

Project Title	UTK University Commons Buildout (25/26) 540/009-XX-2025
Institution	UT Knoxville
Description	Planning for renovation of existing space to include a student recreation and fitness center, office space, and warehousing. The work will upgrade layout, building systems, finishes, and includes all related work to complete the project. This planning project will include work to be performed at the University Commons Building (2501 University Commons Way) to transform the former Walmart space into a student recreation and fitness center, office space, and warehousing. There will be indoor turf areas, climbing walls, outdoor equipment storage, multipurpose group fitness areas, student lounge, check-in desk, offices, a work room, waiting areas and two warehousing spaces. The project will upgrade lighting, fire alarm and sprinkler systems; modify mechanical, electrical and plumbing systems; perform selective demolition as required; provide furniture, network data and security systems; supply new fitness equipment and relocate select fitness equipment and workstations from TRECS. The University of Tennessee is in the process of preparing to lease this space. In order to help expedite the upcoming renovation this planning project will start the design process and possible procurement of long lead items needed for construction. Feasibility study has been completed for this scope of work and is available for review upon Designer awarded. Project Limitations: Requests for utility outages require a 14-day minimum advance notice. Access to mechanical, electrical, communication, and other utility spaces require coordination by UTK Facilities Services. Guidelines for work should comply with all UTK campus standards.
