statute also sets out the plan provisions. The plan provisions are amended by the Tennessee General Assembly. The ORP was designed to provide benefits at retirement to faculty and staff who are exempt from the overtime provision of the Fair Labor Standards Act and who waive membership in the TCRS. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings.

Funding Policy

For employees employed prior to July 1, 2014, plan members are noncontributory. The university contributes an amount equal to 10% of the employee's base salary up to the social security wage base and 11% above the social security wage base. For employees hired after June 30, 2014, plan members will contribute 5% to the ORP, and the university will contribute 9% of the employee's base salary. Pension expense equaled the required contributions

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

made to the ORP and was \$48,862,119.17 for the year ended June 30, 2021, and \$49,273,212.32 for the year ended June 30, 2020. Contributions met the requirements for each year.

Members are immediately 100% vested in the employer contributions made pursuant to the ORP. The Treasury Department has selected three investment vendors who offer a variety of investment products in which members are responsible for selecting how the contributions are invested. Each member makes the decision when to reallocate future contributions or when to transfer funds from one investment product to another. Funds are held by the investment vendor in the name of the member, not in the name of the State of Tennessee. The State of Tennessee has no discretion over these funds other than to make the initial contributions.

2. Joint Contributory Retirement System Plan A (JCRS-A)

Plan Description

The Joint Contributory Retirement System Plan A (JCRS-A) is a defined contribution plan with minimum benefits and is administered by the Tennessee Consolidated Retirement System and TIAA-CREF. Employees who were enrolled in the Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) before July 1977 are members of JCRS-A. Enrollment in this plan for new employees has been closed since July 1977.

Although JCRS-A members participate in the optional retirement plans described above, they may also, under certain circumstances, receive a supplementary benefit from the State of Tennessee. Plan provisions are established by Title 8, Chapter 35, Part 4, *Tennessee Code Annotated*. State statutes are amended by the Tennessee General Assembly.

Funding Policy

Plan members are noncontributory. The university's contributions for JCRS-A members were calculated using the base salary amounts of \$2,134,531.66 for fiscal year 2021, and \$3,603,678.95 for fiscal year 2020. Contribution requirements are established and amended by state statute. The contributions are included in the ORP amounts. University contributions to fund the state supplemental benefit totaled \$431,815.72 in fiscal year 2021, and \$712,626.69 in fiscal year 2020. Contributions met the requirements for each year.

3. Deferred Compensation Plans

Employees are offered three deferred compensation plans. The university, through the State of Tennessee, provides two plans, one established pursuant to the *Internal Revenue Code* (IRC), Section 457, and the other pursuant to IRC, Section 401(k). The third plan is administered by the university and was established in accordance with IRC, Section 403(b). The plans are outsourced to third party vendors, and the administrative costs assessed by the vendors of these plans are the responsibility of plan participants. Section 401(k), Section 403(b), and Section 457 plan assets remain the property of the contributing employees; therefore, they are not presented in the accompanying financial statements. Sections 401(k), 403(b), and 457 establish participation, contribution, and withdrawal provisions for the plans. Participation in the 403(b) and the 457 plans is voluntary for employees. The university provides up to a \$50 monthly employer match for employees who participate in the state's 401(k) plan. Employees hired before July 1, 2014, voluntarily participate in the state's 401(k) plan. Pursuant to Chapter 259 of the *Public Acts of 2013*, employees hired after June 30, 2014, are automatically enrolled in the state's 401(k) plan if they elect to be in the TCRS pension plan. Employees contribute 2% of their salary, with the employer contributing an additional non-matching 5%. Employees may opt out of the 2% auto enrollment. Such contribution rates may only be amended by the Tennessee General Assembly. There are certain automatic cost controls and unfunded liability controls in the defined benefit plan where the employees participate that may impact the non-matching 5% employer contribution to the 401(k) plan.

Employees are immediately vested in both the employee and employer contributions in all plans. The IRC establishes maximum limits that an employee can contribute to these plans. The employee may increase, decrease, or stop contributions at any time for all three plans.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

During the year ended June 30, 2021, contributions totaling \$34,135,647.25 were made by employees participating in the 401(k) plan, and the university recognized pension expense of \$15,434,700.49 for employer contributions. During the year ended June 30, 2020, contributions totaling \$32,228,314.72 were made by employees participating in the 401(k) plan, and the university recognized pension expense of \$14,176,363.91 for employer contributions.

Note 12: Other Postemployment Benefits (OPEB)

Closed State Employee Group OPEB Plan

General information about the OPEB plan

Plan Description

Employees of the university, who were hired prior to July 1, 2015, and choose coverage, are provided with pre-65 retiree health insurance benefits through the Closed State Employee Group OPEB Plan (EGOP) administered by the Tennessee Department of Finance and Administration. This plan is considered to be a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB). This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015. The employers participating in this plan include the State of Tennessee (primary government), the Tennessee Student Assistance Corporation, the Tennessee Housing Development Agency, the University of Tennessee, and the institutions that make up the State University and Community College System. The State of Tennessee Postemployment Benefits Trust (OPEB Trust) was established to accumulate resources to pay for the retiree benefits of EGOP participants. The OPEB Trust prepares a stand-alone financial report that can be found at <https://www.tn.gov/finance/rd-doa/opeb22121.html>.

Benefits Provided

The EGOP is offered to provide health insurance coverage to eligible retired and disabled participants and is the only postemployment benefit provided to eligible pre-65 participants. Benefits are established and amended by an insurance committee created by Title 8, Chapter 27, Section 201, *Tennessee Code Annotated*. All retirees and disabled employees of the primary government and certain component units, who are eligible and choose coverage, and who have not yet reached the age of 65 are enrolled in this plan. All members have the option of choosing between the premier preferred provider organization (PPO) plan, standard PPO plan, or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members receive the same plan benefits as active employees, at a blended premium rate that considers the cost of active and retired employees. This creates an implicit subsidy for the retirees. The retirees' cost is then directly subsidized, by the employers, based on years of service. Therefore, retirees with 30 years of service are subsidized 80%; 20 but less than 30 years, 70%; and less than 20 years, 60%.

Contributions

Annually, an insurance committee, created in accordance with Title 8, Chapter 27, Section 201, *Tennessee Code Annotated*, establishes the required contributions to the plan by member employees through the premiums established to approximate claims cost for the year. Pre-age 65 retired members of the EGOP pay a premium based on a blended rate that considers the cost of active and retired employees as well as their individual years of service. Therefore, retirees pay either 20 percent, 30 percent, 40 percent, or 100 percent of the appropriate premium rate. These payments are deposited into the OPEB Trust. Employers contribute to the OPEB Trust based on an actuarially determined contribution (ADC) rate calculated in a manner to meet the funding goals of the state. The total ADC rate for plan employers for the fiscal year ended June 30, 2021 was \$137.1 million. The university's share of the ADC was \$23.69 million. During the fiscal year, the university contributed \$23.69 million to the OPEB Trust. The Tennessee General Assembly has the authority to change the contribution requirements of the employers participating in the EGOP.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Net OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Proportionate Share

The university's proportion and proportionate share of the collective net OPEB liability related to the EGOP is 16.509580% and \$138.20 million. The proportion existing at the prior measurement date was 16.331658%. This resulted in a change in proportion of 0.177922% between the current and prior measurement dates. The university's proportion of the collective net OPEB liability was based on a projection of the long-term share of contributions to the OPEB plan relative to the projected share of contributions of all participating employers, actuarially determined. The collective total OPEB liability was determined by an actuarial valuation with a valuation date of June 30, 2020, and a measurement date of June 30, 2020.

OPEB Expense

For the fiscal year ended June 30, 2021, the university recognized OPEB expense of \$3.97 million.

Deferred Outflows of Resources and Deferred Inflows of Resources

For the fiscal year ended June 30, 2021, the university reported deferred outflows of resources and deferred inflows of resources related to OPEB paid by the EGOP from the following sources (expressed in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 13,511
Changes in assumptions	7,110	36,435
Net difference between actual and projected investment earnings	2,644	-
Changes in proportion and difference between benefits paid and proportionate share of benefits paid	10,460	29,578
Contributions subsequent to the measurement date	<u>23,686</u>	<u>-</u>
Total:	<u>\$ 43,900</u>	<u>\$ 79,524</u>

Deferred outflows of resources, resulting from the university's employer contributions of \$23,686,500 subsequent to the measurement date, will be recognized as a decrease in net OPEB liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (expressed in thousands):

Year Ending June 30	
2022	\$(11,568)
2023	\$(11,568)
2024	\$(11,568)
2025	\$(11,597)
2026	\$(11,485)
Thereafter	\$ (1,524)

In the table above, positive amounts will increase OPEB expense, while negative amounts will decrease OPEB expense.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Actuarial Assumptions

The collective total OPEB liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.10%
Salary increases	Graded salary ranges from 8.72% to 3.44% based on age, including inflation, averaging 4%.
Healthcare cost trend rates	9.02% for 2021, decreasing annually to an ultimate rate of 4.5% for 2031 and later years.
Retiree's share of benefit-related costs	Members are required to make monthly contributions in order to maintain their coverage. For the purpose of this valuation, a weighted average has been used with weights derived from the current distribution of members among plans offered.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2020, valuations were the same as those employed in the July 1, 2017, pension actuarial valuation of the Tennessee Consolidated Retirement System (TCRS) for Group I employees. These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2012, through June 30, 2016. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the RP-2014 Employees and Healthy Participant Mortality Table projected generationally with MP-2016 from the central year for pre-retirement. For post-retirement the tables are Blue Collar and adjusted with a 2% load for males and a -3% load for females. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender-distinct table published in the IRS Ruling 96-7 for disabled lives with a 10% load.

Long-term Expected Rate of Return

The long-term expected rate of return of 6 percent on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Title 8, Chapter 27, Section 802 *Tennessee Code Annotated*, establishes the responsibility of the trustees to adopt written investment policies authorizing how assets in the OPEB Trust may be invested and reinvested by the State Treasurer. The treasurer may invest trust assets in any security or investment in which the Tennessee Consolidated Retirement System (TCRS) is permitted to invest, provided that investments by the OPEB Trust shall be governed by the investment policies and guidelines adopted by the trustees. Any changes to the investment policy will be the responsibility of the established trustees. The OPEB Trust investment policy target asset allocation and allocation range for each major asset class is summarized in the following table:

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

<u>Asset Class</u>	<u>Allocation Range</u>		<u>Target Allocation</u>
	<u>Minimum</u>	<u>Maximum</u>	
Equities	25%	80%	53%
Fixed income and short-term securities	20%	50%	25%
Real estate	0%	20%	10%
Private equity and strategic lending	0%	20%	7%
Cash and cash equivalents	0%	25%	5%
			<u>100%</u>

The best-estimates of geometric real rates of return for each major asset class included in the target asset allocation as of June 30, 2020 are summarized in the following table:

<u>Asset Class</u>	<u>Long-term Expected Real Rate of Return</u>
U.S. equity	4.11%
Developed market international equity	5.19%
Emerging market international equity	5.29%
Private equity and strategic lending	4.11%
U.S fixed income	0.00%
Real estate	3.72%
Cash (government)	(0.69%)

Discount Rate

The discount rate used to measure the total OPEB liability was 6%. This is the same rate used at the prior measurement date. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the ADC rates. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on these assumptions, the OPEB Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on OPEB Plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in Assumptions

The excise tax was removed from the liability calculation, as of the measurement date, due to a change in federal law concerning health benefits provided to employees. Other minor changes include a change in the long term inflation rate, adjustments to the medical and drug trend rate to reflect more recent experience and a change in the expected per capita health claims. These changes combined to decrease the total OPEB liability

Sensitivity of the Proportionate Share of the Collective Net OPEB Liability to Changes in the Discount Rate

The following presents the university's proportionate share of the collective net OPEB liability of the EGOP, as well as what the proportionate share of the collective net OPEB liability would be if it were calculated using a discount

**THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021**

rate that is 1 percentage point lower 5% or 1 percentage point higher (7%) than the current discount rate (expressed in thousands):

	1% Decrease (5%)	Current Discount Rate (6%)	1% Increase (7%)
University's proportionate share of the collective net OPEB liability	\$150,256	\$138,202	\$126,995

Sensitivity of the Proportionate Share of the Collective Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the university's proportionate share of the collective net OPEB liability of the EGOP, as well as what the proportionate share of the collective net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1 percentage point lower (8.02% decreasing to 3.5%) or 1 percentage point higher (10.02% decreasing to 5.5%) than the current healthcare cost trend rate (expressed in thousands):

	1% Decrease (8.02% decreasing to 3.50%)	Healthcare Cost Trend Rates (9.02% decreasing to 4.50%)	1% Increase (10.02% decreasing to 5.50%)
University's proportionate share of the collective net OPEB liability	\$123,454	\$138,202	\$155,091

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the State of Tennessee's *Annual Comprehensive Financial Report* found at <https://www.tn.gov/finance/rd-doa/fa-accfin-ar.html>.

Closed Tennessee OPEB Plan

General Information about the OPEB plan

Plan Description

Employees of the university who were hired prior to July 1, 2015, and choose coverage, are provided with post-65 retiree health insurance benefits through the Closed Tennessee OPEB Plan (TNP) administered by the Tennessee Department of Finance and Administration. This plan is considered to be a multiple-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB). However, for accounting purposes, this plan will be treated as a single-employer plan. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015. The State of Tennessee (primary government), as well as the Tennessee Student Assistance Corporation, the Tennessee Housing Development Agency, the University of Tennessee, and the other institutions that make up the State University and Community College System, also participate in this plan. This plan also serves eligible post-65 retirees of employers who participate in the state-administered Teacher Group Insurance and Local Government Insurance Plans.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Benefits Provided

The TNP is offered to help fill most of the coverage gaps created by Medicare and is the only postemployment benefit provided to eligible post-65 retired and disabled employees of participating employers. This plan does not include pharmacy. In accordance with Title 8, Chapter 27, Section 209, *Tennessee Code Annotated*, benefits are established and amended by cooperation of insurance committees created by Sections 8-27-201, 301, and 701, *Tennessee Code Annotated*. Retirees and disabled employees of the state, component units, local education agencies, and certain local governments who have reached the age of 65, are Medicare-eligible, and also receive a benefit from the Tennessee Consolidated Retirement System, may participate in this plan. All plan members receive the same plan benefits at the same premium rates. Many retirees receive direct subsidies toward their premium cost; however, participating employers determine their own policy in this regard. The primary government contributes to the premiums of component unit retirees based on years of service. Therefore, retirees with 30 years of service receive \$50 per month; 20 but less than 30 years, \$37.50; and 15 but less than 20 years, \$25. The university does not provide any subsidies for retirees in the TNP. The primary government paid \$1.14 million for OPEB as the benefits came due during the reporting period. This plan is funded on a pay-as-you-go basis, and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement 75.

In accordance with Title 8, Chapter 27, Part 209, *Tennessee Code Annotated*, the state insurance committees established by Sections 8-27-201, 301, and 701, *Tennessee Code Annotated*, determine the required payments to the plan by member employers and employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies.

Total OPEB Liability and OPEB Expense

Proportionate Share

The primary government is entirely responsible for the TNP OPEB liability associated with the university's employees. The primary government's proportionate share of the total OPEB liability associated with the university was \$38.02 million. At the June 30, 2020, measurement date, the proportion of the collective total OPEB liability associated with the university was 18.43772%. The proportion existing at the prior measurement date was 18.444977%. This represents a change of (.007257)% from the prior proportion. The proportion of the collective total OPEB liability associated with the university was based on a projection of the long-term share of contributions to the OPEB plan relative to the projected share of contributions of all participating employers, actuarially determined. The collective total OPEB liability was determined by an actuarial valuation with a valuation date of June 30, 2020, and a measurement date of June 30, 2020.

Actuarial Assumptions

The total OPEB liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.10%
Salary increases	Graded salary ranges from 8.72% to 3.44% based on age, including inflation, averaging 4%
Healthcare cost trend rates	The premium subsidies provided to retirees in the Closed Tennessee OPEB Plan are assumed to remain unchanged for the entire projection; therefore, trend rates are not applicable.

**THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021**

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2020, valuations were the same as those employed in the July 1, 2017, pension actuarial valuation of the Tennessee Consolidated Retirement System (TCRS) for Group I employees. These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2012, through June 30, 2016. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the RP-2014 Employees and Healthy Participant Mortality Table projected generationally with MP-2016 from the central year for pre-retirement. For post-retirement the tables are Blue Collar and adjusted with a 2% load for males and a -3% load for females. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender-distinct table published in IRS Ruling 96-7 for disabled lives with a 10% load.

Discount Rate

The discount rate used to measure the total OPEB liability was 2.21%. This rate reflects the interest rate derived from yields on 20-year, tax-exempt general obligation municipal bonds, prevailing on the measurement date, with an average rating of AA as shown on the Bond Buyer GO 20-Bond Municipal index.

Sensitivity of the Proportionate Share of the Collective Total OPEB Liability to Changes in the Discount Rate

The following presents the primary government's proportionate share of the university's related collective total OPEB liability, as well as what the proportionate share of the collective total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.21%) or 1 percentage point higher (3.21%) than the current discount rate (expressed in thousands). The university does not report a proportionate share of the OPEB liability for employees in the TNP.

	1% Decrease (1.21%)	Current Discount Rate (2.21%)	1% Increase (3.21%)
Primary government's proportionate share of the collective total OPEB liability	\$ 43,307	\$ 38,017	\$ 33,631

OPEB Expense

For the year ended June 30, 2021, the primary government recognized OPEB expense of \$2.19 million for employees of the university participating in the TNP.

Total OPEB Expense

The total OPEB expense for the year ended June 30, 2021, was \$6.16 million, which consisted of OPEB expense of \$3.97 million for the EGOP and \$2.19 million paid by the primary government for the TNP.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 13: Revenues

A summary of adjustments and allowances by revenue classification is presented as follows:

Revenue Source	Gross Revenue	Less Scholarship Allowances	Uncollectible Debt Adjustments	Net Revenue
Operating Revenues:				
Student tuition and fees	\$ 810,587,454.08	\$ (272,709,861.44)	\$ (1,805,629.53)	\$ 536,071,963.11
Sales and services of educational departments and other activities	57,930,988.41	-	(1,140,283.29)	56,790,705.12
Residential life	62,098,106.88	(2,255,032.60)	4,317.39	59,847,391.67
Food Services	8,544,016.85	-	3,296.55	8,547,313.40
Bookstore	18,082,389.95	-	(139,007.51)	17,943,382.44
Parking	10,614,440.73	-	(553,681.87)	10,060,758.86
Other auxiliaries	311,507.94	-	(2,364.00)	309,143.94
Other operating revenues	18,733,205.45	-	(22,311.69)	18,710,893.76
Nonoperating Revenues:				
Gifts	24,806,029.07	-	68,614.55	24,874,643.62
Total	\$1,011,708,139.36	\$(274,964,894.04)	\$(3,587,049.40)	\$733,156,195.92

Uncollectible debt adjustments are negative when the associated allowance for doubtful accounts increases and are positive when the associated allowance for doubtful accounts decreases.

Note 14: Chairs of Excellence

Since fiscal year 1985, the Tennessee General Assembly has appropriated \$22 million to a Chairs of Excellence Endowment for the University of Tennessee. The appropriations provided that the Chairs of Excellence Endowment be established as an irrevocable trust with the State Treasurer and required the university to match the appropriation on a dollar-for-dollar basis. The university has fully matched 50 chairs as of June 30, 2021. The financial statements of the university include as expenses the amounts expended in the current year to match the state appropriations. The university's statement of net position does not include the amounts held in trust by the State Treasurer. At June 30, 2021, the amounts held in trust totaled \$209,856,167.16 at fair value.

Note 15: Joint Ventures

UT-Battelle

The university is a participant in a joint venture with Battelle Memorial Institute for the sole purpose of management and operation of the Oak Ridge National Laboratory (ORNL) for the U. S. Department of Energy. Each entity has a 50% interest in the venture, each having provided an initial investment of \$125,000. The university's equity interest was \$5,176,559 at June 30, 2021. The university and Battelle each receive a 50% distribution of the ORNL management fee after shared expenses are deducted. The fee distribution to the university for the year ended September 30, 2020, was \$4,051,559.91.

During the year ended June 30, 2021, the university had expenses of \$23,833,879.85 under contracts with UT-Battelle. Amounts receivable from UT-Battelle under these contracts totaled \$3,010,614.45 at June 30, 2021.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

UT Le Bonheur Pediatric Specialists

The university is a participant in a joint venture with Methodist Healthcare – Memphis Hospitals, Le Bonheur Children’s Hospital, for the sole purpose of governance, management, and support of the UT Le Bonheur Pediatric Specialists, Inc. (ULPS), a nonprofit faculty group practice comprised of pediatric physicians holding hospital privileges at Le Bonheur who are employed as UT Health Science Center faculty members. The practice group was incorporated on September 9, 2010, and began operations in January 2011.

Both the university and Methodist Healthcare provided an advance to the joint venture in the 2011 fiscal year so that the faculty practice group could begin its operations. In addition, the university and Methodist Healthcare have agreed to guarantee the losses of ULPS equally and provide cash on a monthly basis to meet the operating needs of ULPS. During the 2021 fiscal year, the university remitted another \$22,223,329 for these purposes.

To review the audit report of UT Le Bonheur Pediatric Specialists, Inc., please contact the Controller’s Office, The University of Tennessee, 201 Andy Holt Tower, Knoxville, Tennessee 37996-0100.

Note 16: Insurance-Related Activities

It is the policy of the state not to purchase commercial insurance for the risks associated with casualty losses for general liability, automobile liability, medical malpractice liability, and workers’ compensation. By statute, the maximum liability for general liability, automobile liability, and medical malpractice liability is \$300,000 per person and \$1,000,000 per occurrence. The state’s management believes it is more economical to manage these risks internally and set aside assets for claim settlement in its internal service fund, the Risk Management Fund (RMF). The state purchases commercial insurance for real property, crime and fidelity coverage on the state’s officials and employees, and cyber liability coverage. For property coverage, the deductible for an individual state agency is the first \$25,000 to \$75,000 of losses based on a tiered deductible system that accounts for averaged losses over a three year period and the type of loss. The RMF is responsible for property losses for the annual aggregate deductible of \$7.5 million for perils other than earthquake and flood. Purchased insurance coverage is responsible for losses exceeding the \$7.5 million annual aggregate deductible. For earthquake, named storm, wind/hail, and flood, there is a deductible of \$10 million per occurrence. The maximum insurance coverage was \$500 million for perils other than earthquake and flood. The maximum flood insurance coverage is \$50 million per occurrence, except there is only \$25 million of coverage in flood zones A and V. The maximum earthquake insurance coverage is \$50 million per occurrence, except there is only \$25 million of coverage in the New Madrid Zone. Settled claims resulting from these risks have not exceeded maximum commercial insurance coverage in any of the three past fiscal years.

The university participates in the RMF. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the university based on a percentage of the university’s expected loss costs, which include both experience and exposures. This charge considers recent trends in actual claims experience of the state as a whole. Information regarding the determination of the claims liabilities and the changes in the balances of the claims liabilities for the year ended June 30, 2021, is presented in Tennessee’s *Annual Comprehensive Financial Report*. This report is available on the state’s website at <https://www.tn.gov/finance/rd-doa/fa-accfin-ar.html>. At June 30, 2021, the RMF held \$234 million in cash designated for payment of claims.

At June 30, 2021, the scheduled coverage for the university was \$7,535,291,054 for buildings and \$1,368,125,852 for contents.

The state has also set aside assets in the Employee Group Insurance Fund, an internal service fund, to provide a program of health insurance coverage for the employees of the state, with the risk retained by the state. The university participates in the Employee Group Insurance Fund. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the university based on estimates of the ultimate cost of claims, including the cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Employees and providers have 13 months to file medical claims.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 17: Commitments and Contingencies

A. Construction Commitment

The university has contractual obligations for the construction of new buildings and additions to and renovations of existing buildings. The outstanding commitments under such contracts at June 30, 2021, were \$188,109,293.05, of which \$138,499,803.55 of these costs will be funded with future state capital outlay appropriations.

B. Sick Leave

The university records the cost of sick leave when paid. The dollar amount of unused sick leave was \$373,876,336.19 at June 30, 2021.

C. Grants and Contracts

The university receives grants and contracts from various federal and state agencies to fund research and other activities. The costs, both direct and indirect, charged to these grants and contracts are subject to audit and disallowance by the granting agency. The university administration believes that any disallowance or adjustments would not have a material effect on the university's financial position.

D. Nonvested Equipment

Equipment in the possession of the university valued at \$5,069,782.36 as of June 30, 2021, is not reflected in the financial statements. This equipment was purchased with restricted grant and contract funds and other funds, and title has not yet transferred to the university.

E. Litigation

The university is involved in several existing lawsuits and the possibility exists of additional litigation. It is not possible to estimate the extent of any losses resulting from these lawsuits

Note 18: Lease and Transfer of UT Memorial Research Center and Hospital

On July 29, 1999, the university transferred ownership and control of its hospital located in Knoxville to University Health Systems, Inc., (UHS), an independent, private, not-for-profit organization operating under its own *Internal Revenue Code*, Section 501(c)(3) designation. The lease and transfer of the hospital from the university to UHS was accomplished through three main agreements: the Lease and Transfer Agreement, the Employee Services Agreement, and the Affiliation Agreement. As summarized below, there have been two amendments to the Lease and Transfer agreement.

Original Lease and Transfer Agreement – pursuant to the enabling legislation, *Tennessee Code Annotated*, Section 49-9-112 and Section 49-9-1301 et seq., UHS leased from the university the real property of the existing hospital and the Graduate School of Medicine. (See also Note 20.) The term of this agreement was 50 years. The university also transferred to UHS all operating assets of the hospital. The original consideration for the lease of the real property and transfer of the operating assets was payment by UHS of a) a sum sufficient to economically defease all of the debt issued by the Tennessee State School Bond Authority in the amount of \$149,080,353.69, b) \$25,000,000.00 paid to the university at closing, and c) a variable lease obligation of \$50,000,000.00 to be paid to the university over twenty years. UHS assumed all prior hospital liabilities, known or unknown.

Lease and Transfer Agreement Amendments – The first amendment, which was executed on July 8, 2011, allowed for the sublease of a tract of land at the hospital. On January 10, 2019, the university and UHS executed the second amendment to the original agreement. In this amendment, the university extended the term of the lease, revised the

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

payment structure for the remaining payment due, and determined the rent that will be due under the remaining term beginning January 1, 2021. The term of the lease was extended to July 29, 2099. The nature of lease payments through calendar year 2049 were agreed upon. These lease payments are based on the continuing financial position of UHS. The future lease payment structure is related to an acceptable level of financial performance linked to an A-bond rating. As the financial position of UHS improves and meets the established level of performance, UHS will make a lease payment to the university equal to 20 percent of any operating margin over and above the financial metric required to maintain the agreed upon bond rating. The parties agreed to meet in July 2044 to determine payments beginning in calendar year 2050.

Employee Services Agreement – UHS has leased from the university all hospital employees as of the date of closing. UHS has paid to the university the amounts incurred by the university to pay the direct expenses relating to the hospital employees, including wages, salaries, and fringe benefits. These payroll expenses on behalf of UHS, totaling \$30,262,175.67 in 2021, are reported as operating expenses in the statement of revenues, expenses, and changes in net position. An equal amount of operating revenue is reported in the nongovernmental grants and contracts category. The term of the Employee Services Agreement is 50 years. All persons who began service at the hospital after the date the Employee Service Agreement was signed are employees of UHS and not university employees.

Affiliation Agreement – the university and UHS agreed that UHS will continue to support the Graduate School of Medicine by providing appropriate facilities and resources of the hospital to the faculty and students at the Graduate School of Medicine. UHS agreed to pay the university \$1,500,000 at closing for the benefit of the Graduate School of Medicine. In addition, UHS must pay monthly to the university, for the benefit of the Graduate School of Medicine, the government funding, direct and indirect medical education funds, TennCare medical education funds, and other medical education funds received by UHS for the benefit of the Graduate School of Medicine. The amount payable by UHS shall be reduced by a) the fair market rental value of the space provided to the Graduate School of Medicine; b) the fair market value of the information system, telecommunication, network infrastructure, and human resource services provided by UHS to the Graduate School of Medicine; and c) retroactive adjustments made by payers to the graduate medical education payments.

Note 19: Transfer of Development and Alumni Affairs Operations to the University of Tennessee Foundation and the University of Chattanooga Foundation

On July 1, 2011, the university transferred its Development and Alumni Affairs operations to the University of Tennessee Foundation, Inc., a not-for-profit component unit created to support the University of Tennessee. On July 1, 2017, the University of Tennessee at Chattanooga (UTC) transferred its Development and Alumni Affairs operations to the University of Chattanooga Foundation, Inc., a not-for-profit component unit created to support UTC. The foundations support the university's educational, research, and public activities by securing and administering private funds to support programs beyond the scope of the university's general budget. (See also Notes 23 and 24.) Pursuant to the University of Tennessee Board of Trustees' approval and the enabling legislation, *Tennessee Code Annotated*, Section 49-9-113, the university and the foundations signed Affiliation and Services Agreements and Employee Services Agreements to effect the transfers.

Affiliation and Services Agreements – the university and the UT Foundation agreed that all gifts, unless directed otherwise by the donor or given in support of the University of Tennessee at Chattanooga, be deposited into the foundation bank account and that the university pay the foundation direct support and a 100 basis point endowment assessment fee as compensation for performing the fundraising function. The direct support amount is to be reviewed annually, and the foundation President and Chief Executive Officer, who is also the university's Vice President for Development and Alumni Affairs, coordinates fundraising goals and objectives of the foundation with the university. For fiscal year 2021, the university provided the foundation direct support of \$19,459,128 and endowment assessment fees of \$9,596,030.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

A separate affiliation agreement provides that the University of Chattanooga Foundation receives all private gifts in support of the University of Tennessee at Chattanooga unless otherwise directed by the donor.

Employee Services Agreements – the foundations have paid to the university the amounts incurred by the university to pay the direct expenses relating to the Development and Alumni Affairs employees, including wages, salaries, and fringe benefits. These payroll expenses on behalf of the UT foundation, totaling \$23,157,729.27 and on behalf of the University of Chattanooga Foundation, totaling \$1,865,073.05, in fiscal year 2021, are reported as operating expenses in the statement of revenues, expenses, and changes in net position. An equal amount of operating revenue is reported in the nongovernmental grants and contracts category.

Note 20: Capital Leases of Real Property

Capital Lease of Real Property to University Health Systems, Inc.

In the original Lease and Transfer Agreement, the university leased the real property of the UT Memorial Research Center and Hospital to UHS for a term of 50 years. This lease was pursuant to the Lease and Transfer Agreement described in Note 18. This lease was classified as a direct financing lease. The guaranteed lease payment of \$50 million was to be paid by UHS in annual payments through 2021. The amount of the annual payments were the lesser of 1) 20% of the hospital's net operating profit for the applicable calendar year; or 2) \$3 million or the greater amount resulting from the application of an index, as specified in the agreement. The payment of \$50 million was guaranteed by March 15, 2021. A final payment on the original Lease and Transfer Agreement of \$73,457 was received on March 15, 2021.

On January 10, 2019, the university and UHS executed an amendment that negotiated an annual lease payment for the next 30 years of the lease. Beginning January 1, 2021, future lease payments will be based on the continuing financial position of UHS. See note 18 for more details on these payments. Due to the nature of the calculation of these future payments, the university cannot reasonably estimate the future lease payments to be received. Therefore, no lease payment receivable amount can be recorded for these future payments.

Capital Lease of Real Property to Memphis Mental Health Institute

On November 5, 2005, the university entered into a facility lease agreement with the Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) to provide a new building to house the Memphis Mental Health Institute. The building was a joint project of the university, Methodist Healthcare, Shelby County Health Care Authority (The MED), the State of Tennessee, and Shelby County. This lease is classified as a direct financing lease. The guaranteed lease payments will be paid by TDMHSAS in semiannual payments through 2027.

The amount of the semiannual payments will equal the amount to retire the debt from the construction project and any other project costs incurred by the university in excess of the funds contributed by Methodist Healthcare and the MED. During the term of the lease, TDMHSAS will be responsible for all operational and maintenance costs associated with the facility.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

The university recorded a lease payment receivable in the amount of \$6,278,221.66 at June 30, 2021:

Total minimum lease payments to be received	\$ 7,184,763.41
Less: unearned income	<u>(906,541.75)</u>
Net investment in direct financing lease	<u>\$ 6,278,221.66</u>

Year Ended June 30	Minimum Lease Payments to be received	Interest	Principal
2022	\$ 1,371,646.46	\$ 281,032.18	\$ 1,090,614.28

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 22: On-Behalf Payments

During the year ended June 30, 2021, the State of Tennessee made payments of \$1,144,875 on behalf of the university for retirees participating in the Closed Tennessee OPEB Plan.

The Closed Tennessee OPEB Plan is a postemployment benefit healthcare plan and is discussed further in Note 12. The plan is reported in Tennessee's *Annual Comprehensive Financial Report*. That report is available on the state's website at <https://www.tn.gov/finance/rd-doa/fa-accfin-ar.html>.

Note 23: Component Unit – University of Chattanooga Foundation

The University of Chattanooga Foundation, Inc., is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements of this foundation have been reformatted into a GASB format and are reported in a separate column to the right of the university's statements.

The University of Chattanooga Foundation, Inc., is a legally separate, tax-exempt organization supporting the University of Tennessee at Chattanooga. The foundation acts primarily as a fund-raising organization to supplement the resources that are available to the university in support of the University of Tennessee at Chattanooga. The 43-member board of trustees of the foundation is self-perpetuating and consists of friends of the University of Tennessee at Chattanooga. Although the university does not control the timing or amount of receipts from the foundation, the majority of resources, or income thereon that the foundation holds and invests are restricted to the activities of the university by the donors. Because these restricted resources held by the foundation can only be used by, or for the benefit of, the University of Tennessee at Chattanooga, the foundation is considered a component unit of the university and is discretely presented in the university's financial statements.

During the year ended June 30, 2021, the foundation expended \$14,309,333.00 to or on behalf of the university for both restricted and unrestricted purposes. Complete financial statements for the foundation can be obtained from the University of Chattanooga Foundation, Development Office, Department 6806, 615 McCallie Avenue, Chattanooga, TN 37403-2598.

Organization and Nature of Activities

The foundation is a tax-exempt organization under the provisions of Section 509(a)(1) of the *Internal Revenue Code*, dedicated to supporting excellence in higher education through special projects for the University of Tennessee at Chattanooga. Proposals for special projects are submitted by the chancellor of the university and approved by the foundation's board of trustees and the University of Tennessee board of trustees.

Principles of Consolidation

The consolidated financial statements of the foundation include the accounts of the foundation and its subsidiaries, Campus Development Foundation, Inc. (CDFI) and CDFI Phase I, LLC (the LLC). All material intercompany accounts and transactions have been eliminated in consolidation.

CDFI was formed by the foundation to engage in charitable, scientific, and educational projects within the meaning of Section 501 (c)(3) of the *Internal Revenue Code*. The projects include, but are not limited to, the acquisition of real property and the construction, management, and operation of dormitories for students of the university. The directors of CDFI are appointed by the executive committee of the foundation.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

CDFI is the sole member of its subsidiary, the LLC. The LLC was formed to own and develop an elementary school in downtown Chattanooga and student housing at the university. The student housing consists of 1,633 bedrooms in 455 units and 722 parking spaces.

Investments

A summary of foundation investments at June 30, 2021, is as follows:

Mutual funds	\$ 63,977,826
Common stocks	1,498,962
Limited partnerships	<u>118,496,546</u>
Total	<u>\$183,973,334</u>

The foundation also has investments restricted by the terms of the revenue bonds described below, totaling \$10,751,099.

Property and Equipment

A summary of foundation property and equipment at June 30, 2021, is as follows:

Land	\$ 8,241,032
Buildings	91,434,606
Furniture, fixtures, and equipment	<u>12,389,166</u>
	112,064,804
Accumulated depreciation	<u>(58,726,719)</u>
Total	<u>\$ 53,338,085</u>

Revenue Bonds Payable

During November 2015, the Health, Educational, and Housing Facility Board of the City of Chattanooga issued series 2015 tax-exempt revenue refunding bonds totaling \$65,895,000. The LLC is the borrower on the Series 2015 bonds. The proceeds of the refunding bonds were primarily used to retire early the two series of tax-exempt revenue bonds issued in 2005. The two series of tax-exempt revenue bonds issued during May 2005 totaling \$91,510,000 were primarily used to retire early the three series of tax-exempt revenue bonds issued in 2000 and 2001. The 2000 and 2001 bonds were used to acquire land, fund construction of the student housing, and develop an elementary school near the student housing.

Revenue bonds payable at June 30, 2021, consist of the following:

Series 2015 revenue refunding bonds, interest rates fixed at 3.0% to 5.0% payable semi-annually, annual redemption payments due through October 1, 2035	\$ 54,430,000
Plus: unamortized premium	3,530,717
Less: unamortized bond issuance costs	<u>(528,511)</u>
	<u>\$ 57,432,206</u>

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Sinking fund requirements for scheduled redemptions of the revenue bonds for the next five years and thereafter are as follows:

<u>Year Ended</u>	
June 30, 2022	\$ 2,580,000
June 30, 2023	2,710,000
June 30, 2024	2,845,000
June 30, 2025	2,960,000
June 30, 2026	3,070,000
Thereafter	<u>40,265,000</u>
	<u>\$ 54,430,000</u>

Line of Credit

In January 2020, the foundation entered into a \$40,000,000 non-revolving line of credit with a bank. The line of credit will expire in January 2045. The line of credit bears interest at a fixed rate of 2.85%. The outstanding balance at June 30, 2021, was \$11,668,000.

Fair Value Measurements

The foundation reports under FASB Accounting Standards Codification (ASC) Topic 820, which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and prescribes disclosures about fair value measurements.

FASB ASC Topic 820 requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the foundation has the ability to access.

Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect management's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

The table below presents the recorded amount of assets and liabilities measured at fair value on a recurring basis:

	Balance as of June 30, 2021	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Mutual funds:				
International funds	\$ 10,663,596	\$ 10,663,596	\$ -	\$ -
Index funds	44,273,599	44,273,599	-	-
Fixed income funds	7,863,730	7,863,730	-	-
Short-term bond funds	1,176,901	1,176,901	-	-
Total mutual funds	<u>\$ 63,977,826</u>	<u>\$ 63,977,826</u>	<u>\$ -</u>	<u>\$ -</u>
Common stock	1,498,962	1,498,962	-	-
U.S. Treasury money market fund	10,751,099	10,751,099	-	-
Total assets at fair value	<u>76,227,887</u>	<u>76,227,887</u>	<u>-</u>	<u>-</u>
Investments measured at net asset value (1) (2)				
	118,496,546	-	-	-
Total assets	<u>\$ 194,724,433</u>	<u>\$ 76,227,887</u>	<u>\$ -</u>	<u>\$ -</u>
Liabilities:				
Deposits received for the benefit of others	\$ 2,362,679	\$ 2,362,679	\$ -	\$ -
Total liabilities	<u>\$ 2,362,679</u>	<u>\$ 2,362,679</u>	<u>\$ -</u>	<u>\$ -</u>

(1) In accordance with Subtopic 820-10, the limited partnerships that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net position.

(2) Limited partnership investments have investment strategies which include investments in private debt financing, emerging and global equity markets, long and short positions primarily in residential and commercial mortgage backed securities, senior secured debt, public and private oil and gas companies, direct origination and secondary market first and second mortgage liens, commercial real estate, equity based partnerships, and transportation and infrastructure. These investments also include certain restrictions on the foundation's contributed capital. These restrictions include lock ups and withdrawal restrictions. Lock up restrictions range from 12-36 months.

Withdrawal restrictions range from no withdrawals being allowed until termination of partnership to monthly and quarterly withdrawals with 30-90 days' notice. At June 30, 2021, the foundation had outstanding commitments of \$9,928,000.

Endowments

The foundation's endowment consists of approximately 300 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the board of trustees to function as endowments. As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds, including funds designated by the board of trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Interpretation of Relevant Law - The board of trustees of the foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the foundation considers as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not included in permanently restricted net assets is considered restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund.
- (2) The purposes of the foundation and the donor-restricted endowment fund.
- (3) General economic conditions.
- (4) The possible effect of inflation and deflation.
- (5) The expected total return from income and the appreciation of investments.
- (6) Other resources of the foundation.
- (7) The investment policies of the foundation.

Endowment net assets by type of fund consist of the following at June 30, 2021. Due to GASB reformatting, endowments without donor restrictions are reported as unrestricted net position while endowments with donor restrictions are reported as expendable restricted net position or nonexpendable restricted net position on the statement of net position.

	Without Donor Restrictions	With Donor Restrictions	Total
Donor-restricted funds	\$ -	\$ 122,915,518	\$ 122,915,518
Board-designated funds	<u>70,241,240</u>	<u>-</u>	<u>70,241,240</u>
	<u>\$ 70,241,240</u>	<u>\$ 122,915,518</u>	<u>\$ 193,156,758</u>

Changes in endowment net assets for the fiscal year ended June 30, 2021, are as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Endowment net assets, beginning of year	\$ 57,088,649	\$ 92,116,896	\$ 149,205,545
Investment income	411,646	604,125	1,015,771
Net realized and unrealized losses	15,663,426	22,993,866	38,657,292
Contributions	14,476	10,434,425	10,448,901
Change in contribution receivable	9,131	118,739	127,870
Appropriations	(1,216,683)	(3,637,892)	(4,854,575)
Transfers	<u>(1,729,405)</u>	<u>285,359</u>	<u>(1,444,046)</u>
Endowment net assets, end of year	<u>\$ 70,241,240</u>	<u>\$ 122,915,518</u>	<u>\$ 193,156,758</u>

Return Objectives and Risk Parameters - The foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Endowment assets include those assets of donor-restricted funds that the foundation must hold in perpetuity or for donor-specified periods as well as board-designated funds. Under this policy, as approved by the board of trustees, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the consumer price index while assuming a moderate level of investment risk. The foundation expects its endowment funds, over time, to provide an average annual rate of return of approximately 6 percent above the rate of inflation. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives - To satisfy its long-term rate-of-return objectives, the foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The foundation has a policy of appropriating for distribution each year 4 percent of each endowment fund's average balance for the last 12 quarters. In establishing this policy, the foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the foundation expects the current spending policy to allow its endowment to grow at an average of 2 percent annually.

Related Party Transactions

CDFI, the LLC, and the university have executed a management agreement which allows the university to assume management responsibilities related to the LLC's student housing. The LLC paid management fees of \$215,000 to the university during the LLC's fiscal year ended June 30, 2021. At June 30, 2021, deposits held at the university on behalf of the LLC were \$1,791,043.

The University of Tennessee at Chattanooga contributed \$3,552,667 to the LLC to offset lost rental revenues and other expenses incurred as a result of the COVID-19 pandemic.

Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year on the statement of net position date are comprised of the following:

Cash and cash equivalents	\$ 1,397,330
Investments	1,229,225
Other receivables	<u>151,736</u>
	<u>\$ 2,778,291</u>

As part of the foundation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The foundation also has a board-designated endowment of \$70,241,240. Although the foundation does not intend to spend from its board-designated endowment other than accounts appropriated for general expenditure as part of its annual budget approval, amounts from its board-designated endowment could be made available if necessary.

THE UNIVERSITY OF TENNESSEE

Natural Classifications with Functional Classifications

The foundation's operating expenses by functional classification for the year ended June 30, 2021, are as follows:

<u>Functional Classification</u>	<u>Natural Classification</u>				<u>Total</u>
	<u>Salaries</u>	<u>Benefits</u>	<u>Other Operating</u>	<u>Depreciation</u>	
Program services	\$ 968,628	\$ 408,422	\$ 17,367,720	\$ 4,135,749	\$ 22,880,519
Support activities	<u>1,671,515</u>	<u>472,739</u>	<u>1,531,248</u>	<u>-</u>	<u>3,675,502</u>
Total	<u>\$ 2,640,143</u>	<u>\$ 881,161</u>	<u>\$ 18,898,968</u>	<u>\$ 4,135,749</u>	<u>\$ 26,556,021</u>

Note 24: Component Unit – University of Tennessee Foundation

The University of Tennessee Foundation, Inc., is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements of this foundation have been reformatted into a GASB format and are reported in a separate column to the right of the university's statements.

The University of Tennessee Foundation is a legally separate, tax-exempt organization supporting the University of Tennessee. The foundation acts as a fund-raising organization to supplement the resources that are available to the university in support of its programs. The foundation has 22 active board members and four ex-officio members. The board of the foundation is self-perpetuating and consists of graduates and friends of the university. Although the university does not control the timing or amount of receipts from the foundation, the majority of resources, or income thereon that the foundation holds and invests are restricted to the activities of the university by the donors. Because these restricted resources held by the foundation can only be used by, or for the benefit of, the university, the foundation is considered a component unit of the university and is discretely presented in the university's financial statements.

During the year ended June 30, 2021, the foundation expended \$51,981,044.76, including \$5,930,829.90 of salaries and benefits, to or on behalf of the university for both restricted and unrestricted purposes. Complete financial statements for the foundation can be obtained from the University of Tennessee Foundation, 1525 University Avenue, Knoxville, TN 37921-4848.

Organization and Nature of Activities

The University of Tennessee Foundation, Inc., is a not-for-profit organization exempt from federal income tax under Section 501(c)(3) of the *Internal Revenue Code*. The foundation was formed to support the University of Tennessee. The foundation was established to provide fund raising support for the university in carrying out its mission of teaching, research, and public service. The foundation, in conjunction with the University of Chattanooga Foundation, also conducts the development and alumni affairs operations for the university. See also Note 19.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

PLEDGES RECEIVABLE

Pledges receivable (reported as accounts, notes, and grants receivable on the statement of net position) are summarized below net of the allowance for doubtful accounts:

	<u>Pledges Receivable</u>
Current pledges	\$ 19,699,772.40
Pledges due in one to five years	140,467,249.94
Pledges due after five years	<u>13,101,552.21</u>
	173,268,574.55
Less discounts to net present value	<u>(2,004,187.45)</u>
Total pledges receivable, net	\$ 171,264,387.10

The allowance for doubtful accounts at June 30, 2021, was \$897,552.83.

INVESTMENTS AND ASSETS HELD BY THE UNIVERSITY OF TENNESSEE

Investments held at June 30, 2021, were as follows:

	<u>Fair Value</u>	<u>Cost</u>
Endowment assets:		
Held by the University of Tennessee:		
Consolidated Investment Pool	\$384,064,522.79	\$335,766,565.45
Held by the foundation:		
Cash	103,342.19	103,342.19
Equities	<u>2,909,007.36</u>	<u>2,180,224.39</u>
Total endowment assets	<u>387,076,872.34</u>	<u>338,050,132.03</u>
Other investments:		
Held by the foundation:		
Brokerage account:		
Cash	712,879.20	712,879.20
Equities	44,065,680.04	39,940,373.82
Fixed income	<u>39,000,216.20</u>	<u>39,354,040.04</u>
Total other investments	<u>83,778,775.44</u>	<u>80,007,293.06</u>
Gift annuity program:		
Cash	259,172.75	290,676.75
Equities	8,535,466.07	6,908,219.77
Fixed income	<u>6,628,052.27</u>	<u>6,525,039.22</u>
Total gift annuity program	<u>15,422,691.09</u>	<u>13,723,935.74</u>
Total investments	<u>\$ 486,278,338.87</u>	<u>\$ 431,781,360.83</u>

Also reported as investments on the statement of net position are other gift assets totaling \$5,684,200.

At June 30, 2021, the fair values of investments held by the university are based on valuations determined by the university.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Endowments

The foundation's endowment funds consist of cash, investments held by the university, investments held by the foundation, and unconditional promises to give. The majority of the foundation's invested endowment funds are invested in the University of Tennessee Consolidated Investment Pool. These funds are invested according to the policies of the university. A portion of the earnings from these funds are provided to the university to be used as stipulated in the endowment agreements. At June 30, 2021, the cost and fair value for these endowments invested were \$335,766,565.45 and \$384,064,522.79, which resulted in a cumulative unrealized gain of \$48,297,957.34. Four endowments are separately invested by the foundation. At June 30, 2021, the cost and fair value for these endowments were \$2,283,566.58 and \$3,012,349.55, which resulted in a cumulative unrealized gain of \$728,782.97. All endowments at the foundation are donor restricted. Endowment earnings transferred to the university were \$13,248,255.51 for fiscal year 2021.

The foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result, the foundation classifies permanently restricted net assets as (1) the original value of gifts to the permanent endowment, (2) the original value of subsequent gifts to the permanent endowment, and (3) accumulations to the permanent endowment made in accordance with the gift instrument until the endowment is vested in the university's Consolidated Investment Pool. Below is a schedule of changes in endowment net assets. Due to the GASB reformatting, endowments with donor restrictions are reported as expendable restricted net position or nonexpendable restricted net position on the statement of net position.

	Other Endowment Funds with Donor Restrictions	Permanent Endowment	Total Endowment Funds with Donor Restrictions
Beginning balance	\$ (23,013,940.65)	\$ 341,507,483.15	\$ 318,493,542.50
Contributions received	-	81,462,125.82	81,462,125.82
Transfers to endowments	-	696,682.25	696,682.25
Investment earnings	13,295,089.30	850,629.79	14,145,719.09
Net gain/loss	72,493,009.14	-	72,493,009.14
Disbursements	<u>(13,248,255.51)</u>	-	<u>(13,248,255.51)</u>
Ending balance	<u>\$ 49,525,902.28</u>	<u>\$ 424,516,921.01</u>	<u>\$ 474,042,823.29</u>

The university calculates its spending policy distributions by taking 4.5% of a seven-year fair value average each December 31.

The assets are to be managed in a manner that will meet the long-term investment objective, while at the same time attempting to limit the volatility in year-to-year spending.

The university's Investment Advisory Committee believes that investing in securities with higher return expectations outweighs their short-term volatility risk. As a result, the majority of assets will be invested in equity or equity-like securities. Fixed income securities and other low volatility strategies (e.g., absolute return hedge funds) will be used to lower the short-term volatility of the portfolio and to provide stability, especially during periods of negative equity markets. Cash is not a strategic asset of the portfolio, but is a residual to the investment process and used to meet short-term liquidity needs.

Disciplined management of the asset allocation is necessary and desirable. Diversification of investments among assets that are not similarly affected by economic, political, or social developments is highly desirable. The general policy shall be to diversify investments so as to provide a balance that will enhance total return, while avoiding undue risk concentrations in any single asset or investment category.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Fair Value Measurements

The foundation reports under FASB Accounting Standards Codification (ASC) Topic 820, which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and prescribes disclosures about fair value measurements.

FASB ASC Topic 820 requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the foundation has the ability to access.

Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect management’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The table below presents the reported amount of investments held by the foundation measured at fair value on a recurring basis. As described above, the remaining \$384,064,522.79 of the foundation’s investments are held in the university’s consolidated investment pool, and the valuation of those assets is determined by the university. See note 4 for a description of the university’s consolidated investment pool and note 3 for fair value disclosures as to university assets.

Investments:	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments held by the foundation	\$ 98,824,919.30	\$ 3,388,896.78	\$ -	\$ 102,213,816.08

CONCENTRATION OF CREDIT RISK

The foundation has concentrated its credit risk for cash and liquid, temporary investments by maintaining deposits at a financial institution, which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation (FDIC).

The foundation has a master repurchase agreement with the financial institution where at the end of each day cash is invested in overnight securities and the securities are repurchased the next day. The foundation purchases the securities in its name. The Repurchase Agreement Account is not insured by FDIC insurance, but rather the financial institution provides the securities purchased as the underlying security for the Repurchase Agreement Account. The Repurchase Agreement Account as of June 30, 2021, totaled \$76,659,329.84, and is reported in cash and cash equivalents on the statement of net position.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following reflects the foundation's financial assets as of June 30, 2021, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the statement of net position date:

Cash and cash equivalents	\$ 78,528,607.46
Cash surrender value of life insurance	645,755.59
Accounts receivable	208,919.78
Unconditional promises to give	171,264,387.10
Investments	<u>486,278,338.87</u>
 Total financial assets	 736,926,008.80
 Less those unavailable for general expenditures within one year due to:	
Donor-imposed restrictions	<u>(693,507,672.67)</u>
 Financial assets available to meet cash needs for general expenditures within one year	 <u>\$ 43,418,336.13</u>

As of June 30, 2021, \$693,507,672.67 of financial assets are subject to donor restrictions that generally make them unavailable for expenditure within one year of the balance sheet date. However, the majority of program expenses are funded by non-endowed cash gifts and collections of unconditional promises to give, which are expected to cover total program expenditures for the next year, estimated at \$71.5 million. Average operating expenses, other than program expenses, are approximately \$35 million. The majority of that is funded by an existing contract with the university. As a result, the foundation believes that the remaining unrestricted financial assets are sufficient to fund normal operating activities within the next year.

Natural Classifications with Functional Classifications

The foundation's operating expenses by functional classification for the year ended June 30, 2021, are as follows:

<u>Functional Classification</u>	<u>Natural Classification</u>			
	<u>Salaries</u>	<u>Benefits</u>	<u>Other Operating</u>	<u>Total</u>
Program expenses	\$ 4,870,672.73	\$1,060,157.17	\$ 46,050,214.86	\$ 51,981,044.76
General and administrative	<u>17,192,221.02</u>	<u>5,997,034.01</u>	<u>7,296,807.89</u>	<u>30,486,062.92</u>
Total expenses	<u>\$22,062,893.75</u>	<u>\$7,057,191.18</u>	<u>\$ 53,347,022.75</u>	<u>\$ 82,467,107.68</u>

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Note 25: Component Unit – University of Tennessee Research Foundation

The University of Tennessee Research Foundation, Inc., is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements of this foundation have been reformatted into a GASB format and are reported in a separate column to the right of the university's statements.

The University of Tennessee Research Foundation is a legally separate, tax-exempt organization supporting the University of Tennessee. The foundation bylaws provide for the board to consist of 7 voting directors and 3 nonvoting directors. Because the university's board of trustees approves and funds the foundation's administrative budget, the foundation is considered fiscally dependent on the university, and there is a financial benefit/ burden relationship between the two entities. Therefore, the research foundation is considered a component unit of the university and is discretely presented in the university's financial statements.

Complete financial statements for the research foundation can be obtained from the University of Tennessee Research Foundation, Suite 211, UT Conference Center Building, 600 Henley Street, Knoxville, TN 37996-4122.

Organization and Nature of Activities

The University of Tennessee Research Foundation, Inc., is a not-for-profit organization exempt from federal income tax under Section 501(c)(3) of the *Internal Revenue Code*. The foundation was formed to promote research and hold and manage the university's intellectual property. The foundation was established to protect, manage, and commercialize university inventions and intellectual property; grow the university research enterprise; develop and support an entrepreneurial culture; and contribute to state and regional economic development.

TennEra, LLC, a wholly owned for-profit subsidiary of the University of Tennessee Research Foundation, was formed in 2008. The subsidiary provides a vehicle to leverage state and federal funding with private research and development investments, strategic partnerships and collaborations to further research, economic development, and clean energy objectives. The subsidiary owns a demonstration scale cellulosic ethanol biorefinery in Vonore, Tennessee that is being leased to Genera Energy, Inc. to produce high quality agricultural fibers and compostable products.

Cherokee Farm Development Corporation (CFDC), a wholly owned nonprofit subsidiary of the University of Tennessee Research Foundation, was formed on October 19, 2011. The management of the property, activities, and affairs of CFDC is vested in its board of directors. The board is composed of 7 voting directors. As of June 30, 2021, CFDC had total assets of \$1,548,394 and total revenue of \$670,754 for the year then ended.

Cherokee Farm Properties, Inc. (CFPI), a wholly owned for-profit subsidiary of Cherokee Farm Development Corporation (CFDC), was formed on May 28, 2014. The management of the property, activities, and affairs of CFPI is vested in its board of directors. The board is composed of three voting directors. As of June 30, 2021, CFPI had total assets of \$1,132,448 and total revenue of \$43,282 for the year then ended.

Collaborative Composite Solutions Corporation (CCS), a nonprofit subsidiary of the University of Tennessee Research Foundation, CCS's sole corporate member, was formed on August 1, 2014, and renamed as CCS on July 28, 2015. The subsidiary's primary purpose is coordinating and supporting all activities proposed to meet the intent and requirements of the Department of Energy's funding opportunity announcement DE-FOA-000977. These activities include, selecting, sponsoring, and auditing research and development projects that increase energy efficiency, decrease greenhouse gas emissions, and aid economic development in the United States. The management of the property, activities, and affairs of CCS is vested in its board of directors. The board is composed of two voting directors, one of whom is a representative of UTRF, and another representing the University of Tennessee. As of June 30, 2021, CCS had total assets of \$7,168,176 and total revenue of \$10,397,171 for the year then ended.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Clinical Trials Network of Tennessee (CTN2), a wholly owned nonprofit subsidiary of the University of Tennessee Research Foundation, was formed on December 8, 2017. The management of the property, activities, and affairs of CTN2 is vested in its board of directors. The board is composed of ten voting directors. As of June 30, 2021, CTN2 had total assets of \$511,867 and total revenue of \$637,113 for the year then ended.

Principles of Consolidation

The foundation's consolidated financial statements include the foundation's accounts and the accounts of its wholly owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation.

Property and Equipment

Property and equipment consist of the following major classifications at June 30, 2021:

Office furniture and equipment	\$ 142,109
Less accumulated depreciation	<u>(135,529)</u>
Total	<u>6,580</u>
<u>TennEra</u>	
Land	64,044
Buildings	36,979,029
Machinery and equipment	921,439
Less accumulated depreciation	<u>(34,190,470)</u>
Total TennEra	<u>3,774,042</u>
<u>Cherokee Farm Development Corporation</u>	
Office furniture and equipment	1,739
Less accumulated depreciation	<u>(1,739)</u>
Total Cherokee Farm Development Corporation	<u>-</u>
<u>Cherokee Farm Properties, Inc.</u>	
Equipment	7,400
Less accumulated depreciation	<u>(7,400)</u>
Total Cherokee Farm Properties	<u>-</u>
<u>Collaborative Composite Solutions Corporation</u>	
Equipment	477,072
Software- member portal	263,735
Less accumulated depreciation	<u>(359,466)</u>
Total Collaborative Composite Solutions Corporation	<u>381,341</u>
Total	<u>\$ 4,161,963</u>

Depreciation expense for the foundation and its subsidiaries totaled \$212,781 for the year ended June 30, 2021.

Fair Value Measurements

The foundation reports under FASB Accounting Standards Codification (ASC) Topic 820, which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and prescribes disclosures about fair value measurements.

FASB ASC Topic 820 requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the foundation has the ability to access.

Level 2 - Significant other observable inputs other than Level I prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect management's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Registered Investment Companies

The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares held by the foundation at June 30, 2021.

Marketable Equity Securities

The fair value of marketable equity securities is based on quoted prices times the number of the shares held by the foundation at June 30, 2021.

Investments in Genera Energy, Inc. and Prisma Renewable Composites, LLC

Investments which consist of TennEra's remaining noncontrolling investment in deconsolidated subsidiaries is recorded at fair value on a recurring basis based primarily on fair value measurements provided by management utilizing Level 3 inputs in accordance with GAAP. There is no current active market for these investments such that the determination of fair value requires significant judgment and estimation. The investments are measured at fair value using an internal enterprise valuation prepared by management.

The following table provides the assets carried at fair value measured on a recurring basis as of June 30, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 15,898	\$ -	\$ -	\$ 15,898
Marketable equity securities	771,582	-	-	771,582
Genera Energy, Inc.	-	-	27,000	27,000
Cherokee Farm Properties, Inc.	-	-	829,485	829,485
Non-marketable equity securities	-	-	34,945	34,945
	<u>\$ 787,480</u>	<u>\$ -</u>	<u>\$ 891,430</u>	<u>\$ 1,678,910</u>

Liquidity and Availability

The foundation maintains financial assets, consisting of cash and short-term investments, on hand to meet its normal operating expenses based on its annual budget. Operating expenses are compared to budgeted expenses on a monthly basis and financial assets on hand are adjusted as necessary. As part of its liquidity management, the foundation invests cash in excess of daily requirements in various short-term investments. The foundation also has budget encumbrances held by the University of Tennessee from prior year contributions not spent by the foundation. The following table shows financial assets the foundation has to meet its general expenditures over the next 12 months.

THE UNIVERSITY OF TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

Cash	\$ 15,053,205
Contract receivables and accrued revenues, net	1,710,950
Contribution receivable from the University of Tennessee	1,901,400

University of Tennessee budget encumbrances	<u>1,500,101</u>
 Total financial assets available to meet general expenditures within the next 12 months	 <u>\$ 20,415,218</u>

Natural Classifications with Functional Classifications

The foundation's operating expenses by functional classification for the year ended June 30, 2021, are as follows:

Functional Classification	<u>Natural Classifications</u>				
	<u>Salaries</u>	<u>Benefits</u>	<u>Other Operating</u>	<u>Depreciation</u>	<u>Total</u>
Program services	\$ 5,760,817	\$1,422,296	\$ 10,124,980	\$ 8,733	\$ 17,316,826
Support activities	<u>241,844</u>	<u>160,871</u>	<u>140,138</u>	<u>204,048</u>	<u>746,901</u>
Total	<u>\$ 6,002,661</u>	<u>\$1,583,167</u>	<u>\$ 10,265,118</u>	<u>\$ 212,781</u>	<u>\$ 18,063,727</u>

Note 26: Subsequent Events

On July 1, 2021, the University of Tennessee merged with Martin Methodist College. Martin Methodist College, located in Pulaski, Tennessee, was a liberal-arts, four-year, United Methodist related institution of higher education. The merger creates the University of Tennessee's fifth campus, UT Southern. UT Southern is the first new campus to join the UT System since 1969.

At June 30, 2021, Martin Methodist College had total assets of \$36,451,504, total liabilities of \$7,379,239, and total net assets of \$29,072,265. Martin Methodist College's financial statements at June 30, 2021, were reported under Financial Accounting Standards Board (FASB) standards. Amounts in these statements will be adjusted as necessary to conform with Governmental Accounting Standards Board (GASB) standards, and the merger will be reflected in the university's fiscal year ended June 30, 2022, financial statements in accordance with GASB Statement 69, *Government Combinations and Disposals of Government Operations*.
