Subject: Delegation of State Partnership Agreement Template

David,

The UT Martin Education department has a need to process around 100 partnership agreements with local schools. These agreements are connected to a TN Department of Education requirement for all education preparatory programs for foster collaboration with schools.   We have developed the attached template whereby only the items in green highlight will change with each document. With your approval, we request that Donna Neblett and Staci Fuqua be authorized to sign the documents. Any changes to the prompts on the partnership agreements will require CBO approval before new agreements can be signed by Ms. Neblett and Ms. Fuqua.

Best,
Petra
