

Report of the Treasurer 2014

THE UNIVERSITY *of* TENNESSEE

KNOXVILLE, CHATTANOOGA, MARTIN, TULLAHOMA, MEMPHIS

Brief History of the University of Tennessee

The University of Tennessee is one of the nation’s oldest institutions of higher education, in operation since 1794. Two years before Tennessee achieved statehood in 1796, the legislature of the Southwest Territory—which later became Tennessee—granted a charter to Blount College, named in honor of the territorial governor, William Blount. Located in Knoxville near today’s downtown area, Blount College was nonsectarian, which was unusual for an institution of higher education at that time. The university has remained nondenominational and is believed to be the oldest such institution west of the Appalachian Divide. Blount College was all male, typical for colleges of the late 18th century, a restriction that remained in force for almost a century until the first female students were admitted in 1892.

In 1807 the state legislature changed the name of Blount College to East Tennessee College, and in 1826 the 40-acre tract known as “the Hill” became part of its campus. The name of the school changed again in 1840 to East Tennessee University. But 21 years later, the Civil War forced the university to close, and its buildings were used as a hospital for Confederate troops, then later occupied by Union soldiers.

When the war ended, East Tennessee University reopened, and in 1869 the state legislature selected the university as the state’s federal land-grant institution under the Morrill Act of 1862. To comply with the terms of the act, ETU broadened its offerings to include agricultural, engineering, and military science courses.

Ten years later, East Tennessee University was chosen by the legislature to be the state university of Tennessee, and its name was changed to the University of Tennessee. The university pledged itself to the service and interest of the entire state, and the state pledged its name and reputation to the university, promising the institution a vital role in the progress of the state.

Today, the university serves the people of Tennessee from locations across the state. The medical campus, founded in Nashville and acquired by the university in 1879, was moved to Memphis in 1911. The Martin campus, established in 1900 as a private institution, became part of the University of Tennessee in 1927. In 1969 the private University of Chattanooga merged

with the public university to become its fourth primary campus. The University of Tennessee Space Institute, a graduate education and research center near Tullahoma, was established in 1964.

Two statewide units of the university—the Institute of Agriculture and the Institute for Public Service—extend the university beyond its various campuses to serve the entire state.

The administration of the university is headquartered in Knoxville, where the offices of the president and the central staff are located. A chancellor directs each primary campus.

Traditionally, Tennessee’s governors and members of the state legislature have shown active interest in the development of the University of Tennessee by providing the support it needs to meet the increasing educational, research, and service needs of the people of Tennessee. As a result, many university programs have earned both national and global recognition.

Letter from the Treasurer

The financial statements on the following pages have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The management of the University of Tennessee is responsible for the integrity and objectivity of these financial statements.

Management believes that the university's highly developed system of internal accounting controls provides reasonable assurance that assets are protected and that transactions and events are properly recorded. Establishing sound fiscal policies and procedures and communicating them clearly, carefully selecting qualified financial staff, and implementing an extensive program of internal audits and management reviews ensure that the system of internal controls is maintained.

The financial statements herein have been audited by the State of Tennessee, Comptroller of the Treasury, Division of State Audit. The auditor's opinion is based on audit procedures described in their letter on page 3, which include understanding university systems, procedures, and internal controls and performing tests and other auditing procedures sufficient to provide reasonable assurance that the financial statements are not materially misleading nor do they contain material errors.

The statements contained in this report describe the university's overall financial condition and the financial performance for the year ended June 30, 2014. A separate publication, "Report of the Treasurer 2014 Supplemental Schedules and Appendices," contains detailed supporting schedules and appendices and is available for those who wish to make a more extensive analysis of university operations. The supporting schedules and appendices are designed to enable analysis of important items summarized or consolidated in the financial statements of this report.

Respectfully submitted,

Independent Auditor's Report

The Honorable Bill Haslam, Governor
Members of the General Assembly
Dr. Joe DiPietro, President

Report on the Financial Statements

We have audited the accompanying financial statements of the University of Tennessee, which is a component unit of the State of Tennessee, and its discretely presented component units as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements, based on our audit. We did not audit the financial statements of the University of Chattanooga Foundation, Inc.; the University of Tennessee Foundation, Inc.; and the University of Tennessee Research Foundation, Inc.; discretely presented component units. Those statements were audited by other auditors, whose reports have been furnished to us. Our opinion, insofar as it relates to the amounts included for the foundations, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University of Tennessee, and its discretely presented component units as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2, the financial statements of the university include investments valued at \$454,947,337.09 (16.2 percent of net position), whose fair values have been estimated by management in the absence of readily determinable fair values. Management's estimates are based on information provided by the fund managers or the general partners. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedule of funding progress be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the university's basic financial statements. The supplementary combining schedule of net position and the supplementary combining schedule of revenues, expenses, and changes in net position are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary combining schedule of net position and the supplementary combining schedule of revenues, expenses, and changes in net position are the responsibility of the university's management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary combining schedule of net position and the supplementary combining schedule of revenues, expenses, and changes in net position are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements as a whole. The five year summary presented outside of the basic financial statements is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2014, on our consideration of the university's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the university's internal control over financial reporting and compliance.

Director
December 12, 2014

The image features a large, faint watermark of the University of Tennessee seal on the left side. The seal is circular and contains the text "THE UNIVERSITY OF TENNESSEE" around the perimeter. In the center, there is a depiction of a person standing on a globe, holding a torch, with a star above their head.

Management's Discussion and Analysis

INTRODUCTION

This section of the University of Tennessee's annual financial report presents a discussion and analysis of the financial performance of the university during the fiscal year ended June 30, 2014, with comparative information presented for the fiscal year ended June 30, 2013. This discussion has been prepared by management along with the financial statements and related note disclosures and should be read in conjunction with the independent auditor's report, the financial statements, and the notes to the financial statements.

The university is a component unit of the State of Tennessee and an integral part of the state's Comprehensive Annual Financial Report (CAFR). The financial reporting entity for the financial statements is comprised of the university and three component units. The component units are discretely presented based on the nature and significance of their relationship to the university. The reader may refer to Note 1 for detailed information on the financial reporting entity. More detailed information about the foundations is presented in notes 21, 22 and 23 to the financial statements. This discussion focuses on the university and does not include the foundations.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB), which establishes standards for external financial reporting for public colleges and universities. The financial statements are presented on a consolidated basis to focus on the university as a whole. The full scope of the university's activities is considered to be a single business-type activity and, accordingly, is reported within a single column in the basic financial statements.

The university's financial report includes the statement of net position, the statement of revenues, expenses, and changes in net position, and the statement of cash flows. Notes to the financial statements are also presented to provide additional information that is essential to a full understanding of the financial statements.

THE STATEMENT OF NET POSITION

The statement of net position is a point-in-time financial statement. The statement of net position presents the financial position of the university at the end of the fiscal year. To aid the reader in determining the university's ability to meet immediate and future obligations, the statement includes all assets, liabilities, deferred outflows/inflows of resources, and net position of the university and segregates the assets and liabilities into current and noncurrent components. Current assets are those that are available to satisfy current liabilities, inclusive of assets that will be converted to cash within one year. Current liabilities are those that will be paid within one year. The statement of net position is prepared under the accrual basis of accounting; assets and liabilities are recognized when goods or services are provided or received, despite when cash is actually exchanged.

From the data presented, readers of the statement are able to determine the assets available to continue the operations of the university. They are also able to determine how much the university owes vendors, lenders, and others. Net

position represents the difference between the university's assets and liabilities, along with the difference between deferred outflows of resources and deferred inflows of resources, and is one indicator of the university's current financial condition.

The statement of net position also indicates the availability of net position for expenditure by the university. Net position is divided into three major categories. The first category, net investment in capital assets, represents the university's total investment in property, plant, and equipment, net of outstanding debt obligations and deferred outflows/inflows of resources related to these capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included. The next category is restricted net position, which is subdivided into two categories, nonexpendable and expendable. Nonexpendable restricted net position includes endowment and similar resources whose use is limited by donors or other outside sources and, as a condition of the gift, the principal is to be maintained in perpetuity. Expendable restricted net position is available for expenditure by the university but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the resources. The final category is unrestricted net position. Unrestricted net position is available to the university for any lawful purpose of the institution.

The following table summarizes the university's assets, liabilities, deferred outflows/inflows of resources, and net position at June 30, 2014, and June 30, 2013:

Table I. Summary of Net Position
(in thousands of dollars)

	2014	2013
ASSETS:		
Current assets	\$ 549,736	\$ 536,296
Capital assets, net	2,104,873	2,024,634
Other assets	1,436,970	1,317,715
Total assets	4,091,579	3,878,645
DEFERRED OUTFLOWS:		
Deferred amount on debt refunding	5,911	6,449
LIABILITIES:		
Current liabilities	345,458	327,927
Noncurrent liabilities	939,233	855,033
Total liabilities	1,284,691	1,182,960
NET POSITION:		
Net investment in capital assets	1,431,939	1,407,126
Restricted – nonexpendable	470,815	442,343
Restricted – expendable	481,693	429,668
Unrestricted	428,352	422,997
Total net position	\$ 2,812,799	\$ 2,702,134

Total net position increased by \$110.7 million, or 4.1%, during the 2014 fiscal year. The increases were in net investment in capital assets, restricted – nonexpendable, restricted – expendable and unrestricted. Increases in investment income, state appropriations, and tuition and fees were the largest contributors to the increase in net position.

THE STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION

The statement of revenues, expenses, and changes in net position presents the results of operations for the fiscal year. Revenues and expenses are recognized when earned or incurred, regardless of when cash is received. The statement indicates whether the university's financial condition has improved or deteriorated during the fiscal year. The statement presents the revenues received by the university, both operating and nonoperating; the expenses paid by the university, operating and nonoperating; and any other revenues, expenses, gains, or losses received or spent by the university.

Generally speaking, operating revenues are received for providing goods and services to the various customers and constituencies of the university. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the university. Nonoperating revenues are revenues received for which goods and services are not provided directly to the payor. Although the University of Tennessee is dependent upon state appropriations and gifts to fund educational and general operations, under GASB standards these funding sources are reported as nonoperating revenues, as is investment income. As a result, the university has historically reported an excess of operating expenses over operating revenues, resulting in an operating loss. Therefore, the "increase in net position" is more indicative of overall financial results for the year.

A summary of the university's revenues, expenses, and changes in net position for the year ended June 30, 2014, and the previous year follows:

Table II. Summary of Revenues, Expenses, and Changes in Net Position (in thousands of dollars)

	2014	2013
Operating revenues	\$ 1,156,488	\$ 1,122,879
Operating expenses	1,959,532	1,892,396
Operating loss	(803,044)	(769,517)
Nonoperating revenues and expenses	795,812	761,223
Income (loss) before other revenues, expenses, gains, or losses	(7,232)	(8,294)
Other revenues, expenses, gains, or losses	117,897	100,398
Increase in net position	110,665	92,104
Net position at beginning of year	2,702,134	2,610,030
Net position at end of year	\$ 2,812,799	\$ 2,702,134

OPERATING REVENUES

The following summarizes the operating revenues by source that were used to fund operating activities for the last two fiscal years:

Figure A. Operating Revenues by Source
(in millions of dollars)

Figure B. Operating Expenses by Natural Classification
(in millions of dollars)

Comparison of Fiscal Year 2014 to Fiscal Year 2013

- Tuition and fees increased by \$22.2 million, or 5.9%, primarily due to a 5% to 6% increase in tuition rates.
- FY 14 operating grants and contracts includes \$20 million for TennCare Medical Education grant revenues while FY 13 did not include this activity as revenue. After consideration for this reporting difference, operating grants and contracts experienced a decrease by \$15.1 million, or 3.25%, due to a decrease in sponsored projects.
- Auxiliaries increased \$7.9 million mainly due to Knoxville Women's Athletics moving from educational departments to auxiliary enterprises to be managed together with the rest of Knoxville Athletics.

- Utilities, supplies, and other services increased between fiscal years. FY 14 includes \$20 million TennCare Medical Education expenses while FY 13 did not include this activity as expense. The remaining difference is due to approximately a 3 % rise in the cost of consumable goods.
- Scholarship and fellowship expenses decreased \$12 million despite an overall increase in gross scholarships and fellowships. The gross increase was offset by an \$18.3 million increase in discounts to scholarships and fellowships related to tuition and fees.

OPERATING EXPENSES

Operating expenses may be reported by nature or function. The university has chosen to report the expenses in their natural classification on the statement of revenues, expenses, and changes in net position and has displayed the functional classification in the notes to the financial statements. **Figure B** (above, right) summarizes the operating expenses by natural classifications for the last two fiscal years.

Comparison of Fiscal Year 2014 to Fiscal Year 2013

The university had the following significant changes in expenses between fiscal years:

- The increase in salary and benefit expenses from 2013 to 2014 is due to a 1.5% across the board salary increase, a 1% to 5% market/merit salary increase, and increases in faculty salaries and positions mainly at Knoxville and the Health Science Center in the instruction function.
- Employee benefit expenses also increased between fiscal years as a result of increasing the number of employees and increases in health insurance premiums.

NONOPERATING REVENUES AND EXPENSES

Certain revenue sources that the university relies on to provide funding for operations, including state noncapital appropriations, certain gifts and grants, and investment income, are defined by the GASB as nonoperating. Nonoperating expenses include capital financing costs and other costs related to capital assets. The following summarizes the university's nonoperating revenues and expenses for the last two fiscal years:

Figure C. Nonoperating Revenues and Expenses
(in millions of dollars)

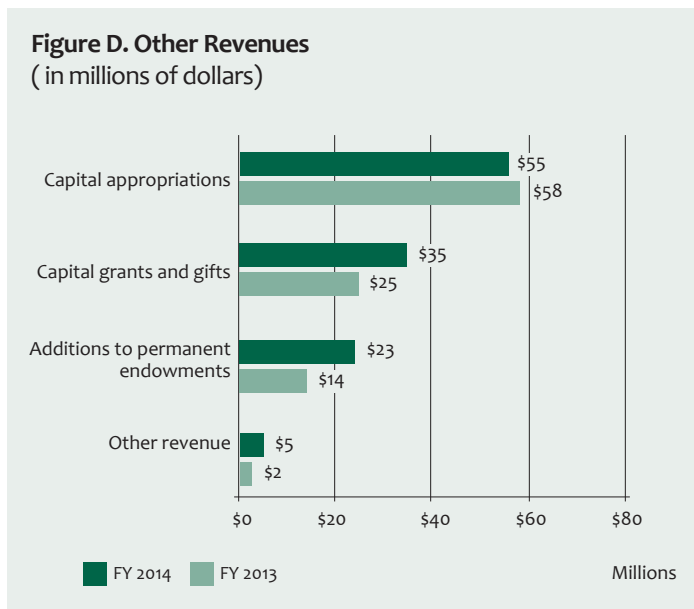

Comparison of Fiscal Year 2014 to Fiscal Year 2013

- In fiscal year 2014, state and local appropriations increased \$38.8 million, mostly due to the 1.5% salary increase, related benefits, and THEC formula outcomes productivity gains.
- Nonoperating gifts decreased \$14.9 million from 2013 to 2014 due to the increased forefront role of the University of Tennessee Foundation for receiving gifts on behalf of the university.
- The increase in investment income was due to an increase in endowment income and an overall increase in the capital markets.

OTHER REVENUES

This category is composed of state appropriations for capital purposes, capital grants and gifts, additions to permanent endowments, and other revenue. These amounts were as follows for the last two fiscal years:

Comparison of Fiscal Year 2014 to Fiscal Year 2013

- The \$3.5 million decrease in capital appropriations was due to the completion of several state-appropriated projects and less capital construction and maintenance for 2014.
- Capital grants and gifts increased by \$10 million, gaining back close to 2012 levels. This increase is due to gifted property received valued at \$3.5 million, as well as \$6.7 million in grants received to fund the construction of the Joint Institute for Advanced Materials Building.
- Additions to permanent endowments increased \$8.3 million due to a single large donation being received to fund four separate endowments.
- Other revenue increased \$2.6 million in 2014 due mostly to proceeds from the sale of the former university president's residence.

CAPITAL ASSET AND DEBT ADMINISTRATION

CAPITAL ASSETS

The University of Tennessee had \$2,104,873,162.92 invested in capital assets, net of accumulated depreciation at June 30, 2014; and \$2,024,634,489.54 invested in capital assets, net of accumulated depreciation at June 30, 2013. Depreciation charges totaled \$107,887,997.85 and \$108,247,333.60 for the years ended June 30, 2014, and June 30, 2013, respectively.

Table III. Schedule of Capital Assets, Net of Depreciation
(in thousands of dollars)

	2014	2013
Land	\$ 73,953	\$ 68,477
Land improvements & infrastructure	49,899	46,602
Buildings	1,311,249	1,236,118
Works of art/historical treasures	3,878	3,878
Equipment	123,551	136,098
Software	3,166	5,173
Library holdings	81,044	78,650
Projects in progress	458,133	449,638
Total	\$ 2,104,873	\$ 2,024,634

Major capital additions for UT during 2013-2014 include the \$40 million Natalie L. Haslam Music Center, the \$21.5 million Large Animal Clinic, the \$18.3 million Student Health Clinic, the \$15.8 million Brenda Lawson Center Addition, and the \$2.1 million Bretske Hall Upgrades.

At June 30, 2014, outstanding commitments under construction contracts totaled \$108,868,324.49 for various renovations and repairs of buildings and infrastructure. Future state capital outlay appropriations will fund \$41,098,126.34 of these costs.

More detailed information about the university's capital assets is presented in Note 5 to the financial statements.

DEBT

The university had \$691,578,891.59 and \$633,013,930.88 in debt outstanding at June 30, 2014, and June 30, 2013, respectively. The table below summarizes these amounts by type of debt instrument.

Table IV. Outstanding Debt Schedule
(in thousands of dollars)

	2014	2013
Bonds-current portion	\$ 29,360	\$ 26,603
Bonds-noncurrent	543,916	477,409
Unamortized bond premium	30,754	26,541
Revolving credit facility-noncurrent	87,549	-
Commercial paper-noncurrent	-	102,461
Total Debt	\$ 691,579	\$ 633,014

The Tennessee State School Bond Authority (TSSBA) issued bonds with interest rates ranging from .18% to 5.5% due serially to 2044, on behalf of the University of Tennessee. The university is responsible for the debt service of these bonds. The current portion of the \$ 573,275,798.99 outstanding at June 30, 2014, is \$ 29,360,161.66.

The ratings on debt issued by the Tennessee State School Bond Authority at June 30, 2014, were as follows:

Table V. Ratings on debt issued by the Tennessee State School Bond Authority

Fitch	AA+
Moody’s Investor Service	Aa1
Standard & Poor’s	AA

More detailed information about the university’s long-term liabilities is presented in Note 8 to the financial statements.

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

For fiscal year 2015, the University of Tennessee Board of Trustees has authorized individual campus fee increases of 6.0 % that are expected to generate approximately \$37.9 million in new funding, net of related scholarships, with a continued projected enrollment increase. Even with no salary increase, state appropriations will increase \$7.4 million due mostly to formula increases to recognize exceptional performance. The university continues to be successful in competing for grants and contracts. The capital markets have shown improvement but remain potentially unstable, which could affect the university’s investment income.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the university’s finances for all those with an interest in the university’s finances. Questions concerning any of the information provided in the report or requests for additional information should be directed to Mr. Ron Maples, Controller, 201 Andy Holt Tower, Knoxville, Tennessee, 37996-0100.

Statement Of Cash Flows

For the Year Ended June 30, 2014

CASH FLOWS FROM OPERATING ACTIVITIES

Tuition and fees	\$ 393,251,671.09
Federal appropriations	14,692,312.43
Grants and contracts	490,120,250.01
Sales and services of educational activities and other activities	55,655,743.50
Payments to suppliers and vendors	(447,968,494.04)
Payments to employees	(984,673,812.65)
Payments for benefits	(338,848,092.07)
Payments for scholarships and fellowships	(57,025,706.51)
Loans issued to students	(3,761,826.16)
Collection of loans from students	3,990,094.99
Interest earned on loans to students	542,545.83
Auxiliary enterprise charges:	
Residence halls	57,701,615.73
Bookstore	18,678,262.39
Food service	6,964,015.06
Parking	9,951,334.43
Athletics	99,708,175.85
Other auxiliaries	5,038,340.33
Other receipts (payments)	20,395,912.21
Net cash provided (used) by operating activities	\$ (655,587,657.58)

CASH FLOWS FROM NONCAPITAL FINANCING ACTIVITIES

State appropriations	\$ 485,862,882.97
Local appropriations	5,706,639.95
Gifts and grants for other than capital or endowment purposes	239,901,276.66
Private gifts for endowment purposes	22,701,951.15
Split-interest transactions receipts	7,944,976.38
Split-interest transactions disbursements	(7,566,918.39)
Federal student loan receipts	288,932,751.83
Federal student loan disbursements	(288,556,657.00)
Changes in deposits held for others	(2,184,944.31)
Net cash balance implicitly financed (repaid)	(10,482,572.75)
Other noncapital receipts (payments)	5,021,891.73
Net cash provided (used) by noncapital financing activities	\$ 747,281,278.22

CASH FLOWS FROM CAPITAL AND RELATED FINANCING ACTIVITIES

Proceeds from capital debt	\$ 101,460,861.72
Capital appropriations	49,805,211.57
Capital grants and gifts received	31,270,957.65
Proceeds from sale of capital assets	1,658,475.51
Purchase of capital assets and construction	(210,118,769.01)
Principal paid on capital debt and leases	(29,847,837.19)
Interest paid on capital debt and leases	(27,499,591.55)
Other capital and related financing receipts (payments)	(458,284.75)
Net cash provided (used) by capital and related financing activities	\$ (83,728,976.05)

CASH FLOWS FROM INVESTING ACTIVITIES

Proceeds from sales and maturities of investments	\$ 405,291,189.68
Income on investments	61,588,952.31
Purchase of investments	(436,243,773.57)
Net cash provided (used) by investing activities	\$ 30,636,368.42
Net increase (decrease) in cash and cash equivalents	38,601,013.01
Cash and cash equivalents at beginning of year	846,301,584.80
Cash and cash equivalents at end of year	\$ 884,902,597.81

RECONCILIATION OF NET OPERATING LOSS TO NET CASH PROVIDED (USED) BY OPERATING ACTIVITIES

Operating loss	\$ (803,044,479.15)
Adjustments to reconcile operating loss to net cash provided (used) by operating activities:	
Depreciation and amortization expense	107,887,997.85
Changes in assets and liabilities:	
Receivables, net	5,641,675.25
Inventories	(786,608.85)
Prepaid expenses	(281,459.61)
Accrued interest receivable	495,525.38
Accounts payable	16,658,810.16
Accrued liabilities	2,537,732.84
Unearned revenue	15,093,658.38
Deposits	(5,096,896.58)
Net OPEB obligation	6,422,695.67
Compensated absences	(1,344,577.75)
Other additions (deductions):	
Loans to students	228,268.83
Net cash provided (used) by operations	\$ (655,587,657.58)

NONCASH INVESTING, CAPITAL, OR FINANCING TRANSACTIONS

Gifts of capital assets	\$ 4,293,929.00
Unrealized gain (loss) on investments	\$ 75,647,729.00
Loss on disposal of capital assets	\$ (18,099,137.91)

Notes to the Financial Statements

JUNE 30, 2014

Note 1: Summary of Significant Accounting Policies

A. REPORTING ENTITY

The university is a component unit of the State of Tennessee because the state appoints the majority of the university's governing body and provides significant financial support. The university is discretely presented in the Tennessee Comprehensive Annual Financial Report.

The University of Tennessee System is comprised of the University of Tennessee, the University of Tennessee at Chattanooga, and the University of Tennessee at Martin. The University of Tennessee is comprised of the University of Tennessee Knoxville campus; the University of Tennessee Health Science Center, including the Memphis campus, the Memorial Research Center at Knoxville, Clinical Education Centers at Chattanooga and Knoxville, and Family Practice Centers at Jackson, Knoxville, and Memphis; the University of Tennessee Space Institute at Tullahoma; the University of Tennessee Institute of Agriculture, including the College of Agriculture at Knoxville, the Agricultural Experiment Stations, the Agricultural Extension Service, and the College of Veterinary Medicine at Knoxville; the Institute for Public Service, which includes the County Technical Assistance Service and the Municipal Technical Advisory Service; and the University-Wide Administration. The university is governed by a board of 26 members, including one student and one faculty member, all either ex officio or appointed by the Governor, who also serves as chairman. The president is the chief executive officer of the university system.

The University of Chattanooga Foundation, Inc., and the University of Tennessee Foundation, Inc., are considered component units of the university. Although the university does not control the timing or amount of receipts from the foundations, the majority of resources, or income thereon, that the foundations hold and invest are restricted to the activities of the university by the donors. Because these restricted resources held by the foundations can only be used by, or for the benefit of, the university, the foundations are considered component units of the university and are discretely presented in the university's financial statements. The University of Tennessee Research Foundation, Inc., is also considered a component unit of the university because the university's board of trustees approves the foundation's administrative budget and funds the foundation's administrative costs. It is also discretely presented in the university's financial statements. See notes 21, 22, and 23 for more detailed information about the component units and how to obtain their reports.

B. BASIS OF PRESENTATION

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States

of America (GAAP) applicable to governmental colleges and universities engaged in business-type activities as prescribed by the Governmental Accounting Standards Board (GASB).

C. BASIS OF ACCOUNTING

For financial statement purposes, the university is considered a special-purpose government engaged only in business-type activities. Accordingly, the financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All significant interfund transactions have been eliminated.

Amounts reported as operating revenues include 1) tuition and fees, net of scholarship discounts and allowances; 2) federal appropriations; 3) certain federal, state, local, and private grants and contracts; 4) sales and services of educational departments and other activities; 5) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; and 6) other sources of revenue. Operating expenses include 1) salaries and wages; 2) employee benefits; 3) scholarships and fellowships; 4) depreciation and amortization expense; and 5) utilities, supplies, and other services.

All other activity is nonoperating in nature. This activity includes: 1) state and local appropriations for operations; 2) investment income; 3) interest on capital asset-related debt; 4) nonoperating grants and contracts; and 5) gifts.

When both restricted and unrestricted resources are available for use, generally it is the institution's policy to use the restricted resources first.

D. CASH EQUIVALENTS

This classification includes instruments which are readily convertible to known amounts of cash.

E. INVENTORIES

Inventories are valued at the lower of cost or market, based on the retail, specific identification, average cost, or first-in, first-out basis.

F. INVESTMENTS

The university reports investments in commercial paper at amortized cost. All other investments are reported at fair value or estimated fair value.

The university holds investments in limited partnerships, limited companies, corporations, and limited liability corporations which are carried at estimated fair value provided by the management of these funds. The purpose of this alternative investment class is to increase portfolio diversification and reduce risk due to the low correlation with other asset classes. Methods for

determining estimated fair values include discounted cash flows and estimates provided by general partners and fund managers. Because these investments are not readily marketable, the estimated fair value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market for the investments existed, and such differences could be material. The estimated fair values are reviewed and evaluated by the university.

G. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, software, and library holdings, are reported in the statement of net position at historical cost or at fair value at date of donation, less accumulated depreciation/amortization. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets' useful lives are not capitalized.

A capitalization threshold of \$100,000 is used for buildings, land improvements, and infrastructure. Equipment and software are capitalized when the unit acquisition cost is \$5,000 or greater and the estimated useful life is one year or more. The capitalization threshold for additions and improvements to infrastructure and land improvements is also \$100,000. The capitalization threshold for additions and improvements to buildings is \$100,000 provided that amount exceeds 20% of the book value of the building.

These assets, with the exception of land, are depreciated/amortized using the straight-line method over the estimated useful lives of the assets, which range from 5 to 40 years.

H. ACCOUNTS PAYABLE

Included in accounts payable are checks payable in the amount of \$2,942,866.06 as of June 30, 2014. These amounts represent the sum of checks written in excess of the university's checking account balance because of the use of a controlled disbursement account. In this way, the university maximizes interest income by transferring from an investment account only funds necessary to cover the checks that clear the bank daily.

I. COMPENSATED ABSENCES

The university's employees accrue annual leave at varying rates, depending on length of service or classification. Some employees also earn compensatory time. Generally, all permanent full-time employees and certain part-time employees are entitled to accrue and carry forward calendar year maximums of 42 days annual vacation leave, except nine-month faculty members who do not accrue annual leave. The amount of these liabilities and their related benefits are reported in the statement of net position. There is no liability for unpaid accumulated sick leave since the university's policy is to pay this only when an employee dies or is absent because of illness or injury.

J. NET POSITION

The institution's net position is classified as follows:

NET INVESTMENT IN CAPITAL ASSETS: This represents the institution's total investment in capital assets, net of accumulated depreciation and net of outstanding debt obligations and deferred outflows/inflows of resources related to those

capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

NONEXPENDABLE RESTRICTED NET POSITION:

Nonexpendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may be expendable or added to principal.

EXPENDABLE RESTRICTED NET POSITION:

Expendable restricted net position includes resources in which the university is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

UNRESTRICTED NET POSITION: Unrestricted net position represents resources derived from student tuition and fees, state appropriations, the sales and services of educational departments and other activities, and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the institution, and may be used at the discretion of the institution to meet current expenses for any purpose.

K. SCHOLARSHIP DISCOUNTS AND ALLOWANCES

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the university and the amount that is paid by the student and/or third parties making payments on the student's behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or nonoperating revenues in the institution's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the institution has recorded a scholarship discount and allowance.

L. INCOME TAXES

The university, as a public corporation and an instrumentality of the State of Tennessee, is exempt from federal income taxes under Section 115 of the Internal Revenue Code. Contributions to the university are deductible by donors as provided under Section 170 of the Internal Revenue Code.

Note 2: Deposits and Investments

INVESTMENT POLICY

Cash Management Investment Pool - The University of Tennessee maintains a cash management investment pool that is available for use by all fund groups. State statutes and university investment policies authorize the university's cash management pool to invest in collateralized Tennessee bank or savings

and loan association certificates of deposit, U.S. Treasury obligations, U.S. government agency obligations, repurchase agreements of those securities, highest quality commercial paper, prime bankers' acceptances, and money market mutual funds meeting certain criteria.

University policy also requires that commercial paper not exceed 35% of the portfolio in total and that no more than 10% of the portfolio's value be in the commercial paper of a single issuer. In addition, banker's acceptances cannot exceed 20% of the portfolio's value and no one bank's acceptances may exceed 10%. Money market funds cannot exceed 10% of the portfolio's total value. At June 30, 2014, the university's cash management investment pool consisted of \$375,500,000.00 of certificates of deposit, \$78,425,000.00 of demand deposits yielding money market rates, and \$411,737,411.99 of U.S. government agency obligations.

Investments – The university's assets subject to long-term investment (endowments and annuity and life income assets) use various external managers and funds consistent with investment objectives for those invested assets. A significant part of these assets is the university's Consolidated Investment Pool, which is a carefully crafted portfolio of broadly diversified asset classes.

Deposits – University policy and state statute require that university funds be deposited into authorized commercial banks and savings and loan associations. State statutes also require that these financial institutions pledge securities as collateral to secure university time and demand deposits. To facilitate the pledge requirement, financial institutions can elect to either participate in the State of Tennessee Collateral Pool for Public Deposits administered by the State Treasurer or pledge securities with a third party.

CASH AND CASH EQUIVALENTS

In addition to petty cash and demand deposits, this classification includes instruments which are readily convertible to known amounts of cash.

At June 30, 2014, cash and cash equivalents consisted of \$12,428,194.47 in bank accounts, \$1,547,085.21 of petty cash on hand, and \$865,662,411.99 in the university's cash management investment pool.

The carrying amount of the university's deposits was \$466,353,194.47, and the bank balance was \$472,976,425.96.

Additionally, the university maintains custodial accounts at First Tennessee Bank and Hilliard Lyons for funds contractually managed by independent investment counsel. In accordance with the custody agreements, First Tennessee Bank and Hilliard Lyons placed cash equivalents totaling \$5,264,906.14 at June 30, 2014, in money market mutual funds.

CUSTODIAL CREDIT RISK – DEPOSITS

The custodial credit risk for deposits is the risk that in the event of a bank failure, the university's deposits may not be recovered. As stated earlier, state statutes require that all university deposits be in a qualified depository and secured through direct collateralization or participation in the State Collateral Pool. As of June 30, 2014, all university deposits were adequately secured as required by state statute.

INVESTMENTS

All investments are reported at fair value, including those securities with a maturity date of one year or less. As of June 30, 2014, the university had the following investments and maturities as shown in **Table 2.1** (opposite page).

INTEREST RATE RISK

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of a debt investment. The university does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

CREDIT RISK

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The university's debt investments as of June 30, 2014, were rated by Moody's.

The university is authorized by statute to invest funds in accordance with University of Tennessee investment policies. Funds, other than endowment and annuity and life income funds, may be invested in collateralized Tennessee bank or savings and loan association certificates of deposit, U. S. Treasury obligations, U.S. government agency obligations and repurchase agreements of those securities, highest quality commercial paper, prime bankers' acceptances, and money market mutual funds meeting certain criteria. Endowment and life income funds can be invested in equity securities and various other securities given prudent diversification. The university has no investment policy limiting its investment choice based on ratings issued by nationally recognized statistical rating agencies. As of June 30, 2014, the institution's investments were rated as shown in **Table 2.2** (page 16).

CUSTODIAL CREDIT RISK – INVESTMENTS

Custodial credit risk is the risk that, in the event of a failure of the counterparty, the university will not be able to recover the value of the investment or collateral securities that are in possession of an outside party. At June 30, 2014, the university had \$7,254,866.75 of uninsured and unregistered investments held by a counterparty but not in the school's name.

CONCENTRATION OF CREDIT RISK

Concentration of credit risk is the risk of loss attributed to the magnitude of the university's investment in a single issuer. Other than the restrictions placed on the cash management investment pool described in the investment policies above, the university places no limit on the amount the university may invest in any one issuer.

FOREIGN CURRENCY RISK

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of a deposit or investment. The university has \$5,267,306.76 invested in foreign corporate equities and \$14,797,586.66 invested in foreign corporate bonds at June 30, 2014.

ALTERNATIVE INVESTMENTS

In its Consolidated Investment Pool, as part of its endowment assets, the university has investments in eighty-five limited partnerships, limited companies, corporations, and limited liability corporations (LLCs).

These investments include forty private equity funds, three real estate funds, twenty natural resource funds, and twenty-two hedge funds. The estimated fair value of these assets is \$454,947,337.09 at June 30, 2014.

Total capital contributions less returns of capital equal \$343,700,709.63 at June 30, 2014.

The university believes that the carrying amount of its alternative investments is a reasonable estimate of fair value as of June 30, 2014. Because these investments are not readily marketable, the estimated value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready

market for the investments existed, and such differences could be material. These investments are made in accordance with the university's investment policy that approves the allocation of funds to various asset classes in order to ensure the proper level of diversification within the endowment pool. These investments (private equity, real estate assets, natural resources, and hedge funds) are designed to enhance diversification and provide reductions in overall portfolio volatility. These fair values are estimated by the general partner of each limited partnership or manager of each corporate entity using various valuation techniques.

The methods and assumptions used in estimating fair value vary based upon the asset class, but uniformly all start with the latest audited financial statements for the funds. Most funds issue audited financial statements on a calendar year basis. Using those audited fair values as a beginning point, valuations are adjusted for net capital activity and marketplace considerations to ascertain the reasonableness of estimated fair values provided by the fund managers. Marketplace activity includes subsequent independent appraisals for real estate assets, subsequent rounds of capital financings that include new investors for private/venture equity, and asset confirmations from brokers and fund administrators for hedge funds.

Note 3: Endowment, Annuity, and Life Income Agreements

There are two categories of university assets which are subject to long-term investment: endowments and amounts held in trust under annuity and life income agreements. The investment of these funds is governed by the gift instrument and the investment policies established by the Board of Trustees.

Effective July 1, 1954, the university adopted the policy of investing endowment assets over which it had full investment discretion (and on which the donor or governing gift instrument does not require separate investment) in a Consolidated Investment Pool. This pooling of investments affords closer supervision of the investment portfolio and provides, regardless of size, the advantages of participation in a well-diversified portfolio of domestic and international equities, private equity, bonds, real estate, and hedge funds. All contributing endowments participate in the income and capital appreciation of the Pool on a per-share basis commensurate with their contributions to the Pool. New endowments purchase shares in the Pool at the end of each month at the then current fair value per share, determined by valuing the Pool at month end fair value and dividing by the number of pool units outstanding.

If a donor has not provided specific instructions, state law permits the university to authorize for spending the net appreciation (realized and unrealized) of the investments of endowment funds. When administering its power to spend net appreciation, the university is required to consider the university's long-term and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic conditions. Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established.

The university chooses to spend only a portion of the investment income (including changes in the value of investments) each year. Under the spending plan established by the university, four and a half percent of a three-year moving average of the fair value of endowment investments has been authorized for expenditure. The remaining amount, if any, is retained to be used in future years when the amount computed using the spending plan exceeds the investment income. At June 30, 2014, net appreciation of \$196,173,649.46 is available to be spent, of which \$192,109,301.15 is restricted for scholarships and fellowships, libraries, instructional department uses, academic support, research, and other purposes. The per unit fair value for participating endowments was \$3.639978 at June 30, 2014. Income distributed was \$0.14252 per share in 2014, or \$30,063,525.46.

The university's Consolidated Investment Pool is invested to maximize total return rather than current income consistent with provisions of the Uniform Prudent Management of Institutional Funds Act adopted by the State of Tennessee in 2007. The total return for fiscal year 2014 and the three and five years then ended was 17.4%, 8.8%, and 12.2%, respectively.

All endowments not invested as part of the Consolidated Investment Pool are separately invested to observe requirements or limitations imposed by donors. Income earned and distributed on separately invested endowments amounted to \$323,529.48 for 2014.

Annuity and life income amounts held in trust are separately invested entities requiring detailed accounting to reflect specific compliance with the terms of each trust and applicable federal regulations. The investment objectives as reflected in each agreement vary widely since they are affected by the age, income level, and needs of the beneficiaries as well as motives and objectives of the donors. Interest, dividend, rent, and royalty income realized on these funds for 2014 amounted to \$2,086,738.69.

Note 4: Accounts, Notes, and Grants Receivable

Accounts, notes, and grants receivable included the following at June 30, 2014:

Table 4.1 Accounts, Notes, and Grants Receivable

Student accounts receivable	\$ 17,961,831.14
Grants receivable	62,461,292.92
Notes receivable	2,944,327.16
Pledges receivable	20,400,692.82
Due from component units	12,409,351.94
Other receivables	38,965,806.12
Subtotal	\$ 155,143,302.10
Less allowance for doubtful accounts	(15,139,175.26)
Total	\$ 140,004,126.84

Pledges receivable are promises of private donations that are reported as accounts receivable, and revenue, net of an estimated uncollectible allowance of \$4,080,138.57.

Federal Perkins Loan Program funds included the following at June 30, 2014:

Table 4.2 Perkins Loans

Perkins loans receivable	\$ 29,008,077.48
Less allowance for doubtful accounts	—
Total	\$ 29,008,077.48

Note 5: Capital Assets

Capital asset activity for the year ended June 30, 2014, was as follows:

Table 5.1 Capital Asset Activity

	Beginning Balance	Additions	Transfers	Reductions	Ending Balance
Land	\$ 68,477,121.06	\$ 5,514,098.44	\$ -	\$ (37,935.00)	\$ 73,953,284.50

Note 6: Operating Leases

The university has entered into various operating leases for buildings and equipment. It is expected that in the normal course of business, such leases will continue to be required. Net expenses for rentals under leases were \$8,965,859.14 for the year ended June 30, 2014. All operating leases are cancelable at the lessee's option.

Note 7: Accounts Payable

Accounts payable included the following:

Table 7.1	June 30, 2014
Vendors payable	\$ 78,672,775.68
Payroll deductions payable	21,394,860.51
Due to Tennessee Consolidated Retirement System	4,533,702.10
Total	\$ 104,601,338.29

Note 8: Long-Term Liabilities

Long-term liability activity for the year ended June 30, 2014, is shown in **Table 8.1** (page 19).

TSSBA DEBT – BONDS

Bonds, with interest rates ranging from .18% to 5.50%, were issued by the Tennessee State School Bond Authority (TSSBA). The bonds are due serially to 2044 and are secured by pledges of the facilities' revenues to which they relate and certain other revenues and fees of the university, including state appropriations. (See Note 9 for further details.) The bonded indebtedness with the Tennessee State School Bond Authority included in long-term liabilities on the statement of net position is shown net of assets held by the authority in the debt service reserve, capitalized interest, and unexpended debt proceeds. The total bonded indebtedness at June 30, 2014, was \$635,139,721.93. The debt service reserve amount at June 30, 2014, was \$17,058,210.77, capitalized interest was \$968,454.94, and unspent debt proceeds were \$43,837,257.23.

The university's debt service requirements to maturity for all bonds payable at June 30, 2014, are shown in **Table 8.2** (page 19).

TSSBA DEBT - REVOLVING CREDIT FACILITY AND COMMERCIAL PAPER

The Tennessee State School Bond Authority (TSSBA) receives loans from the revolving credit facility to finance the costs of various capital projects during the construction phase. When projects are placed in service, TSSBA issues long-term, fixed-

Unspent bond proceeds	(43,837,257.23)	
Capitalized interest	(968,454.94)	
TSSBA debt-bonds	<u>\$ 573,275,798.99</u>	

rate debt to finance the project over its useful payback period and repays the revolving credit facility debt. The amount issued for projects at the university was \$87,548,870.48 at June 30, 2014.

Prior to March 20, 2014, TSSBA issued short-term debt in the form of commercial paper. Since March 20, 2014, TSSBA has used the revolving credit facility.

More detailed information regarding the bonds and revolving credit facility can be found in the notes to the financial statements in the financial report for the Tennessee State School Bond Authority. That report is available on the state's website at www.comptroller.tn.gov/tssba/cafr.asp.

Note 9: Pledged Revenues

The University of Tennessee has pledged certain revenues and fees, including state appropriations, to repay \$573,275,798.99 in revenue bonds issued from May 2004 to November 2013. Proceeds from the bonds provided financing for construction and renovation projects. The bonds are payable through 2044. (See Note 8 for further details.) Annual principal and interest payments on the bonds are expected to require 4.34% of available revenues. The total principal and interest remaining to be paid on the bonds is \$908,403,587.50. Principal and interest paid for the current year and total available revenues were \$55,820,750.51 and \$1,286,563,667.63, respectively.

Note 10: Pension Plans

A. DEFINED BENEFIT PLANS

1. TENNESSEE CONSOLIDATED RETIREMENT SYSTEM

Plan Description

The State of Tennessee provides a pension plan that covers state and higher education employees. That plan is a part of the Public Employee Retirement Plan, an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement, death, and disability benefits as well as annual cost-of-living adjustments to plan members and their beneficiaries. Title 8, Chapters 34-37, Tennessee Code Annotated, establishes benefit provisions. State statutes are amended by the Tennessee General Assembly.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the Public Employee Retirement Plan. That report is available on the state's website at www.treasury.tn.gov/tcrs.

Funding Policy

Plan members are noncontributory. The university is required to contribute at an actuarially determined rate. The current rate is 15.03% of annual covered payroll. Contribution requirements for the university are established and may be amended by the TCRS' Board of Trustees.

Annual Pension Cost

For the year ended June 30, 2014, the university's contributions equaled the annual pension cost of \$50,737,106.83.

Table 10.1 Trend Information

Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
June 30, 2014	\$50,737,106.83	100%	\$0
June 30, 2013	\$47,508,570.55	100%	\$0
June 30, 2012	\$44,814,905.55	100%	\$0

Additional Information – Information about the funded status of the plan as of the most recent valuation date, information about the actuarial methods and assumptions used in the valuations, and required supplementary information is available in the State of Tennessee Comprehensive Annual Financial Report. A copy of that report is available on the state's website at www.tn.gov/finance/act/cafr.shtml.

2. FEDERAL RETIREMENT PROGRAM

Plan Description

The University of Tennessee contributes to the Federal Retirement Program, a cost-sharing, multiple-employer, defined benefit pension plan administered by the Civil Service Retirement System (CSRS) for participants employed prior to January 1, 1984, and the Federal Employees Retirement System (FERS) for participants employed after December 31, 1983. Both systems provide retirement, death, and disability benefits, as well as annual cost-of-living adjustments, to plan members and their beneficiaries. All regular full-time employees of the University of Tennessee Agricultural Extension Service who hold federal appointments for 51% or more of their time are required to participate in either one of the two Federal Retirement Programs. For both systems, benefit provisions are established in federal statutes. Federal statutes are amended by the U.S. Congress.

CSRS and FERS issue publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by writing to the Office of Personnel Management, Retirement Information Office, P.O. Box 45, Boyers, PA 16017-0045, or by calling (202) 606-0500.

Funding Policy

Participating employees, with some exceptions, are required by federal statute to contribute 7.0% of covered salaries to the CSRS plan. The university is currently required to contribute 7.0%. Contributions to CSRS for the year ended June 30, 2014,

were \$542,802.20, which consisted of \$282,874.46 from the university and \$259,927.74 from the employees; contributions for the year ended June 30, 2013, were \$582,486.86, which consisted of \$302,615.78 from the university and \$279,871.08 from the employees; and contributions for the year ended June 30, 2012, were \$618,678.32, which consisted of \$321,988.78 from the university and \$296,689.54 from the employees. Contributions met the requirements for each year.

Federal statute requires employees participating in FERS to contribute 0.8% of their salaries to the Basic Benefit Plan. The university is required to contribute 11.9%. In addition, the university is required to contribute 1% of each participant's salary to the Thrift Savings Plan plus up to an additional 4% depending upon employees' contributions, which can range from 0 to 10% of their salaries. Contributions for the Basic Benefit Plan were \$1,112,172.39 for the year ended June 30, 2014, which consisted of \$70,119.12 from employees and \$1,042,053.27 from the university; \$1,131,626.95 for the year ended June 30, 2013, which consisted of \$71,372.55 from employees and \$1,060,254.40 from the university; and \$1,101,753.98 for the year ended June 30, 2012, which consisted of \$69,636.70 from employees and \$1,032,117.28 from the university. Contributions for the Thrift Savings Plan were \$1,030,559.00 for the year ended June 30, 2014, which consisted of \$616,797.00 from employees and \$413,762.00 from the university; \$1,031,993.00 for the year ended June 30, 2013, which consisted of \$613,673.00 from employees and \$418,320.00 from the university; and \$1,018,610.96 for the year ended June 30, 2012, which consisted of \$611,154.96 from employees and \$407,456.00 from the university. Contributions met the requirements for each year.

B. DEFINED CONTRIBUTION PLANS

1. OPTIONAL RETIREMENT PLANS (ORP)

Plan Description

The university contributes to three defined contribution plans: Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF), ING Life Insurance and Annuity Company, and Variable Annuity Life Insurance Company (VALIC). These plans are administered by the Tennessee Department of the Treasury. Each plan provides retirement benefits to faculty and staff who are exempt from the overtime provisions of the Fair Labor Standards Act and who waive membership in the TCRS. Benefits depend solely on amounts contributed to the plan plus investment earnings. Plan provisions are established by state statute in Title 8, Chapter 35, Part 4, Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly.

Funding Policy

Plan members are noncontributory. The university contributes an amount equal to 10% of the employee's base salary below the social security wage base and 11% above the social security wage base. Contribution requirements are established and amended by state statute. The contributions made by the university to the plans for the year ended June 30, 2014, were \$46,089,434.04 and for the year ended June 30, 2013, were

\$44,795,482.61. Contributions met the requirements for each year.

2. JOINT CONTRIBUTORY RETIREMENT SYSTEM PLAN A (JCRS-A)

Plan Description

The Joint Contributory Retirement System Plan A (JCRS-A) is a defined contribution plan with minimum benefits and is administered by the Tennessee Consolidated Retirement System and TIAA-CREF. Employees who were enrolled in the Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) before July 1977 are members of JCRS-A. Enrollment in this plan for new employees has been closed since July 1977.

Although JCRS-A members participate in ING, TIAA-CREF, or VALIC, they may also, under certain circumstances, receive a supplementary benefit from the State of Tennessee. Plan provisions are established by Tennessee Code Annotated, Chapter 35, Part 4. State statutes are amended by the Tennessee General Assembly.

Funding Policy

Plan members are noncontributory. The university's contributions for JCRS-A members were calculated using the base salary amounts of \$16,380,647.38 for fiscal year 2014, and \$18,268,301.01 for fiscal year 2013. Contribution requirements are established and amended by state statute. The contributions are included in the ORP amounts. University contributions to fund the state supplemental benefit totaled \$2,461,198.48 in fiscal year 2014, and \$3,003,878.67 in fiscal year 2013. Contributions met the requirements for each year.

C. DEFERRED COMPENSATION PLANS

The University of Tennessee offers its employees three deferred compensation plans. The university, through the State of Tennessee, provides two plans, one established pursuant to Internal Revenue Code (IRC), Section 457, and the other pursuant to IRC, Section 401(k). The third plan is administered by the university and was established in accordance with IRC, Section 403(b). These plans, available to all university employees, permit them to defer a portion of their salaries to future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All costs of administering and funding these plans, with the exclusion of the \$50 monthly university match for the Section 401(k) plan, are the responsibility of plan participants.

Since Section 457 and 401(k) plan assets remain the property of the contributing employees and a third party administrator is used to administer the plan assets, they are not presented in the State of Tennessee financial statements. In fiscal year 2014, the university provided a \$50 monthly match from unrestricted funds for employees making a minimum monthly contribution of \$50 to the Section 401(k) plan. During the year ended June 30, 2014, contributions totaling \$21,001,124.72 were made by employees participating in the plan, with a related match of \$5,560,121.19 made by the university. During the year ended

June 30, 2013, contributions totaling \$20,166,810.55 were made by employees participating in the plan, with a related match of \$5,438,830.45 made by the university. In accordance with the IRC, employee contributions through the 403(b) plan remain the assets of the employee. In addition, the amounts withheld from employees are remitted directly to third-party administrators. Therefore, these employee contributions are not reflected in the university's financial statements.

Note 11: Other Postemployment Benefits

Healthcare is the only "other postemployment benefit" (OPEB) provided to employees. The State of Tennessee administers a group health insurance program which provides postemployment health insurance benefits to eligible university retirees. This program includes two plans available to higher education employees – the State Employee Group Plan and the Medicare Supplement Plan. For accounting purposes, the plans are agent multiple-employer defined benefit OPEB plans. Benefits are established and amended by an insurance committee created by Section 8-27-101, Tennessee Code Annotated, for the State Employee Group Plan and Section 8-27-701, Tennessee Code Annotated, for the Medicare Supplement Plan. Prior to reaching age 65, all members have the option of choosing between the standard or partnership preferred provider organization plan for healthcare benefits. Subsequent to age 65, retirees who are also in the state's retirement system may participate in a state-administered Medicare supplement that does not include pharmacy. The state makes on-behalf payments to the Medicare Supplement Plan for the university's eligible retirees; see Note 20. The plans are reported in the State of Tennessee's Comprehensive Annual Financial Report (CAFR). The CAFR is available on the state's website at www.tn.gov/finance/act/cafr.shtml.

SPECIAL FUNDING SITUATION

The State of Tennessee is legally responsible for contributions to the Medicare Supplement Plan that covers the retirees of other governmental entities, including the University of Tennessee. The state is the sole contributor for the university retirees that participate in the Medicare Supplement Plan and, therefore, is acting as the employer.

FUNDING POLICY

The premium requirements of members of the State Employee Group Plan are established and may be amended by the insurance committee. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the State Employee Group Plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs of the plan are allocated to plan participants. Retirees in the State Employee Group Plan pay the same base premium as active employees in the plan adjusted for years of service. Retirees with 30 years of service are subsidized 80%; retirees with 20 years of service but less than 30 years of service, 70%; and retirees with less than 20 years of service, 60%.

Retirees in the Medicare Supplement Plan have flat-rate premium subsidies based on years of service. Retirees with 30 years of service receive \$50 per month; retirees with 20 years of service but less than 30 years of service, \$37.50; and retirees with 15 years of service but less than 20 years of service, \$25.

Table 11.1 Annual OPEB Cost and Net OPEB Obligation

State Employee Group Plan	
Annual Required Contribution (ARC)	\$ 20,167,000.00
Interest on Net OPEB Obligation	3,508,000.00
Adjustment to the ARC	(3,417,000.00)
Annual OPEB Cost	\$ 20,258,000.00
Amount of Contribution	(13,835,304.33)
Increase/Decrease in Net OPEB Obligation	\$ 6,422,695.67
Net OPEB Obligation – beginning of year	87,696,118.55
Net OPEB Obligation – end of year	\$ 94,118,814.22

Table 11.2 Annual OPEB Cost and Net OPEB Obligation

YEAR END	PLAN	ANNUAL OPEB COST	PERCENTAGE OF ANNUAL OPEB COST CONTRIBUTED	NET OPEB OBLIGATION AT YEAR-END
6/30/2012	State Employee Group Plan	\$ 24,642,000.00	59.64%	\$ 76,507,370.11
6/30/2013	State Employee Group Plan	\$ 24,912,000.00	55.09%	\$ 87,696,118.55
6/30/2014	State Employee Group Plan	\$ 20,258,000.00	68.30%	\$ 94,118,814.22

FUNDED STATUS AND FUNDING PROGRESS

The funded status of the university's portion of the State Employee Group Plan as of July 1, 2013, was as follows:

Table 11.3 Funded Status and Funding Progress

State Employee Group Plan	
Actuarial valuation date	July 1, 2013
Actuarial accrued liability (AAL)	\$ 193,052,000.00
Actuarial value of plan assets	0.00
Unfunded actuarial accrued liability (UAAL)	\$ 193,052,000.00
Actuarial value of assets as a % of the AAL	0%
Covered payroll (active plan members)	\$ 691,825,061.00
UAAL as percentage of covered payroll	27.9%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

ACTUARIAL METHODS AND ASSUMPTIONS

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the July 1, 2013, actuarial valuation for each plan, the Projected Unit Credit actuarial cost method was used. The actuarial assumptions included a 4 percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 7.5 percent initially. The rate decreases to 7 percent in fiscal year 2015, and then will reduce by decrements to an ultimate rate of 4.19 percent in fiscal year 2044. All rates include a 2.5 percent inflation assumption. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over a 30-year period beginning with July 1, 2007. Payroll is assumed to grow at a rate of 3 percent.

Note 12: Chairs of Excellence

Since fiscal year 1985, the Tennessee General Assembly has appropriated \$22 million to a Chairs of Excellence Endowment for the University of Tennessee. The appropriations provided that the Chairs of Excellence Endowment be established as an irrevocable trust with the State Treasurer and required the university to match the appropriation on a dollar-for-dollar basis. The university has fully matched 50 chairs as of June 30, 2014. The financial statements of the university include as expenditures the amounts expended in the current year to match the state appropriations. The university's statement of net position does not include the amounts held in trust by the State Treasurer. At June 30, 2014, the amounts held in trust totaled \$139,828,866.62 at fair value.

Note 13: Joint Ventures

UT BATTELLE

The university is a participant in a joint venture with Battelle Memorial Institute for the sole purpose of management and operation of the Oak Ridge National Laboratory (ORNL) for the U. S. Department of Energy. Each entity has a 50% interest

in the venture, each having provided an initial investment of \$125,000.00. The university's equity interest was \$4,778,976.00 at June 30, 2014. The university and Battelle each receive a 50% distribution of the ORNL management fee after shared expenses are deducted. The fee distribution to the university for the year ended September 30, 2013 was \$3,653,981.06.

During the year ended June 30, 2014, the university had expenses of \$22,098,352.95 under contracts with UT-Battelle. Amounts receivable from UT-Battelle under these contracts totaled \$3,236,903.16 at June 30, 2014. To review the audit report of UT-Battelle, please contact the Controller's Office, The University of Tennessee, 201 Andy Holt Tower, Knoxville, Tennessee 37996-0100.

UT LE BONHEUR PEDIATRIC SPECIALISTS

The university is a participant in a joint venture with Methodist Healthcare – Memphis Hospitals, Le Bonheur Children's Hospital, for the sole purpose of governance, management, and support of the UT Le Bonheur Pediatric Specialists, Inc. (ULPS), a nonprofit faculty group practice comprised of pediatric physicians holding hospital privileges at Le Bonheur who are employed as UT Health Science Center faculty members. The practice group was incorporated on September 9, 2010, and began operations in January 2011.

Both the university and Methodist Healthcare provided an advance to the joint venture in the 2011 fiscal year so that the faculty practice group could begin its operations. In addition, the university and Methodist Healthcare have agreed to guarantee the losses of ULPS equally and provide cash on a monthly basis to meet the operating needs of ULPS. During the 2014 fiscal year, the university remitted another \$7,771,660.00 for these purposes.

To review the audit report of UT Le Bonheur Pediatric Specialists, Inc., please contact the Controller's Office, The University of Tennessee, 201 Andy Holt Tower, Knoxville, Tennessee 37996-0100.

Note 14: Insurance-Related Activities

It is the policy of the state not to purchase commercial insurance for the risks associated with casualty losses for general liability, automobile liability, professional medical malpractice, and workers' compensation. The state's management believes it is more economical to manage these risks internally and set aside assets for claim settlement in its internal service fund, the Risk Management Fund. The state purchases commercial insurance for real property, builder's risk (for construction projects starting prior to July 1, 2012), and crime and fidelity coverage on the state's officials and employees. The contractor is responsible for acquiring builder's risk insurance for all construction projects after June 30, 2012, thus builder's risk is no longer covered by the Risk Management Fund. For property coverage, the deductible for an individual state agency is the first \$25,000 of losses. The Risk Management Fund is responsible for property

losses for the annual aggregate deductible of \$10 million for perils other than earthquakes and flood. Purchased insurance coverage is responsible for losses exceeding the \$10 million annual aggregate deductible. For earthquake and flood, there is a deductible of \$10 million per occurrence. The maximum insurance coverage is \$750 million per year for perils other than earthquake and flood. The maximum flood insurance coverage is \$50 million per occurrence, except there is only \$25 million of coverage in flood zones A and V. The maximum earthquake insurance coverage is \$50 million per occurrence. The amounts of settlements have not exceeded insurance coverage for each of the three past fiscal years.

The university participates in the Risk Management Fund. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the university based on a percentage of the university's expected loss costs, which include both experience and exposures. This charge considers recent trends in actual claims experience of the state as a whole. An actuarial valuation is performed as of fiscal year-end to determine the fund liability and premium allocation. Information regarding the determination of the claims liabilities and the changes in the balances of the claims liabilities for the year ended June 30, 2014, is presented in the Tennessee Comprehensive Annual Financial Report (CAFR). The CAFR is available on the state's website at www.tn.gov/finance/act/cafr.shtml. Since the university participates in the Risk Management Fund, it is subject to the liability limitations under the provisions of the Tennessee Claims Commission Act, Tennessee Code Annotated, Section 9-8-101 et seq. Liability for negligence of the university for bodily injury and property damage is limited to \$300,000 per person and \$1,000,000 per occurrence. The limits of liability under workers' compensation are set forth in Tennessee Code Annotated, Section 50-6-101 et seq. Claims are paid through the state's Risk Management Fund. At June 30, 2014, the Risk Management Fund held \$116.3 million in cash designated for payment of claims.

At June 30, 2014, the scheduled coverage for the university was \$4,457,393,300 for buildings and \$1,158,752,500 for contents.

The university also carries commercial insurance for losses related to hired and non-owned automobiles, losses related to railroad protection, and losses related to six university-owned aircraft. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The state has also set aside assets in the Employee Group Insurance Fund, an internal service fund, to provide a program of health insurance coverage for the employees of the state with the risk retained by the state. The university participates in the Employee Group Insurance Fund. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the university based on estimates of the ultimate cost of claims, including the cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Employees and providers have 13 months to file medical claims.

Note 15: Contingencies and Commitments

A. CONSTRUCTION COMMITMENT

The university has contractual obligations for the construction of new buildings and additions to and renovations of existing buildings. The outstanding commitments under such contracts at June 30, 2014, were \$108,868,324.49, of which \$41,098,126.34 of these costs will be funded with future state capital outlay appropriations.

B. SICK LEAVE

The university records the cost of sick leave when paid. The dollar amount of unused sick leave was \$292,518,893.00 at June 30, 2014.

C. GRANTS AND CONTRACTS

The university receives grants and contracts from various federal and state agencies to fund research and other activities. The costs, both direct and indirect, charged to these grants and contracts are subject to audit and disallowance by the granting agency. The university administration believes that any disallowance or adjustments would not have a material effect on the university's financial position.

D. NONVESTED EQUIPMENT

Equipment in the possession of the university valued at \$2,011,136.21 as of June 30, 2014, is not reflected in the financial statements. This equipment was purchased with restricted grant and contract funds and other funds, and title has not yet transferred to the university.

E. LITIGATION

The university is involved in several lawsuits, none of which are expected to have a material effect on the financial position of the university.

Note 16: Lease and Transfer of UT Memorial Research Center and Hospital

On July 29, 1999, the university transferred ownership and control of its hospital located in Knoxville to University Health Systems, Inc., (UHS), an independent, private, not-for-profit organization operating under its own Internal Revenue Code, Section 501(c)(3) designation. The lease and transfer of the hospital from the university to UHS was accomplished through three main agreements: the Lease and Transfer Agreement, the Employee Services Agreement, and the Affiliation Agreement. Each of these agreements is summarized below.

Lease and Transfer Agreement – Pursuant to the enabling legislation, Tennessee Code Annotated, Section 49-9-112 and Section 49-9-1301 et seq., UHS leased from the university the real property of the existing hospital and the Graduate School of Medicine. (See also Note 18.) The term of the lease is 50 years.

The university also transferred to UHS all operating assets of the hospital. The consideration for the lease of the real property and transfer of the operating assets was payment by UHS of a) a sum sufficient to economically defease all of the debt issued by the Tennessee State School Bond Authority in the amount of \$149,080,353.69, b) \$25,000,000.00 paid to the university at closing, and c) a variable lease obligation of \$50,000,000.00 to be paid to the university over twenty years. UHS assumed all prior hospital liabilities, known or unknown. In 2019, the university and UHS have agreed to negotiate an annual lease payment for the remaining 30 years of the lease.

Employee Services Agreement – UHS has leased from the university all hospital employees as of the date of closing. UHS has paid to the university the amounts incurred by the university to pay the direct expenses relating to the hospital employees, including wages, salaries, and fringe benefits. These payroll expenses on behalf of UHS, totaling \$55,089,195.24 in 2014, are reported as operating expenses in the statement of revenues, expenses, and changes in net position. An equal amount of operating revenue is reported in the nongovernmental grants and contracts category. The term of the Employee Services Agreement is 50 years. All persons who began service at the hospital after the date the Employee Service Agreement was signed are employees of UHS and not university employees.

Affiliation Agreement – The university and UHS agreed that UHS will continue to support the Graduate School of Medicine by providing appropriate facilities and resources of the hospital to the faculty and students at the Graduate School of Medicine. UHS agreed to pay the university \$1,500,000 at closing for the benefit of the Graduate School of Medicine. In addition, UHS must pay monthly to the university, for the benefit of the Graduate School of Medicine, the government funding, direct and indirect medical education funds, TennCare medical education funds, and other medical education funds received by UHS for the benefit of the Graduate School of Medicine. The amount payable by UHS shall be reduced by a) the fair market rental value of the space provided to the Graduate School of Medicine; b) the fair market value of the information system, telecommunication, network infrastructure, and human resource services provided by UHS to the Graduate School of Medicine; and c) retroactive adjustments made by payers to the graduate medical education payments.

Note 17: Transfer of Development Operations to the University of Tennessee Foundation

On July 1, 2011, the university transferred its Development and Alumni Affairs operations to the University of Tennessee Foundation, Inc., a not-for-profit component unit created in 2001 to support the University of Tennessee. The foundation supports the university's educational, research, and public activities by securing and administering private funds to support programs beyond the scope of the university's general budget. (See also Note 22.) Pursuant to the University of Tennessee Board of

Trustees' approval and the enabling legislation, Tennessee Code Annotated, Section 49-9-113, the university and the foundation signed an Affiliation and Services Agreement and an Employee Services Agreement to effect the transfer.

Affiliation and Services Agreements – The university and the foundation agreed that all gifts, unless directed otherwise by the donor or given in support of the University of Tennessee at Chattanooga, be deposited into the foundation bank account and that the university pay the foundation direct support and a 100 basis point endowment assessment fee as compensation for performing the fundraising function. The direct support amount is to be reviewed every two years, and the foundation President and Chief Executive Officer, who is also the university's Vice President for Development and Alumni Affairs, coordinates fundraising goals and objectives of the foundation with the university. For fiscal year 2014, the university provided the foundation direct support of \$18,720,443.00 and endowment assessment fees of \$5,711,941.00.

A separate affiliation agreement provides that the University of Chattanooga Foundation receive all private gifts in support of the University of Tennessee at Chattanooga unless otherwise directed by the donor.

Employee Services Agreement – The foundation has paid to the university the amounts incurred by the university to pay the direct expenses relating to the Development and Alumni Affairs employees, including wages, salaries, and fringe benefits. These payroll expenses on behalf of the foundation, totaling \$19,775,345.08 in fiscal year 2014, are reported as operating expenses in the statement of revenues, expenses, and changes in net position. An equal amount of operating revenue is reported in the nongovernmental grants and contracts category.

Note 18: Capital Leases of Real Property

CAPITAL LEASE OF REAL PROPERTY TO UNIVERSITY HEALTH SYSTEMS, INC.

The university has leased the real property of the UT Memorial Research Center and Hospital to UHS for a term of 50 years. This lease is pursuant to the Lease and Transfer Agreement described in Note 16. This lease is classified as a direct financing lease. The guaranteed lease payment of \$50 million will be paid by UHS in annual payments through 2020. The amount of the annual payments will equal the lesser of 1) 20% of the hospital's net operating profit for the applicable calendar year; or 2) \$3 million or the greater amount resulting from the application of an index, as specified in the agreement. The payment of \$50 million is guaranteed by March 15, 2021. In 2019, the university and UHS have agreed to negotiate an annual lease payment for the remaining 30 years of the lease. An annual lease payment to the university during the year ended June 30, 2014, totaled \$2,466,104.00.

The university recorded a lease payment receivable in the amount of \$34,463,856.38 at June 30, 2014, which represents

the net present value of the guaranteed \$50 million discounted at 5.75%. The minimum lease payments to be received amount has been adjusted upward to reflect a contractually required adjustment to the final required lease payment.

Table 18.1 As of June 30, 2014

Total minimum lease payments to be received	\$ 47,992,460.61
Less: Unearned income	(13,528,604.23)
Net investment in direct financing lease	<u>\$ 34,463,856.38</u>

CAPITAL LEASE OF REAL PROPERTY TO MEMPHIS MENTAL HEALTH INSTITUTE

On November 5, 2005, the university entered into a facility lease agreement with the Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) to provide a new building to house the Memphis Mental Health Institute. The building is a joint project of the university, Methodist Healthcare, the Shelby County Health Care Authority (The MED), the State of Tennessee, and Shelby County. This lease is classified as a direct financing lease. The guaranteed lease payments will be paid by TDMHSAS in semiannual payments through 2027.

The amount of the semiannual payments will equal the amount to retire the debt from the construction project and any other project costs incurred by the university in excess of the funds contributed by Methodist Healthcare and the MED. During the term of the lease, TDMHSAS will be responsible for all operational and maintenance costs associated with the facility.

The university recorded a lease payment receivable in the amount of \$12,663,283.64 at June 30, 2014:

Table 18.2 As of June 30, 2014

Total minimum lease payments to be received	\$ 16,732,495.48
Less: Unearned income	(4,069,211.84)
Net investment in direct financing lease	<u>\$ 12,663,283.64</u>

Table 18.3

Year Ended June 30	Minimum Lease Payments to be received	Interest	Principal
2015	\$ 1,358,740.88	\$ 566,846.85	\$ 791,894.03
2016	1,360,362.08	531,399.28	828,962.80
2017	1,362,051.36	494,292.40	867,758.96
2018	1,363,811.62	455,448.89	908,362.73

Note 20: On-Behalf Payments

During the year ended June 30, 2014, the State of Tennessee made payments of \$954,965.50 on behalf of the university for retirees participating in the Medicare Supplement Plan. The Medicare Supplement Plan is a postemployment benefit healthcare plan and is discussed further in Note 11. The plan is reported in the Tennessee Comprehensive Annual Financial Report (CAFR). That report is available on the state's website at www.tn.gov/finance/act/cafr.shtml.

Note 21: Component Unit – University of Chattanooga Foundation

The University of Chattanooga Foundation, Inc., is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements of this foundation have been reformatted into a GASB format and are reported in a separate column to the right of the university's statements.

The University of Chattanooga Foundation, Inc., is a legally separate, tax-exempt organization supporting the University of Tennessee at Chattanooga. The foundation acts primarily as a fund-raising organization to supplement the resources that are available to the university in support of the University of

Tennessee at Chattanooga. The 48-member board of trustees of the foundation is self-perpetuating and consists of friends of the University of Tennessee at Chattanooga. Although the university does not control the timing or amount of receipts from the foundation, the majority of resources, or income thereon, that the foundation holds and invests are restricted to the activities of the university by the donors. Because these restricted resources held by the foundation can only be used by, or for the benefit of, the University of Tennessee at Chattanooga, the foundation is considered a component unit of the university and is discretely presented in the university's financial statements.

During the year ended June 30, 2014, the foundation expended \$6,361,634.00 to or on behalf of the university for both restricted and unrestricted purposes. Complete financial statements for the foundation can be obtained from the University of Chattanooga Foundation, Development Office, Department 6806, 615 McCallie Avenue, Chattanooga, TN 37403-2598.

ORGANIZATION AND NATURE OF ACTIVITIES

The foundation is a tax exempt organization under the provisions of Section 509(a)(1) of the Internal Revenue Code, dedicated to supporting excellence in higher education through special projects for the University of Tennessee at Chattanooga. Proposals for special projects are submitted by the chancellor of the university and approved by the foundation's board of trustees and the University of Tennessee board of trustees.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements of the foundation include the accounts of the foundation and its subsidiaries, Campus Development Foundation, Inc. (CDFI) and CDFI Phase I, LLC

(the LLC). All material intercompany accounts and transactions have been eliminated in consolidation. The foundation and CDFI have fiscal years that end on June 30. The LLC's fiscal year ends on July 31 in order to reflect the operating cycle of collegiate student housing. The impact of any intervening transactions during the one-month period between fiscal year ends is not significant.

CDFI was formed by the foundation to engage in charitable, scientific, and educational projects within the meaning of Section 501 (c)(3) of the Internal Revenue Code. The projects include, but are not limited to, the acquisition of real property and the construction, management, and operation of dormitories for students of the university. The directors of CDFI are appointed by the executive committee of the foundation.

CDFI is the sole member of its subsidiary, the LLC. The LLC was formed to own and develop an elementary school in downtown Chattanooga and student housing at the university. The student housing consists of 1,697 bedrooms in 446 units and 666 parking spaces.

INVESTMENTS

A summary of foundation investments at June 30, 2014, is as follows:

Table 21.1

Mutual funds	\$ 58,916,447
Real estate	150,000
Limited partnerships	54,480,223
Other	10
Total	<u>\$113,546,680</u>

The foundation also has investments restricted by the terms of the revenue bonds described below, totaling \$11,920,088.

PROPERTY AND EQUIPMENT

A summary of foundation property and equipment at June 30, 2014, is as follows:

Table 21.2

Land	\$ 8,391,732
Buildings	76,994,169
Furniture, fixtures, and equipment	5,318,862
	<u>90,704,763</u>
Accumulated depreciation	(35,745,188)
Total	<u>\$ 54,959,575</u>

REVENUE BONDS PAYABLE

During May 2005, the Health, Educational, and Housing Facility Board of the City of Chattanooga issued two series of tax-exempt revenue refunding bonds totaling \$91,510,000. The LLC is the borrower on the bonds. The proceeds of the refunding bonds were primarily used to retire early the three series of tax-exempt revenue bonds issued in 2000 and 2001. The 2000 and 2001 bonds were used to acquire land, fund construction of the student housing, and develop an elementary school near the student housing.

Revenue bonds payable at June 30, 2014, consist of the following:

Table 21.3

Series 2005A revenue refunding bonds, interest rates fixed at 5.0% to 5.125% payable semi-annually, annual redemption payments due through October 1, 2035	\$ 59,420,000
Series 2005B revenue refunding bonds, interest rates fixed at 5.5% to 6.0% payable semi-annually, annual redemption payments due through October 1, 2035	19,050,000
	<u>78,470,000</u>
Less: unamortized discount	(1,299,129)
	<u>\$ 77,170,871</u>

Sinking fund requirements for scheduled redemptions of the revenue bonds for the next five years and thereafter are as follows:

Table 21.4

Year Ended	
June 30, 2015	\$ 1,990,000
June 30, 2016	2,090,000
June 30, 2017	2,200,000
June 30, 2018	2,310,000
June 30, 2019	2,430,000
Thereafter	67,450,000
	<u>\$ 78,470,000</u>

FAIR VALUE MEASUREMENTS

The foundation reports under FASB Accounting Standards Codification (ASC) Topic 820 which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and prescribes disclosures about fair value measurements.

FASB ASC Topic 820 requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the foundation has the ability to access.

Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect management's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The table below presents the recorded amount of assets and liabilities measured at fair value on a recurring basis:

Table 21.5 Assets and Liabilities Measured at Fair Value

	Balance as of June 30, 2014	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
ASSETS:				
Mutual funds	\$ 58,916,447	\$ 58,001,415	\$ 915,032	-
Guaranteed investment contracts	4,554,675	-	4,554,675	-
Real estate	150,000	-	150,000	-
Commercial paper	1,529,000	1,529,000	-	-
Treasury obligations fund	5,836,413	5,836,413	-	-
Limited partnerships	54,480,223	-	-	\$ 54,480,223
Other	10	10	-	-
Total assets	\$ 125,466,768	\$ 65,366,838	\$ 5,619,707	\$ 54,480,223
LIABILITIES:				
Deposits received for the benefit of others	\$ 3,927,007	\$ -	\$ 3,927,007	\$ -
Total liabilities	\$ 3,927,007	\$ -	\$ 3,927,007	\$ -

The table below presents additional information about assets measured at fair value on a recurring basis by reliance on Level 3 inputs to determine fair value.

Table 21.6 Limited Partnerships

Beginning balance	\$ 35,654,769
Total realized and unrealized gains and losses included in earnings	2,160,619
Purchases, sales, and other	16,664,835
Ending balance	\$ 54,480,223

ENDOWMENTS

The foundation's endowment consists of approximately 300 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the board of trustees to function as endowments. As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds, including funds designated by the board of trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law - The board of trustees of the foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment,

(b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund.
- (2) The purposes of the foundation and the donor-restricted endowment fund.
- (3) General economic conditions.
- (4) The possible effect of inflation and deflation.
- (5) The expected total return from income and the appreciation of investments.
- (6) Other resources of the foundation.
- (7) The investment policies of the foundation.

Endowment net assets by type of fund consist of the following at June 30, 2014. Due to GASB reformatting, temporarily restricted net assets are reported as expendable restricted net

position and permanently restricted net assets are reported as nonexpendable restricted net position on the statement of net position.

Table 21.7

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted funds	\$ (38,595)	\$ 1,524,981	\$ 57,406,351	\$ 58,892,737
Board-designated funds	57,618,637	-	-	57,618,637
	\$ 57,580,042	\$ 1,524,981	\$ 57,406,351	\$ 116,511,374

Changes in endowment net assets for the fiscal year ended June 30, 2014:

Table 21.8

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, beginning of year	\$ 52,206,696	\$ 1,593,421	\$ 49,248,411	\$ 103,048,528
Investment income(loss)	768,783	468,646	-	1,237,429
Net appreciation	7,135,529	-	7,620,334	14,755,863
Contributions	58,145	-	1,728,495	1,786,640
Appropriations	(2,244,906)	(2,060,672)	-	(4,305,578)
Transfers	(344,205)	1,523,586	(1,190,889)	(11,508)
Endowment net assets, end of year	\$ 57,580,042	\$ 1,524,981	\$ 57,406,351	\$ 116,511,374

At June 30, 2014, permanently restricted net assets consist of the portion of perpetual endowment funds that is required to be retained permanently either by explicit donor stipulation or by UPMIFA. Temporarily restricted net assets consist of the portion of perpetual endowment funds subject to a time restriction under UPMIFA. The temporarily restricted net assets also have purpose restrictions.

Funds with Deficiencies - From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires the foundation to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$38,595 as of June 30, 2014. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the board of trustees.

Return Objectives and Risk Parameters - The foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets.

Endowment assets include those assets of donor-restricted funds that the foundation must hold in perpetuity or for donor-specified periods as well as board-designated funds. Under this policy, as approved by the board of trustees, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the consumer price index while assuming a moderate level of investment risk. The foundation expects its endowment funds, over time, to provide an average annual rate of return of approximately 6 percent above the rate of inflation. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives - To satisfy its long-term rate-of-return objectives, the foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The foundation has a policy of appropriating for distribution each year 4.5 percent of each endowment fund's average balance for the last 12 quarters. In establishing this policy, the foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the foundation expects the current spending policy to allow its endowment to grow. This is consistent with the foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

RELATED PARTY TRANSACTIONS

CDFI, the LLC, and the university have executed a management agreement which allows the university to assume management responsibilities related to the LLC's student housing. The LLC paid management fees of \$200,000 to the university during the LLC's fiscal year ended July 31, 2014. As a matter of convenience, cash balances needed for student housing operations are held at the university, and operating expenses are paid from these funds. At June 30, 2014, deposits held at the university on behalf of the LLC were \$769,711.

During the year ended June 30, 2014, the foundation contributed property to CDFI consisting of a vacant lot with fair market value totaling \$120,300.

CONTINGENCIES

CDFI is involved in certain claims arising from normal business activities. Management believes that the financial position of CDFI will not be materially affected by the outcome of these proceedings.

Note 22: Component Unit – University of Tennessee Foundation

The University of Tennessee Foundation, Inc., is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements of this foundation have been reformatted into a GASB format and are reported in a separate column to the right of the university's statements.

The University of Tennessee Foundation is a legally separate, tax-exempt organization supporting the University of Tennessee. The foundation acts as a fund-raising organization to supplement the resources that are available to the university in support of its programs. The foundation has 13 active board members and two ex-officio members. The board of the foundation is self-perpetuating and consists of graduates and friends of the university. Although the university does not control the timing or amount of receipts from the foundation, the majority of resources, or income thereon, that the foundation holds and invests are restricted to the activities of the university by the donors. Because these restricted resources held by the foundation can only be used by, or for the benefit of, the university, the foundation is considered a component unit of the university and is discretely presented in the university's financial statements.

During the year ended June 30, 2014, the foundation expended \$45,237,484.25 to or on behalf of the university for both restricted and unrestricted purposes. Complete financial statements for the foundation can be obtained from the University of Tennessee Foundation, Suite 100, UT Conference Center Building, 600 Henley Street, Knoxville, TN 37996.

ORGANIZATION AND NATURE OF ACTIVITIES

The University of Tennessee Foundation, Inc., is a not-for-profit organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The foundation was formed to support the University of Tennessee. The foundation was established to provide fund raising support for the university in carrying out its mission of teaching, research, and public service. The foundation receives contributions from individuals, corporations, alumni, and other donors. The foundation also conducts the development and alumni affairs operations for the university. See also Note 17.

PLEDGES RECEIVABLE

Pledges receivable (reported as accounts, notes, and grants receivable on the statement of net position) are summarized below net of the allowance for doubtful accounts:

Table 22.1

	Temporarily Restricted	Permanently Restricted
Current pledges	\$ 7,321,819.41	\$ 3,909,328.00
Pledges due in one to five years	51,927,721.20	23,093,780.40
Pledges due after five years	9,838,320.40	7,611,470.40
	69,087,861.01	34,614,578.80
Less discounts to net present value	(1,912,585.90)	(1,523,424.62)
Total pledges receivable, net	\$ 67,175,275.11	\$ 33,091,154.18

The allowance for doubtful accounts at June 30, 2014, was \$665,655.40.

INVESTMENTS AND ASSETS HELD BY THE UNIVERSITY OF TENNESSEE

Investments held at June 30, 2014, were as follows:

Table 22.2

	Fair Value	Cost
Endowment assets held by the University of Tennessee		
Cash	\$ 466,515.64	\$ 466,515.64
U.S. equity	1,696,834.92	1,063,511.33
International equity	18,357,909.03	18,393,437.77
Fixed income	10,339,472.49	11,111,577.96
Alternative investments:		
Private equity	11,090,129.79	10,123,040.98
Natural resources	11,653,116.30	9,976,622.57
Real estate investments	1,897,887.97	1,215,784.01
Hedge funds	17,037,702.31	13,605,494.62
Total endowment assets held by University of Tennessee	72,539,568.45	65,955,984.88
Endowment assets held by the foundation		
Cash	11,273.74	11,273.74
Equities	1,169,418.15	1,005,996.55
Total endowment assets held by the foundation	1,180,691.89	1,017,270.29
Total endowment funds	73,720,260.34	66,973,255.17
Gift annuity program		
Cash	183,610.90	183,610.90
Equities	1,823,194.21	1,596,453.90
Fixed income	1,408,437.15	1,372,303.96
Total gift annuity program	3,415,242.26	3,152,368.76
Total investments	\$ 77,135,502.60	\$ 70,125,623.93

Also reported as investments on the statement of net position are other gift assets totaling \$2,480,988.00.

At June 30, 2014, the fair values of alternative investments are based on valuations for which a readily determinable fair value does not exist. These investments are not listed on national exchanges or over-the-counter markets, and quoted market prices are not available. The fair value of these investments is estimated based on a review of all available information provided by fund managers and general partners. These estimates are evaluated on a regular basis and are susceptible to revisions as more information becomes available.

ENDOWMENTS

The foundation's endowment funds consist of investments held by the university, investments held by the foundation, and permanently restricted unconditional promises to give. The majority of the foundation's invested endowment funds are invested in the University of Tennessee Consolidated Investment Pool. These funds are invested according to the policies of the university. A portion of the earnings from these funds are provided to the university to be used as stipulated in the endowment agreements. The cost and fair value for these endowments invested were \$65,955,986.87 and \$72,539,568.45, which resulted in a cumulative unrealized gain of \$6,583,581.58. One endowment with a fair value of \$1,180,691.89 is separately invested. All endowments at the foundation are donor restricted. Endowment earnings transferred to the university were \$2,375,658.13 for fiscal year 2014.

The foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result, the foundation classifies permanently restricted net assets as (1) the original value of gifts to the endowment, (2) the original value of subsequent gifts to the endowment, and (3) accumulations to the endowment made in accordance with the gift instrument until the endowment is vested in the university's Consolidated Investment Pool. Below is a schedule of endowments by fund type. Due to the GASB reformatting, temporarily restricted net assets are

reported as expendable restricted net position, and permanently restricted net assets are reported as nonexpendable restricted net position on the statement of net position.

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires the foundation to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. During the year, these deficiencies were covered by an increase in the market value of endowment funds.

The foundation uses the university's spending policy. The university calculates its spending policy by taking 4.5% of a three year fair value average each December 31.

The assets are to be managed in a manner that will meet the long-term investment objective, while at the same time attempting to limit the volatility in year-to-year spending.

The university's Investment Advisory Committee believes that investing in securities with higher return expectations outweighs their short-term volatility risk. As a result, the majority of assets will be invested in equity or equity-like securities. Fixed income securities and other low volatility strategies (e.g. absolute return hedge funds) will be used to lower the short-term volatility of the portfolio and to provide stability, especially during periods of negative equity markets. Cash is not a strategic asset of the portfolio, but is a residual to the investment process and used to meet short-term liquidity needs.

Disciplined management of the asset allocation is necessary and desirable. Diversification of investments among assets that are not similarly affected by economic, political, or social developments is highly desirable. The general policy shall be to diversify investments so as to provide a balance that will enhance total return, while avoiding undue risk concentrations in any single asset or investment category.

Table 22.3 Schedule of Endowments by Fund Type

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Beginning balance	\$ -	\$ 332,367.55	\$ 80,398,264.56	\$ 80,730,632.11

FAIR VALUE MEASUREMENTS

The foundation reports under FASB Accounting Standards Codification (ASC) Topic 820, which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and prescribes disclosures about fair value measurements.

FASB ASC Topic 820 requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the foundation has the ability to access.

Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect management's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The table below presents the recorded amount of assets measured at fair value on a recurring basis:

Table 22.5

	Level 1	Level 2	Level 3	Total
Investments	\$23,708,756.59	\$11,747,909.63	\$41,678,836.38	\$77,135,502.60

The table below presents additional information about assets measured at fair value on a recurring basis by reliance on Level 3 inputs to determine fair value.

Table 22.6

Beginning balance	\$ 30,744,250.35
Total realized and unrealized gains and losses included in earnings	10,310,156.62
Purchases, issuances, and settlements	624,429.41
Ending balance	\$ 41,678,836.38

MORTGAGE NOTE PAYABLE

The foundation was gifted property in Weakley and Obion counties in Tennessee. The property and its contents were appraised at \$376,000.00 with an attached mortgage note of \$259,330.41. The property will be used and overseen by the University of Tennessee at Martin. Payment on the note, which began in January 2006, is \$2,000.00 per month. The note has a 4.68% interest rate. The balance of the note payable at June 30, 2014, was \$132,805.74. Future maturities of this note are as follows:

Table 22.7 Year ended June 30

2015	\$ 18,171.17
2016	19,040.06
2017	19,950.50
2018	20,904.49
2019	21,904.08
2020-2021	32,835.44
Total	\$ 132,805.74

CONCENTRATION OF CREDIT RISK

The foundation has concentrated its credit risk for cash by maintaining deposits at a bank, which may at times exceed amounts covered by insurance provided by the U. S. Federal Deposit Insurance Corporation (FDIC). The foundation has not experienced any losses in this account and believes it is not exposed to any significant credit risk to cash.

Note 23: Component Unit – University of Tennessee Research Foundation

The University of Tennessee Research Foundation, Inc., is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements of this foundation have been reformatted into a GASB format and are reported in a separate column to the right of the university's statements.

The University of Tennessee Research Foundation is a legally separate, tax-exempt organization supporting the University of Tennessee. The foundation was created as the UT Research

Corporation (UTRC) in 1934 and incorporated in January 1935. The foundation's stated purpose is, in conjunction with the university, to grow the University of Tennessee research enterprise; harvest, manage, and market University of Tennessee intellectual property; encourage and support entrepreneurial education and ventures by faculty, staff, students, and commercial partners/affiliates of the University of Tennessee; and to contribute to the well being of the State of Tennessee through economic development. In April 2003, UTRC was renamed and reorganized to the University of Tennessee Research Foundation (UTRF). Roles were redefined and the scope was expanded to include a new emphasis on entrepreneurship and economic development for technology transfer activities. A new set of bylaws and board of directors were established. The foundation has 7 voting directors and 3 nonvoting directors. Because the university's board of trustees approves and funds the foundation's administrative budget, the foundation is considered fiscally dependent on the university, and there is a financial benefit/ burden relationship between the two entities. Therefore, the research foundation is considered a component unit of the university and is discretely presented in the university's financial statements.

Complete financial statements for the research foundation can be obtained from the University of Tennessee Research Foundation, Suite 211, UT Conference Center Building, 600 Henley Street, Knoxville, TN 37996-4122.

ORGANIZATION AND NATURE OF ACTIVITIES

The University of Tennessee Research Foundation, Inc., is a not-for-profit organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The foundation was formed to promote research and hold and manage the university's intellectual property. The foundation was established to protect, manage, and commercialize university inventions and intellectual property; grow the university research enterprise; develop and support an entrepreneurial culture; and contribute to state and regional economic development.

TennEra, LLC, (the subsidiary), a wholly owned subsidiary of the University of Tennessee Research Foundation, is in the business of developing and operating a pilot-scale biorefinery and state of the art research and development facility, in collaboration with DuPont Danisco Cellulosic Ethanol, LLC (DDCE), for cellulosic ethanol using non-food biomass feed stocks to prove the technology and commercial viability of producing cellulosic ethanol, primarily in the State of Tennessee. The project utilizes the University of Tennessee's expertise in cellulosic feedstock production and research, as well as its work with Tennessee farmers to develop the first dedicated cellulosic energy crop supply chain utilizing switchgrass. The subsidiary also promotes, supports, and carries out the commercialization of research outcomes and the transfer of research-generated products, ideas, processes, and other technology related to renewable energies to agricultural, commercial, and industrial enterprises.

TennEra LLC's financial statements include the activity of two subsidiaries, Genera Energy, Inc. and Genera Energy Crops,

LLC. TennEra, LLC, contracts with Genera Energy, Inc. for the overall management authority and responsibility to operate the Biomass Innovation Park and to complete TennEra, LLC's contractual obligations toward the University of Tennessee Research Foundation's State Biofuel Initiative.

The Center for Advanced Scientific Support and Engineering Technology (ASSET.TN) is also a wholly owned nonprofit subsidiary of the University of Tennessee Research Foundation. The management of the property, activities, and affairs of the ASSET.TN is vested in its board of directors. The board is composed of nine voting directors. As of June 30, 2014, ASSET.TN had total assets of \$305,549 and total revenues of \$210,560.

The Cherokee Farm Development Corporation (CFDC) is another wholly owned nonprofit subsidiary of the University of Tennessee Research Foundation. The management of the property, activities, and affairs of CFDC are vested in its board of directors. The board is composed of five voting directors. As of June 30, 2014, CFDC had total assets of \$144,689 and total revenue of \$578,801.

The Institute for Advanced Composites Manufacturing Innovation (IACMI), a non-profit subsidiary of the University of Tennessee Research Foundation, IACMI's sole corporate member, working with Oak Ridge National Laboratory (ORNL), was formed on August 1, 2014. The management of the property, activities, and affairs of IACMI will be vested in its board of directors. The board shall be composed of 13 voting directors, one of whom is a representative of UTRF, and another representing the University of Tennessee.

PRINCIPLES OF CONSOLIDATION

The foundation has entered into related agreements with the university and TennEra, LLC, whereby the foundation has undertaken to provide the subsidiary with working capital advances for its operational needs. The extent of the foundation's commitment is contingent upon its own ability to obtain additional funding from existing sources from which to make these advances. According to terms of the agreements, repayment of the operational funding by the subsidiary to the foundation is required only upon the occurrence of, and in preference to, other capital distributions. No interest accrues on the advances. Because the parties contemplate capital distributions only as the consequence of a general liquidation of the subsidiary, these advances have been treated as investments in the subsidiary on the books of the foundation and as equity capital on the books of the subsidiary. These amounts eliminate upon consolidation. The foundation's consolidated financial statements include the foundation's accounts and the accounts of its wholly owned subsidiaries. All intercompany balances and transactions were eliminated in consolidation, and the increase in net assets was reduced by the portion of earnings attributable to noncontrolling interests.

PROPERTY AND EQUIPMENT

Property and equipment consist of the following major classifications at June 30, 2014:

Table 23.1 Property and Equipment

Office furniture and equipment	\$ 182,472
Less accumulated depreciation	(128,968)
Total	53,504
TennEra	
Land	1,892,141
Buildings	40,065,041
Leasehold improvements	91,506
Machinery and equipment	26,406,542
Furniture and fixtures	353,458
Vehicles	175,438
Less accumulated depreciation	(14,178,493)
Total TennEra	54,805,633
Cherokee Farm	
Office furniture and equipment	1,739
Less accumulated depreciation	(448)
Total Cherokee Farm	1,291
Total	\$ 54,860,428

Depreciation expense for the foundation and its subsidiaries totaled \$3,746,629 for the year ended June 30, 2014. Intangible assets totaling \$32,990 are also reported as capital assets on the statement of net position.

UNEARNED REVENUE

Based on an agreement with DDCE, all unreimbursed costs incurred by DDCE on the construction of the pilot-scale biorefinery were recorded as unearned revenue. The total amount of unearned revenue is expected to be recognized over the life of a lease between the company and DDCE, by which DDCE will be granted the use of a portion of the biorefinery facility. As of June 30, 2010, the lease was to be for ten years with three possible five year extensions. Accordingly, revenue will be recognized over a period of twenty five years beginning January 28, 2010, the date which DDCE first occupied their portion of the facility. Unearned revenue in conjunction with this lease was \$18,547,315 at June 30, 2014. Revenue of \$901,084 was recognized in fiscal year 2014.

FAIR VALUE MEASUREMENTS

The foundation reports under FASB Accounting Standards Codification (ASC) Topic 820, which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and prescribes disclosures about fair value measurements.

FASB ASC Topic 820 requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the foundation has the ability to access.

Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect management's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies

The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares held by the foundation at June 30, 2014.

Marketable Equity Securities

The fair value of marketable equity securities is based on quoted prices times the number of the shares held by the foundation at June 30, 2014.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At June 30, 2014, the foundation had no liabilities carried at fair value subject to re-measurement on a recurring basis. The following table provides the assets carried at fair value measured on a recurring basis as of June 30, 2014:

Table 23.2 Assets at fair value

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,734	\$ -	\$ -	\$ 9,734
Marketable equity securities	145,964	-	-	145,964
Total	\$ 155,698	\$ -	\$ -	\$ 155,698

The foundation also has \$215,177 of investments (equity securities) for which there is no readily determinable market value. These investments are valued at cost, as management believes that any variance in valuation from historical cost would not be material to the operations of the foundation.

All qualified applicants will receive equal consideration for employment without regard to race, color, national origin, religion, sex, pregnancy, marital status, sexual orientation, gender identity, age, physical or mental disability, or covered veteran status. Eligibility and other terms and conditions of employment benefits at the University of Tennessee are governed by laws and regulations of the State of Tennessee, and this non-discrimination statement is intended to be consistent with those laws and regulations. In accordance with the requirements of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, The University of Tennessee affirmatively states that it does not discriminate on the basis of race, sex, or disability in its education programs and activities, and this policy extends to employment by the university. Inquiries and charges of violation of Title VI (race, color, national origin), Title IX (sex), Section 504 (disability), ADA (disability), Age Discrimination in Employment Act (age), sexual orientation, or veteran status should be directed to the Office of Equity and Diversity (OED), 1840 Melrose Avenue, Knoxville, TN 37996-3560, telephone 865- 974-2498 (V/TTY available) or 865-974-2440. Requests for accommodation of a disability should be directed to the ADA Coordinator at the Office of Equity and Diversity. PAN - E17-0145-002-15
